MRS. S. A. LONG DEAD.

Mrs. S. A. Long, better known to all who have known her for so many years as Grandma Long, died very suddenly at her home just east of Murray last Saturday night. She was up and around during the day looking after her household work, and went over to Murray Saturday evening for her Sunday dinner groceries, and seemed to be feeling very well, only tired, and retired to her bed rather early. Being an early riser the relatives noticed that she was not up and around the home at a late hour Sunday morning, and immediately went to her room to find her dead, possibly dying in the earlier part of the night.

Mr. and Mrs. S. A. Long were among the earlier settlers of the county, coming here thirty-one years ago, from Indiana, living four years in Eight Mile Grove precinct, they moved to Murray where they have resided ever since. Mr. Long passed to his final reward ten years ago last April, and since that time Grandma has resided at the old home, her grandson, the son of Mr. and Mrs. Alvin Long, remaining with her nights. Her home has been in the house where she passed away for the past twenty-seven years.

The deceased was sixty-nine years of age last November. She leaves three daughters and one son to mourn her loss, as follows: Mrs. W. H. Stokes of Canada; Mrs. Addie Stokes of Union, Mrs. Annie Miller of Manley and Mrs. A. G. Long of Murray.

The funeral services were held at the home Wednesday afternoon at 2 o'clock, conducted by the Rev. Jackson of the Presbyterian church. While all present greatly enjoyed the reunion, there was regret at the necessary absence of one son, John, and his family of Scooby, Mont., and two sons-in-law with some of the members of their families, Rev. JOSEPHINE HALL SCULE HURT.

From Monday's Daily.

This morning Dr. and Mrs. J. H. Hall were notified of the injury of their daughter Mrs. M. M. Soule, being seriously injured in an auto accident last evening. Dr. Hall departed this afternoon for Omaha to see how serious the injury was. The following is what the Bee has to say regarding the accident:

Mrs. Soule, 1471 Pinkney street, wife of Monte M. Soule, secretary-treasurer of the F. S. Martin company, received a fractured skull when their automobile was struck by a street car at Eighteenth and Cuming streets. The accident happened about 7 o'clock Sunday night.

Mr. Soule, who was driving the car, received slight cuts about the head from flying glass. His father and mother, Mr. and Mrs. Maecena Soule, 1471 Pinkney street, escaped with slight bruises. The injured were taken to the Lister hospital, where they were attended by Dr. Vance. With the exception of Mrs. Soule all were able to return home.

The automobile was turning north on Eighteenth street when struck by a westbound car. E. B. Baty, conductor, was in charge of the street car, which was operated by Motor-man McBride. The auto was completely demolished.

Mr. Soule was unable to tell how the accident happened. He told police that he was following close behind another machine when he made the turn and that he did not see the street car until it struck him.

MAKES GOOD FIGHT AND WINS.

From Monday's Daily.

Some four months since, Mrs. A. G. Roman who then very sick, was taken to a hospital in Omaha, where she was compelled to undergo an operation. At the time she had been quite sick and was reduced in strength, and the operation which was a severe one, further reduced her strength so it was almost despair of that she would have sufficient strength to withstand the suffering and weakness which were attendant to the operation. With careful nursing, the best of medical attention and a mind determined on succeeding on returning to her home and family Mrs. Roman fought the disease, until at last she has conquered and last Saturday evening was able to return to her home and family. The family and her many friends stand ready to congratulate her in the heroic fight she has made for returning health, and rejoice with her in the fact that she is home again and on the highway to recovery.

And What It Means to You

We Have a Joint Interest in This Community

And We Wish to Join With You in Every Way to Promote the Community's Interests.

In a sense, this community is like a farm—it pays according to the way in which it is treated.

The successful farmer co-operates with his farm.

Knowing that certain soil elements are necessary to healthy crop growth, he sees to it that these elements are maintained.

The same principle holds good in community development.

Our community is composed of two closely related elements—town and country.

They are both essential to healthy community growth. Neglect or mistreatment of either of them by the other affects both—it injures the whole community. Both elements must be maintained.

Accomplishing this is simply a matter of sincere co-operation among all of us in this community.

Our idea of our own part to play for community good in a business way is—

To sell only such implements as have the quality to give high-grade results in the field.

To consider good performance by our implements as a part of our obligation.

To sell every implement at a fair price.

To practice the square deal towards each and every customer.

On this basis we invite the co-operation of every farmer in this community.
