### A NECESSITY FOR HEALTH.

A daily bowel movement is a necessity for health. In case of constipation the food remnants stay in the intestines 72-96 hours which leads to health impairment. Especially now in summer your bowels must be kept active. And they will be kept clean, if you will take Triner's American Elixir of Bitter Wine. This remedy acts wonderfully. You will be free from constipation, headaches, nervousness, general weakness, etc. At drug stores. Price, \$1.10. Triner's Antiputrin is an excellent antiseptic for general external use. Try it as gargle, mouth wash, for cleansing wounds, etc., 50c and \$1 at drug stores. By mail, 50c and \$1.15. For rheumatism, neuralgia, sprains, swellings, etc., Triner's liniment is the best remedy, 35c and 65c at drug stores, by mail 45c and 75c. Joseph Triner Co., 1333-1343 S. Ashland ave., Chicago, Ill.

## JAMES WALL DIES THIS MORNING

BORN IN INDIANA NEAR THREE QUARTERS CENTURY AGO, SUCCUMBS TO DISEASE.

### From Monday's Daily.

This morning at the home of his son, John Wall in this city, James J. Wall, after a sickness which has held him for a number of weeks, passed away at an early hour this morning. Mr. Wall was born in Indiana near the city of Burkett and lived there during his youth and early manhood and moved to Mondamin, Iowa, from there where he lived for a number of years and then removed to Hamburg, Iowa, living there for the past seven years, and only moving to this city less than a year ago. He with his son John Wall and daughter Mrs. Elmer Durham and families moved to Plattsmouth, where the younger men worked for the Burlington, being engaged with that company now. Mr. Wall lost his wife about twenty-seven years ago. He leaves two sons Chester Wall, of Hamburg, Iowa, and John Wall of this city, and Mrs. Elmer Durham of this city, all of whom were at his bedside when he passed away. The funeral will occur from the home of his daughter and son in South Park, and will be conducted by Rev. A. J. Hargett of the Christian church of which Mr. Wall is a member. The interment will be at Oak Hill cemetery. The funeral will occur at ten o'clock tomorrow Tuesday June 25th.

### INSTALLING ELECTRIC LIGHT

Adam Meisinger who lives near Cedar Creek, has just signed a contract for the installation of an electric light plant on his farm, and the electrician S. J. Reames is now at work installing the plant, which was purchased through Ivy Rosenthal. The plant will include the wiring of the house for electric lights and the barn as well, while the house will be equipped for handling the weekly wash with electricity.

### HAVE UNFURLED OLD GLORY.

From Monday's Daily.  
The employees of the lumber yard who are employed with W. F. Newland, got together and made up a purse, purchasing a flag for the lumber yard and have unfurled the same from the highest pinnacle of the lumber yard office. The flag is a beauty, six by ten feet in dimensions, and as it floats over the lumber yard is an object of much pride of the workmen in that division of the shops as well as all patriotic citizens.

### MOVING TO THIS CITY TO LIVE.

From Monday's Daily.  
This morning Mrs. Albert Pike, of Council Bluffs, arrived in the city and was met by Mr. Pike who has preceded his wife, and are moving to the place south of this city known as the S. M. Parker place. They will make this their home and will work in the Burlington shops besides cultivating the place, and this is adding another family to the city of Plattsmouth. The Journal with the citizens of Plattsmouth welcome them to our city.

### RETURNS FROM THE EAST.

From Tuesday's Daily.  
This morning J. E. Jones and wife with their two small children, returned from some four days visit in the east, where they went to the Great Lakes to spend the time with Mrs. Jones sons Aubrey and Marion Duxbury, who are there in training as members of the navy in the Radio Telegraph work. The boys are feeling well and are heavier than when they went to work at training. They are liking their work fine, and will be granted a furlough probably about the last of July or first of August, when they will come home for a ten days visit before they depart for Harvard University to complete the course in Radio Telegraph, which they think is fine, and it looks that way, as they will be able to talk over the seas, across continents, without any wire or anything.  
The boys are advising their friends to take up this course above anything else.

For croup or sore throat, use Dr. Thomas' Eclectic Oil. Two sizes, 30c and 60c. At all drug stores.

Rosey is going to Chase county again next Sunday evening. Get ready and go along. The trip will be a pleasant one and you might see something that will interest you. Make your reservations for the trip right now.

BUREAU NOTES

#### Spraying for Potato Beetles.

As soon as any of the bugs are seen, the plants should be sprayed with Paris green or arsenate of lead. The Paris green sometimes burns the foliage unless some stone-lime is added to it. Arsenate of lead is not strong a poison as Paris green and does not burn the foliage as much. The poisons should be made according to the following formulas:

**Paris Green.**  
Paris Green 1 ounce, Stone-lime 2 ounces, water 6 to 8 gallons.

**Arsenate of Lead**  
Arsenate of lead 8 ounces, Stone-lime 4 ounces, water 5 gallon.

Larger quantities of the poisons can be made if it is necessary.  
"The cucumber beetle is also giving considerable trouble at this time, and the only method of fighting them is persistent dusting of the plants with air slacked lime."  
Head Lice. Do not use blue ointment for head lice on chicks. Use common vaseline or lard. Never use a lousy hen for rearing chicks. Always dust the hen and grease the heads of the chicks when first placed in coops.

#### Worms.

Worms are commonly found in all poultry, large and small. In small numbers they do little harm. In large numbers they may be fatal. The infested animals show signs of indigestion accompanied with a watery condition of the bowels. The bird gets thin, altho the appetite may not change from normal.

Intestinal Worms. Intestinal worms from infested poultry may be plainly seen in the droppings. For treatment, prevent the spread by removing all droppings in reach of the birds. Spray with a disinfectant.  
Lime the infested yards and plow. Place the poultry on fresh ground. For individual treatment, give each bird one teaspoonful of turpentine and one tablespoonful of Epsom salts. For 100 birds, dissolve 5 lbs. of Epsom salts in warm water and mix in a wet mash.

#### The Red Mite.

Every poultry keeper must fight mites. They are carried by sparrows and in various other ways that cannot be controlled.  
Mites thrive in unclean houses, in the nests, on the floor, and in cracks and crevices about the roosts.  
Mites are first noticed in early summer hiding under and about the perches. When allowed to live and multiply they spread to all parts of the house. They attack the bird at night and live by sapping its blood. They often kill little chicks. They reduce egg production.  
Be on your guard. When you first notice the mites clean the house thoroughly and spray the nests, dropping boards, walls and perches with kerosene. It is a good plan to whitewash the entire house.
