EXCEPTIONAL MACHINERY DISPLAYS AT STATE FAIR.

It is announced by the Nebraska State Board of Agriculture that over 100 per cent more firms manufacturing agricultural machinery have secured space for exhibiting at the 1918 State Fair than was true at this time last year. This will be of great interest to the farmers of the state who more and more are being compelled to replace shortened man power with machinery.

The State Fair, which opens September 1st, is this year dedicated to a policy of "helping win the war by producing more food." It is very much in keeping that an unusual exhibit of agricultural machinery should be shown. If ever there were need of improved and efficient machinery with which to do the work of the boys who have been taken from the fields it is this year and it should be the duty of every farmer or wherever possible to see the State Fair machinery exhibit, talk with the representatives and secure full information regarding the possibilities of the various kinds of machines and implements. There are further drafts to come and labor will be even shorter than at present. The wise farmer will be looking ahead and planning to meet the situation. He should by no means fail to not only see, but study carefully the exhibits to be found on the Machinery Grounds at the State Fair. To do so will be an education in itself.

OMAHA WOMAN SAYS SHE CANNOT FIND WORDS TO EXPRESS HER GRATITUDE FOR TANLAC

Mrs. Lillie O'Riley, who resides at 4723 South Twenty-fourth Street, Omaha, is still another whose deep sense of gratitude and desire to benefit others will not permit her to remain silent regarding the remarkable results she has obtained from the use of Tanlac. Mrs. O'Riley is the wife of F. W. O'Riley, manager of the Adams Express in South Omaha, and their many friends will be glad to learn of her recovery. "I cannot find words," said Mrs. O'Riley, "to express the gratitude I really feel for what Tanlac has done for me. I had been almost an invalid for so long that I had about lost hopes of ever getting well. My stomach was in such a bad condition that I could hardly eat anything, and I suffered from indigestion and nervousness all the time. My feet were so affected with rheumatism, that I couldn't walk for a long time. I also had it in both elbows so bad that I could hardly move my arms, and my back hurt me so bad I could scarcely bend over. I was confined to the house nearly all the time and while I tried everything I could think of nothing seemed to do me any good.

"That Tanlac has relieved me of

all these troubles, tells the whole story of what a wonderful thing it has been for me. In fact, it has made me feel like a new woman. I don't have any more pains of any kind, and am feeling just fine. My appetite picked up almost as soon as I began taking it, and now it seems I just can't eat enough without making a pig of myself, and everything I eat agrees with me perfectly. I can get about splendidly and my strength has increased until I can do all my housework. I can lay down early at night and sleep like a log until morning and my nerves are as steady as a clock. I have taken only three bottles of Tanlac so far, but I have gained several pounds in weight already and I feel that I have a new lease on life. I will praise Tanlac the longest day I live, and I'm more than glad to tell anyone how it brought me out and restored my health."

Tanlac is sold in Platts-mouth by F. G. Fricke & Co., in Alvo by Alvo Drug Co., in Avoca by O. E. Copps, in South Bend by E. Sturzenegger, in Greenwood by E. F. Smith, in Weeping Water by Meier Drug Co., and in Elmwood by L. A. Tyson.
