MRS. JAMES ROOT.

Harriet A. Root passed away after a long illness, at her home, 2910 Vine street, Lincoln, Nebraska, on July 21, 1918.

She was born October 13, 1840, in St. Joe, Indiana. She moved with her family in early life to Newago, Michigan, where she was later married to James Root, September 27, 1863. To this union was born four children: Martha M., Charles Franklin; Mary C. and Minnie L., all but Martha M. Faught still survive her. She united with the Christian church early in life and has remained a faithful member through all of her life. In the year 1869 she and her husband moved from the home in Michigan to Nebraska, establishing a home at Murray, Nebraska, where they lived until 1907 when they came to the home in Lincoln, 2910 Vine street, from which earthly home both she and her faithful Christian husband have moved into the eternal home. She lived in Nebraska forty-nine years. She was a faithful wife and mother and a friend ever true to those who ever came within the circle of her friendship. Since living in Lincoln she and her family have been well beloved fellow-workers in the East Lincoln church, where two of her children and several of her grandchildren are faithful members.

The funeral of Mrs. Root was held at the East Side Christian church, Lincoln, Tuesday, July 23d at 4:00 p. m. The services were conducted by the pastor, J. W. Hilton, assisted by W. P. Aylsworth, of Bethany.

The songs were sung by Mrs. Edna Hilton Stone, with violin obligato by Chas. W. Huyck. A number of the nutes, friends of the deceased, sang "Nearer My God to Thee" in the mute language, which was very impressive. The sermon was interpreted to them by Miss Kroecker, of College View. The floral offerings were beautiful.

The remains were laid away beside the husband, James Root, in Wyuka cemetery. "Gentle mother, loving mother, sainted mother, kind and true, resting now in peace with Jesus. Loving hearts remember you."

FARMERS URGED TO EXHIBIT AT STATE FAIR

An Exhibit From the County Also Desired.

We are in receipt of a bulletin from the Nebraska State Board of Agriculture requesting that farmers of the county plan to make exhibits of their best products at the Nebraska State Fair which opens at Lincoln, September 1, and that work be undertaken by some county organizations in assembling products for a county collective exhibit of farm products.

A campaign is being conducted, it is stated, to secure for the State Fair the finest agricultural exhibits that the state can produce. The Fair this year is to be made a powerful stimulus to increased food production. The best that Nebraska can raise and in bigger variety than ever before, is the order. Such exhibits will afford farmers a better means of study of these food products, they will be the means of interesting more people and in developing a heightened enthusiasm in this most necessary work. Nebraska, for years, has had a farm products exhibit unequalled by any fair in the country, but the plan is to this year outdo all former exhibits.

Live stock exhibits will be given the same encouragement as the farm products. Each year shows improvement over the preceding year in this department and the coming year, it is proposed shall show a great increase in size. Let all breeders of high class stock write to the Nebraska State Fair, if they have not already done so, and secure a premium list of the Fair and entry blanks. Full information will be given upon request.
