### CASS CO. FARM

A Column Devoted to Local Farming Interest

### BUREAU NOTES

#### Thrashing Time Economy.

Farmers should rake with garden rake all waste wheat in field, keep the loose wheat and straw bundles up from around the feeders and not allow them to pile and waste.

The thrasherman or farmer should have a tarpaulin to place under the feeder and not allow one single kernel to go to waste. Save, Save, Save.

#### Thrasher Men's Meeting

Held at Weeping Water. Almost every man signed the pledge card to save all wheat possible. The price of thrashing was discussed, also best methods of getting the largest amount of the grain out of the straw.

#### To Cass County Newspaper Men.

I have been considering what I may do to make my newspaper publicity for the County Agent's work just as effective as possible, and have two ideas I would like to see worked out at this time.

Idea No. 1 is to suggest to you good newspaper men of the county that you put a single column, or double column boxed heading over the Farm Bureau Notes, similar in design to the one the Plattsmouth Journal got up of its own accord and for which it is deserving of special mention.

Idea No. 2 is to send out from time to time, in addition to my regular notes, head articles to be run somewhere in the paper apart from the notes.

These headed articles will not be given you every week and if you find that it is difficult to use them at times I will not expect you to strain too big a point to get them in, in addition to the Notes. I will try to get them up in a short, snappy way so that they will be read, in fact I am trying to write all of my stuff so that it will "get across" and appeal to the reader.

Now as I have indicated, I am striving to do all that I can to make the publicity from this office as effective as possible, and let me assure you that I will appreciate any suggestion you may make at any time. I certainly want to thank the

## A HARD FOUGHT BALL GAME.

MANY GOOD PLAYS. MANY ERRORS MAKES THE NINE INNINGS FOR VICTORS, OURS TO SPARE.

### MASON STRIKES OUT 17

Fair Sized Good Natured Crowd Enjoyed the Best Ball Game of the Season.

From Monday's Daily.

Yesterday afternoon at the ball park with the air just the finest with the spicy tang of the pine forest, and the ball players all on their mettle, the game was called at three thirty with the Union Outfitting Company, at the bat. The old time pitcher away, and W. H. Mason was called in from left field, the place where he has played so well, and Joe McCarthy placed over from center, while Lawrence Sprecher was placed in center, the game began with many fears for the boys with the crimson Sox. The first thing Mason did was to strike out three in regulation order, this he kept up for four innings, with one exception Pohn was put out on a fly, this making Mason for the first thirteen men up to bat eleven of them struck out. This looked good, well, too good to last, but during the game he made a record of seventeen strike outs. Sure he walked four of the men, some intentionally, Kring, Jesse and Lane, each got a hit from him, but this looks to us like a pretty good record. Just ten of the men who were up to strike, got to first, and there were thirty-seven of them, three of them made runs. Hoffman replaced Kiskey in the ninth inning, but was not benefitted. With us, we did not score the first two innings for Turner alone saw first. In the third inning, the three boys, and husky lads they are when it comes to playing ball, Grassman, Sprecher and Martin were to bat, and people were counting it would be one, two, three, but the lads fooled everybody for two runs were made, one by Grassman and one by Martin, while Sprecher was credited with the sacrifice for them. In the fourth inning made the run, Mason was tagged at the home plate, Gradoville, reached third, Sprecher second and Martin first, when McCarthy was fanned out. In the fifth Turner added a run, making four, Edwards was tagged at third, Mason and Gradoville were struck out. In the sixth Gradoville saw third, and Sprecher second, while Martin, Turner and McCarty went to grass. The seventh and eighth was fanning out most altogether, and the game was over. ### OFFICIAL BULLETIN NO 253.

The State headquarters at Lincoln have issued to the local boards and District boards the following bulletin relative to dependency, and which supersedes former order number 239. The following being order number B-1711.

"Instruct Local and District Boards that in considering claims for deferred classification on dependency grounds they will disregard income provided by the state or municipalities for the maintenance of dependents while the registrant upon whose labors these persons are dependant for support are in military service of the United States.—Crowder."

The following telegraphic order has been received from Provost Marshal general, and is known as Paragraph (f) Section 72 of the Draft Law. "No. 1732. It is reported to this office that in the reclassification of Registrants now in progress, some Local Boards are basing the dependency status of registrants on a finding of whether or not the parents or relatives of the registrant or his dependents are willing or able to provide for the dependents while the registrant is in the military service. Please call attention of all boards to paragraph (f), Section 72 S. S. R., which clearly means that the ability or the willingness of the parents-in-law of a registrant to provide for his dependents must not be considered. Please further instruct all boards that this rule must be adhered to.—Crowder."

To feel strong, have good appetite and digestion, sleep soundly and enjoy life, use Burdock Blood Bitters, the family system tonic. Price \$1.25.

### LATEST TIRE BULLETIN

Received at the Smith Garage, Agents for Cass County.

You can get General Tires at the old price until July 5th excepting 30x3 1/2 plain and 32x3 1/2 plain and cords.

A new list price is enclosed herewith and a supply of these imprinted with your name will go forward in a few days.

The U. S. government has taken over the supply of rubber and only allow rubber manufacturers seven-sixteenths of the amount of rubber they used last year. This forces them to cut their production accordingly.

In a short time you will find tires mighty hard to buy at any price.

You are getting the advantage of the unusually big purchase we made before the raise in prices April 22d. Many of our dealers have taken advantage of this opportunity and our stock, purchased at the old price, will soon be exhausted.

By buying at the old price you get high grade General Tires, guaranteed for 5,000 miles, at less than you would have to pay for cheaper tires guaranteed for 3,500 miles.

We are always at your service for good tires.

## CHANDLER SIX

Famous For Its Marvelous Motor

### Unusual Economy Without Sacrifice

THE Chandler Six has always been famous for its economy of operation—economy without the sacrifice of reserve power, without the sacrifice of roadability, without the sacrifice of beauty of design.

Thousands of Chandler owners all over America tell of gasoline mileage of fifteen to seventeen miles per gallon.

Tire mileage of seven thousand to nine thousand miles per set of tires is commonplace among Chandler owners.

Chandler owners and Chandler dealers say that the service upkeep of the Chandler car is much less than that of any other good cars which they have owned or sold.

The owner of a Chandler Six possesses a really great automobile—great not merely from the standpoint of economy of operation and maintenance, but, even more important, from the standpoint of mechanical excellence and daily performance.

The Chandler motor, designed and built in our own factory, distinguishes the Chandler chassis, marked throughout by its simplicity and sturdiness. The life, pick-up, get-away and endurance of this motor will astonish you quite as much as it pleases you.

Bodies of most attractive design and of unusual comfort are mounted on the Chandler chassis.
