"Keep the Home Fires Burning"

GOOD ROADS AND MOTOR SERVICE

Some Timely Suggestions by L. C. Sharpe of This City. Before a Recent Meeting of Omaha Chamber of Commerce.

From Thursday's Daily. At a recent meeting of the Chamber of Commerce of Omaha...

Our National highways and hundreds of thousands of miles of rural roads are in a dangerous predicament.

Upon these arteries of traffic there is being loaded an increased burden of war transport.

From every state in the union the appeal goes to Washington to define and adopt a federal highway system.

We are increasing and expanding every sinew of our national strength but our roads, if we don't do something for them pretty soon we will find ourselves wallowing through.

Why have we failed as highway builders when we are the best railway builders in the world, because we have been passing through an era of railroad building and it has ended before the era of permanent highway has quite arrived.

In five years the annual production of motor trucks jumped from 28,000 to 160,000 and over 400,000 are now in active service.

Within a year our truck transport has been called upon to take tens of thousands of tons of freight which the railroads could not handle.

Hundreds of trucks are plying between Philadelphia and New York endless trains of them are crossing Illinois, Ohio, Michigan, New York, Pennsylvania and Maryland and come over Nebraska, but our roads are not built to carry this traffic and it is marvelous that they carry any traffic at all and in fact do not for a too large percentage of the year.

Unfortunately we have never had a national highway policy or plan. We have handled roads on the patch-

work principle, and our states have handled highway problems blindfolded, with a shot gun system of spending money, millions have been tugged into the air and it fell here and there in small patches of road.

Food and supplies are dependent on free and easy transportation and the task cannot be put off, the money and materials are available, and the road builders say that they can get the labor without robbing the farmer and prison labor is being used successfully in a dozen states.

We must build immensely better roads than we ever built before, the fancy roads we have built before at a cost of thirty thousand dollars per mile and knocked full of holes in a few months of war can be no argument as to the problem now confronting our rural development.

We can build roads of concrete or concrete and brick that will last if we build them heavy enough.

We have two and a quarter millions of miles of important highway that must be improved before we can say that we have a highway system.

What if it does cost billions to make them right, no grander achievement can be conceived toward strengthening the nation or of greater benefit to our people.

WANTED TO SEE THE TOWN.

From Thursday's Daily. In the summer of 1864, G. S. Lane who was headed for the west, crossed the Missouri River at this place, and after having stopped here for three days, and during the time became acquainted with the firm of Tootle & Hanna.

After a short stop he continued on west and says that after he had gotten a few miles out from this place that he did not find another house until he had gotten to Ft. Kearney, the next place was Ft. Laramie, and there he did not find any place until he had gotten to Arizona. Mr. Lane is now living in Topeka, and having some business that called him to Omaha had a desire to come down to Plattsmouth, and see the town. He has good words to speak for the town, but said that it was very lilly.

LETTER FROM ROY HOLLY.

From Thursday's Daily. Wm. Holly has just received a letter from Roy Holly, which tells of the Cass county boys now being at a rest camp in England, and gives his impressions of that country, which does not compare with our own Nebraska.

NOW RESTS BE-SIDE HIS WIFE

YESTERDAY WAS HELD THE FUNERAL OF THE LATE AUGUST SPLITT, DIED TUESDAY.

From Friday's Daily. Yesterday afternoon at the St. Paul's Evangelical church was held the funeral over the remains of the late August Splitt sr., who died at the home of his daughter Mrs. Bell, south of this city last Tuesday.

A large number of his friends assembled to do him honor, and the little church where the funeral was held was well filled, when the last sad rites were celebrated. The funeral was conducted by Rev. J. H. Steger, and the interment made in Oak Hill cemetery.

WILL TRY TO FIND TRUE STATUS

From Thursday's Daily. The county of Cass, through the medium of the district court, and being pushed by County Attorney Cole, to determine the true status, of the matter regarding the automobiles which have been captured, from the "Blockade Runners" who were dealing in contraband goods, and what is known in other words the "Booze Cars".

IS NOW MAKING COMPILATION.

From Thursday's Daily. Mrs. W. H. Parker of Chicago is in the city for a few days coming to make some abstracts, of the condition and transfers of property which is held by the Burlington road, and had been so held in the past, and the amount of consideration, and other charges incident to the acquiring, and transfer, as well as the holding of said property, to fulfill a requirement of the government who is now in a sense operating the roads.

HAVE MADE IMPROVEMENTS.

From Thursday's Daily. Just lately the road on this side of the Platte River has been improved some, but the road just on the other side is in very bad condition. Mr. T. H. Pollock is taking the matter up with the Commissioners of Sarpy county with a view of getting them interested in a better condition. What will be the outcome of the matter is a conjecture. The people who are using the road are unanimous, in the one assertion that they are the limit.

WANT PERMANENT FARM WORK

From Thursday's Daily. James Coleman and son Harry, and Asa Brayton, all from Quincy, Michigan, arrived here in an automobile and are looking for work on a farm. They would accept a steady position or do harvest and threshing work, but eventually they desire to get on a farm where they can remain throughout the year. Mr. Coleman is above the draft age, while the others are below it.

TWO YEARS IN BED AND ROLLING CHAIR

MRS. WILSON GAVE UP HOPE—GAINS 25 POUNDS ON TANLAC—AND IS NOW A WELL WOMAN

"For two years I spent all my time either in the hospital, in bed, or in a rolling chair, and during that time I was given up to die, and I don't guess I would be here now if it hadn't been for Tanlac," said Mrs. E. O. Wilson.

"I was a great sufferer from chronic indigestion," continued Mrs. Wilson, "and don't guess anybody ever had to go through with what I did. I was very weak and nervous, and at times had those dreadful smothering sensations to the point of fainting. I had dreadful headaches, severe pains in my back and over my kidneys and my joints ached all the time.

"It looked like everything had failed to help me, and I had about given up all hope when one day my husband brought a bottle of Tanlac home with him and asked me to take it. He said he had been reading a lot of good things about it, and didn't see any reason why it shouldn't help me. I was confined to my rolling chair when I began taking it.

"Do I look like an invalid now? I certainly don't feel like one, and I have actually gained twenty-five (25) pounds on eleven bottles of Tanlac, and feel as well as I ever did in my life. I can eat anything I want, such things as meat, turpips, hard-boiled eggs don't hurt me a particle, and I sleep as good as I did when I was a girl in my teens. I can get about as well as anybody and just the other day I walked down town, and I am running around the neighborhood calling on my friends nearly all the time now. I haven't a pain about me. I believe I am the happiest woman in Atlanta, and I think I have a right to be. I think my recovery is almost a miracle, and everybody in our neighborhood thinks the same."

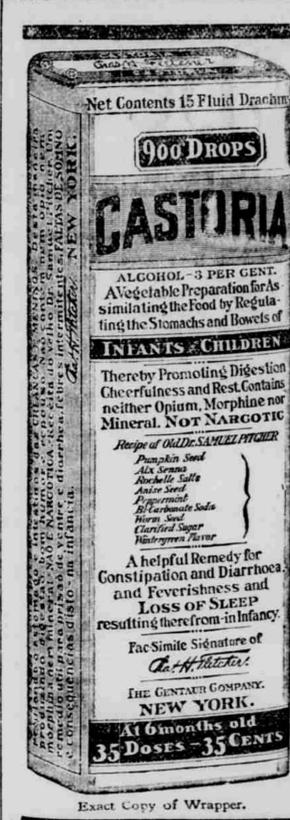

Tanlac is sold in Plattsmouth by F. G. Fricke & Co., in Alvo by Alvo Drug Co., in Avoca by O. E. Copes, in South Bend by E. Sturzenegger, in Greenwood by E. F. Smith, in Weeping Water by Meier Drug Co., and in Elmwood by L. A. Tyson.
