OVER THE COUNTY

EAGLE Beacon

Mrs. Dan Wilson and daughter Merle are visiting relatives in Sac City, Ia., for about ten days. Lottie Renner, who has been making an extended visit with a sister at Union, returned to Eagle Sunday evening. Mrs. G. W. Peterson visited her daughter, Mrs. William Doran, three miles south of Walton from Monday till Wednesday. Mr. and Mrs. William Christopher and Mrs. Merl Lanning motored to Plattsmouth Sunday, returning Tuesday morning. Frank Lansing motored to Nebraska City on business last Friday and got caught in the rain. He returned on the train Saturday evening. At the labor celebration last Saturday practically every eligible man in Tipton precinct presented himself. A few were out of the county or had previously registered elsewhere, but 317 men took out their cards from this point. Sunday several young people from Eagle took their dinner and autoed to Crete. The trip and motoring on the Blue river was much enjoyed. Those who went were Nina Trunkenberg, Eva and Edith Pierson, Laura Vickers, Orin Lanning, Albert Frolich, Leon Reed and Milford Aze. Billy Pennington, a former resident of this vicinity, but for several years a rancher at Monte Vista, Colo., is here visiting old friends and lending aid in the harvest fields. He was surprised at the many evidences of improvement in Eagle, but like many others thinks it time to remove some of the old shacks on Main street and replace them with modern structures. Jacob, the seven-year-old son of High Weaver, had the misfortune last Saturday to have his face badly lacerated by a kick from a horse, at least it is supposed to have happened in that manner, though he says he fell down. No one seems to have witnessed the accident, but he was gone from the house only a few moments and was seen returning from where the horses were. Dr. Diel was called and an examination revealed several bones badly crushed. As assistance was necessary, the doctor took the lad in his auto to Lincoln, and with the assistance of Dr. McKennon soon had him fixed up in as good shape as could be.

LOUISVILLE Courier

Mrs. Roy Murphy of Sterling, Colo. is here visiting her sister, Mrs. Walter Johnson and family. Misses Mildred and Margaret Schlater, of Plattsmouth, visited their aunt, Mrs. William Osenkop and family this week. Rev. A. E. Wachtel, of Waverly, visited Louisville friends last Thursday. He was accompanied home by Miss Evelyn Jackman who remained for a week's visit with the Wachtel family. The little son of Mr. and Mrs. Clarence Ackles has been very ill this week suffering with the whooping cough which is more or less in prominence among the little folks of Louisville at present. Mrs. Leo Tighe writes to Manley friends that she arrived safely at the home of her husband, Lieutenant Tighe. He expects to be sent to some other assignment soon, but does not know where it will be. Mrs. Amos Keiser has returned home after a visit of several months with her daughter, Mrs. W. W. Long, and family of near Wapello, Iowa. On her way home, she stopped over in Plattsmouth to visit her sister, Mrs. Jennie Clement. James Stander has returned from a trip to Colorado, where he went to look after his extensive land interests. While in Burlington, he had the pleasure of a visit with the family of Henry Thiel, who live in that progressive and growing little city of about eleven hundred people. The many friends of Rev. and Mrs. J. M. Deleze, of Albany, Mo., will be pleased to learn of the arrival of a little son at their parsonage home, on June 24th, 1918. The little fellow must be a husky youngster as he tipped the scales at nine and one-half pounds. The Courier extends heartfelt congratulations. The Louisville Woman's club has adopted a little French boy whose father was killed in the war. His name was obtained through Mrs. Borgium of Omaha, who has charge of that branch of war activities. His mother is living. The club contributes \$3.00 per month towards the little fellow's support. He is six years old. Eimer Anderson left for Schenectady, New York, last Friday afternoon after spending his three weeks vacation with his parents, Mr. and Mrs. William Anderson in Louisville, and also with his sisters, Mrs. Earl Baum, at Prague and Mrs. C. W. Berge, at South Bend. Eimer is employed in a large manufacturing plant which has been turned over to government work exclusively for the manufacture of machinery for battleships. He is in the department for the testing of turbines.

WEEPING WATER

Mrs. Cleo Miller of York, arrived Saturday night for an extended visit with her sister, Mrs. Chas. Spohn and other relatives here. Mrs. George Allen of Clay Center visited from Saturday until Monday evening at the home of her half sister, Mrs. Frank Day. E. P. Buck has been hired as school janitor to succeed Frank Cappen whose eighth year as janitor ended July 1st. Mr. Buck begins his duties July 15. Mr. and Mrs. Wm. Dunn and family left Tuesday morning by auto for the ranch at La Bante, Wyoming, where they will spend the summer. The family were out there last year and like it fine. Miss Margaret Ross left Saturday morning for Georgia to spend the summer with relatives. She will also get to see her brother who is in a training camp in the south and expects to leave soon for France. Eugene Applegate of near Union is listed among the wounded soldier boys in France. This is not the first casualty among any of the Cass county soldier boys in France. Eugene enlisted in the Marines about a year ago. Mr. and Mrs. Harry Colbert are moving here this week from Lincoln where Harry has been attending Dental College and has finished the course and now holds the sheep skin that gives him the title of Dr. H. E. Colbert. On account of Harry's place on the draft list, he has not decided about a location so they have come here to await developments. Mrs. Frank Huft has been visiting for some time at the J. L. Kennedy home left Friday for Bay City, Michigan, where she will visit a brother until she can get some definite line-up on transportation to her home in Porto Rico. It will be remembered that Mrs. Hull had transportation on the Carolina that went to the bottom a few weeks ago. Ern Young bought the Mary Wolf home on the south side Tuesday and will move to town to school the children. Mrs. Wolf left this Thursday morning for Omaha, where she will make her home for a time with her son, Fred. It is with regret that we announce the moving away of Mrs. Wolf, but hope she may see nothing but happiness wherever her home may be. Dwain, the nine year old son of Mr. and Mrs. V. E. Smith met with a painful accident Monday night. As the car that had taken the family to the drill grounds stopped at the home Dwain jumped out onto a broken bottle cutting a large gash in the foot and severed an artery. Medical aid and assistance was summoned and the artery tied and the wound dressed. The boy showed the grit of a soldier while the operation was going on, but the great flow of blood caused much excitement with the family.

Cass County boys for Camp Funston last Wednesday had arrived there safe and were now located in Co. I 164th Depot Brigade. Clifton Clark and Robert Boddy went to Omaha last Friday morning where they took the examination to enlist in the army. Clifton was rejected owing to poor eyesight but expects to be able to pass in a short time. Robert passed a satisfactory examination and will enlist in the medical department in a short time. Clyde Lynn who had been at Fortress Monroe, Virginia taking a special course of training at the army training camp there, arrived home Sunday morning on a two weeks furlough. It looks very good to see him once more, not as the rookie he was when he left here but Second Lieutenant if you please. Viola May Sherwood was born in Otco County Oct. 8, 1872 died at Omaha, June 27th, 1918, aged 45 yrs. 8 months 19 days, deceased was the daughter of Mr. and Mrs. John Sherwood who preceded her to the other world. Nineteen years ago she was united in marriage to Harry M. Walker to this union one son George was born.

NEHAWKA News

Mr. and Mrs. E. E. Zimmerman and son, Reed of Omaha spent the week end at the home of Mr. and Mrs. Edwin Schumaker. Charles Stratton, of Lincoln was a guest at the Cunningham home here Wednesday. Miss Doris Vallery accompanied him to Eagle to spend the Fourth. The Booster Boys and their lady friends enjoyed an ice cream social at the home of Mr. and Mrs. John Knabe last Thursday night. About forty were present. Mrs. Robt. Dore went to Lincoln Wednesday, where she will join her husband in light house keeping for a month or two. Mr. Dore is employed as stewardman at the State Penitentiary. The following are patients in the Immanuel hospital in Omaha from Nehawka this week. Mrs. N. Opp, who went up last week, Mrs. E. C. Wiles, and Miss Grace Chappell. Word received from Cliff Trotter at Casper, Wyo., states that he left there June 25 for Camp Lewis, Washington. He and Victor Sturm are the only representatives from Nehawka at that camp so far. Mrs. Forest Cunningham visited her sister Florence Vallery at the Immanuel hospital in Omaha Tuesday. Miss Grace Chappell accompanied her, where she remained for treatment for her tonsils. Four 15 inch electric fans were installed last Friday in the Auditorium room for the comfort of the patrons of the place so that we can go to the moving picture show and be comfortable during a warm evening. S. P. Cresap and M. M. Vaughn of Nebraska City were Nehawka visitors Tuesday. Mr. Cresap is seeking the nomination for Congress from this district, on the democratic ticket and has the endorsement of all the good citizens of his county, regardless of political affiliations. Two Minnesota threshing separators were unloaded at this station Tuesday. Both machines have 24 inch cylinders. One is owned by Oren and Merritt Pollard and Stuart Rough and the other belongs to Wm. Troop, F. Davis, Wm. Countryman and Charley Troop. Miss Esther Larson and Crete Briggs were visitors in Omaha this morning, where they are looking after some business for the morning.

LOSSES LITTLE FINGER.

From Saturday's Daily. The evening before the Fourth, Addison Boedecker, while returning from the field to home from his work, was riding on a wagon, and in some way one of the lines, became wrapped around the little finger of the left hand, and catching on one of the wheels, pulled the line and hand through the hay rack, and stripped the flesh from the bone. Dr. Gilmour was called and was compelled to amputate the finger back to the hand.

HAS A BADLY MASHED THUMB.

From Saturday's Daily. Ed Wilcox, who is employed in the O. K. Garage for J. H. McVaken & Son, had the misfortune to get the thumb on his left hand mashed very severely, when he struck it with a large hammer, which he was working.

Finland Menaces Allies. Stockholm reports that Finland is expected to declare war on the entente allies. This probably the result of German pressure incident to the landing of allied forces at Kola, on the Murman coast. It has been reported that German and Finnish troops are pushing northward toward the port of Kola to seize vast stores transported there before Russia's collapse as a factor in the war. Two rumors of internal dissention have been current. One is to the effect that the death of Mohammed V., Sultan of Turkey, was not due to natural causes, but the result of a revolt in the country. The other comes from South Africa, where it is reported considerable unrest exists and where strong measures are being taken to cope with the situation.

GERMANS DRIVEN BACK AT HAMEL

Attempts to Retake Village Captured by Australians Easily Stopped; Big Guns Busy. The British front east of Amiens, on each side of the Avre and along the Somme river, seems to be the storm center of the battle front in France. Australians, assisted by the American detachments, on July 4, drove the Germans out of Hamel and the Vaire and Hamel woods, to the south at the same time launching a secondary attack on the German positions north of Somme. Since that time the lines before Amiens have been very active. The German have been repulsed in an attempt to retake the village of Hamel and the wooded positions further south. The British official report says the enemy was stopped easily but the Germans claim to have checked the British forces east of Hamel and to have thrown them back to the original lines at Villers Bretonneux.

HOME GUARDS LOOKING FINE.

From Saturday's Daily. The Home Guards in their new suits were most all in line last evening drilling at the ball park and made a splendid appearance, not only in their new clothes, but in the precision of the work which they were doing. They are gaining a proficiency in their movements and the pep which they are getting into their actions, which makes of them the real troops which they are. The members of the company are to be commended for the persistency with which they have kept at the drilling, and the steps they made towards perfection in the work.

AMERICA CONSTRUCTS 1,622 MERCHANTMEN IN LAST FISCAL YEAR

Washington, July 4.—Merchant vessels built in the United States during the fiscal year ended June 30 as officially returned to the bureau of navigation numbered 1,622 of 1,430,793 gross tons, giving America a merchant marine of about 10,000,000 gross tons. The output of the past four months 706,048 gross tons, almost equalled that of the preceding eight months and is greater than any previous annual output in the nation's history. The year's output is more than double the largest output of German shipyards in peace times.

Sam Henderson, who was a visitor here for the Fourth, and after going to Omaha, where he visited yesterday, passed through the city this morning for his home at Afton, Iowa.

ELMWOOD Leader-Echo

Many have gotten the shern idea and have put sheep on their lawns. They are noticeable in every part of town. Mr. and Mrs. Stohman and little son, of Manley visited over Sunday at the home of the latter's father, Henry Bragg. Miss Esther Kunz returned on Sunday from Sutton, Neb., where she visited several weeks with her sister, Mrs. Leavander and family. Mr. and Mrs. C. G. Bailey, Warren Hettie and Grandma Bailey visited with the Rosencrans family and friends at Plattsmouth on Sunday. A. C. Ferguson left the latter part of last week for Virginia where he will look at the land with a view of locating. He expects to be gone a week or so. Mrs. Wm. Osborn and two youngest children, of Peru, are visiting this summer in New York state with relatives and old friends. It has been 15 years since she has visited in this state and she naturally is having a fine time. Rollin Barnhart arrived on Tuesday from Ft. Leavenworth, Kas., to visit his Uncle and Aunt, Mr. and Mrs. L. B. Cunningham and his sister, Miss Pauline Barahart. He is in the bacteriological work. The Chautauqua dates have been set for from Aug. 27 to Sept. 1, 1918. This is the official notice. Let us make this Chautauqua as good as last year. There is much talent this year that you will like to hear. You can buy your season tickets now and help the association get things lined up. On last Sunday morning twin baby boys were born to Mr. and Mrs. Carl Rickett. They are fine little fellows and both they and the mother are doing nicely. Carl is as proud as can be and is stepping pretty high. The parents have the hearty congratulations of all because of this happy event. The editor and wife are rejoicing because of the arrival of a new son at their home on Tuesday, July 2nd, 1918. Little George William Jr., says that he likes his little brother all right but he makes an awful noise. So we are all satisfied with the young man and we know he will keep us good company for he has a dandy pair of lungs. We find it hard to say what we want to say, but we will let it go at this and accept the congratulations of our friends because of our happy good fortune.—A ten pound baby boy.
