## WRITES INTERESTINGLY FROM FRANCE

ONE OF THE FORMER SUNDAY SCHOOL SCHOLARS WRITES EXPERIENCES IN EUROPE.

From Monday's Daily. We the reporter of this paper were in receipt of a letter yesterday, the written over a month since from the battlefield in France, by one of our friends and former Sunday School scholars, depicting his experiences in the army, and giving his impressions of what is happening there:

France, June 16th, 1918. Mrs. M. S. Briggs, Plattsmouth, Nebr., Dear Friend:-

Sunday morning. I am writing some this morning, and will drop you a few lines. There is not much to write about from here probably that will interest you. I am owing you a letter, and have many to write. The Plattsmouth boys who are here and all fine, and feeling dandy.

We can eat three times per day, with a hearty appetite, as we have much outdoor exercise, and this is a fine looking country, were it not so torn up with the war which devastates it, and can sleep at nights, when there is not too much noise, but the noise seems necessary and a portion of the struggle. We are just back from the front, a few days since, this making our fifth time to serve there, but with very small losses. We are now at a rest camp in a big timber, it is sure a very pretty place.

Our greatest friends in the trenches, are the rats which grow to the size of an ordinary cat. If you are easy with them they will come up and beg a portion of your stew. There are a few cooties, as well but a good dose of boiling water puts the 'kibash' to them (nuff said).

Well about France, it is nothing like we expected, the buildings are of stone, and many of the hundreds and thousands years old, and they look it too. There is only one thing which France beats the United States and that is roads, they are all paved with crushed rock, over the whole country and are kept in good repair, and make excellent roads over which to travel. In all other ways the United States are ahead of this or any other country in the world. The French sure are fine people, and will do any thing for the American soldier. Well I will ring off now. Answer soon, and we would like a roll of Plattsmouth Journals once in a while if it is not asking too much. Thanks in advance, as ever,

RALPH H. ALLEN, Co. I, 16th U. S. Inf. A. E. F.

### RETURNS TO THE SERVICE.

From Monday's Daily. This afternoon Joseph Reynolds, who has been here for some time on a furlough, visiting with his father and the rest of the family and friends departed this afternoon for his station in the Regular Army at Marfa, Texas. Joseph has been with the army some three years, and has served in the cavalry and signal corps. During the time spent in the army Mr. Reynolds has become a hardened and well trained soldier.

If you want to help win the war buy a Liberty Bond and do it today.

**Thresherman's U. S. Report.**  
Anyone threshing for himself or his neighbor must have a U. S. Report book and blanks and at the end of each month fill out one of these monthly blanks and return it to the County Agent's Office. If you have not received one of these notify County Agent.

**Black Walnut Logs.**  
If you have walnut logs notify county agent and he will help you secure the most for them. The government has let contracts to several firms for logs but wish the firms to pay reasonable for them. First class logs, from 12 inches to 24 inches in diameter are worth from \$70.00 to \$210.00 per thousand feet. Notify me of the amount you have.

**Late Garden.**  
Plant Detroit dark red or Egyptian beets, late cabbage, if plants can be secured, bunch beans will mature in 30 or 40 days.  
**Cut Weeds Before Seeds Mature.**  
Many weeds are propagated only by seeds. Weed seeds are produced in large numbers along roadsides, fence rows, and ditch banks, in vacant fields, and in waste places, and the seeds are scattered by the wind, water, birds and other agents. By cutting the weeds before the seeds are sufficiently matured to germinate an enormous amount of trouble and labor and loss could be avoided; but only the most progressive farmers do this.  
L. R. SNIPES,  
County Agent.

**ASK RE-OPENING OF BETTS CASE**  
From Tuesday's Daily. An order was filed this morning by the council of Mrs. Lena Betts asking a re-hearing of the case between her and husband, on the grounds that she had ascertained after the trial that a money order which Minnie Larson said she had sent from Denver, Colorado to Mrs. Lena Betts at Avoca, was never issued, and as she said that was important in the consideration of the case asked for a re-opening of the case.

**HAVE AN ELEGANT TIME.**  
From Wednesday's Daily. Yesterday the Methodist Sunday School held their annual picnic and outing at the Garfield Park, and was attended by a large number of people. A program which was fine, was given, and the children played games, and enjoyed the swings, and the association which the occasion provided. The refreshments were also a feature which all enjoyed to the full. All the children and they are included in all ages from the little tots to the eldest in the Bible class, were delighted with the splendid afternoon's entertainment. A few things were lost such as a hat or two and a parasol and the like, which were taken to the home of R. B. Hayes and wife and the owners can have the same by calling for them.

**TAKING AN OUTING BY AUTO.**  
Fred Ebinger and wife with their little son William, arrived last evening from Plainview, and are visiting for a few days here with friends, being the guests at the home of Mrs. Ebinger's mother, Mrs. Emma Weidman.  
In a short time they will depart via automobile, the way they are traveling, and will go from here to Camp Dodge, where they will visit with some of the boys who have gone there from Plainview. Mr. Ebinger's home town. After visiting there they will go to Minneapolis, and other points in Minnesota for an outing, before returning to their home in Nebraska.
