

## TWO QUOTAS OF BOYS DEPART

AN EVEN HALF DOZEN GO TO KANSAS CITY WHILE SIX ARE SENT TO LINCOLN.

### WILL TAKE SPECIAL TRAINING

At Each Place.—The Crowd For K. C. For Auto Only.—Number Of Trades At Lincoln.

From Thursday's Daily.  
Today witnessed the departure of twelve more of the young men of this county to the training camps, where they are to receive special training for service with the government in the present war. There were six each of the School at Kansas City and for the various industries which the government require in the army at Lincoln. Those which departed this morning for Kansas City and went over the Missouri Pacific and are composed as follows: John Weber, Carl Droege, Elwood Buttery and Henry Roman all of this city and Clarence Heebner of Nehawka, and Mearle Lanning of Eagle. In the afternoon the boys who departed for Lincoln were: Frank Turner Marshall, Plattsmouth; James E. Jordan, Plattsmouth; Earl A. Mayfield, Louisville, Harvey E. Kniss and Clyde Ralph Kennedy of Murray and James E. Shreve of Elmwood. The men who go to Lincoln will cover a number of different trades while those to Kansas City will only cover the one of auto mechanics.

**At the Missouri Pacific.**  
A large crowd gathered to see the six boys depart who go to the school at Kansas City, where they are to study auto mechanics, under the government for service in the war. Friends of the boys waved good-byes as the train pulled away, and there was somewhat of feeling exhibited as the partings were given. The boys besides serving their country will be acquiring a good knowledge of the automobile business.

**Go via the Burlington.**  
At three twenty this afternoon just as we are going to press, the boys departed for Lincoln, and were greeted by a large crowd of people at the Burlington station on their departure all wishing them the good-byes and good success, and added interest to the parting, which was not coupled with the marked sadness of some on account of the realization that they were near here when they can come home and see their friends a number of times probably before their real departure.

### MARRIED AT THE CHURCH.

From Saturday's Daily.  
Last evening Harold H. Beal and Miss Harriet E. Hallas, securing a marriage license quietly proceeded to the Holy Rosary church where they were united in marriage by the Rev. J. Vleck, in the presence of but a few friends. They departed but a little while later for a trip, and will be away for a short time, after which they will make their home in this city. The bride is the daughter of Mr. and Mrs. Joseph Hallas, and is a very estimable young lady, having graduated from the Plattsmouth High school, and has a host of friends in and about this city. Harry Beal is one of the excellent young men of this city, an employe of the Burlington in the capacity of a switchman. Both the bride and groom are excellent young people having many admiring friends with whom the Journal joins in extending congratulations and best wishes for the happiness and prosperity in this life.

### VOLUNTARY REGISTRARS.

From Saturday's Daily.  
"In preparation for the contemplated extension of draft ages, Governor Keith Neville has issued a bulletin to all local boards requesting them to secure the services of voluntary registrars in every voting precinct in the State. Nebraska has achieved a very enviable record in the administration of the selective service law. Nebraskans have given freely of their time in the transac-

tion of this work. In the 1917 registration, volunteer registrars were secured for the past majority of counties. In Omaha, 400 registrars volunteered their services. The registration in that city of 20,000 men cost the federal government only \$9.45. The record attained in some of the rural districts of Nebraska has been equally as good and in some cases, better. The 1918 registration was handled with no expense to the federal government.

It is Governor Neville's desire that the titanic task of conducting the proposed new registration be accomplished with as little expense to the government as possible. He is, consequently, calling upon patriotic Nebraskans to communicate with the Local Board having jurisdiction over their territory, offering their services on registration day."

### HAD GREAT TIME IN THE WEST

From Saturday's Daily.  
Mr. and Mrs. C. A. Rawls returned last evening from a ten days trip in the great northwest, where they stayed at Lewistown, Mont., and it is great, one could almost see the greatness in their description of the places there. Last Tuesday you will remember how hot it was here, they had a good soaking frost there. How it would have seemed here to have ran out and see the ground and out door things all covered with frost. They found the boys and their families all well and enjoying life to the full. The air had that crispness which comes to this climate in the fall "When the frost is on the pumpkin, and the fodder's in the shock," that makes life there worth the living. Glen expects to go to the army about the fifteenth of September, while Joe will enlist as soon as the opportunity presents itself. Noel cannot go on account of his feet, though much he would like to enter the service. Mr. Rawls and wife were pleased to get back home after their trip in the west where they spent the time at Lewistown, Mont.

### WILL ENDEAVOR TO SEE THEIR SON

From Saturday's Daily.  
Last evening C. Walforth, wife and daughter Miss Emma departed for Kansas City, where they will secure rooms in the neighborhood of the Union station there, and will await until the soldiers from Camp Cody arrive on their way to Camp Merritt, N. J., where it is supposed they will go in the near future. Those who formerly departed from Camp Cody for the foreign field, passed through Kansas City, and were allowed to stop at that place for two hours. Carl Walforth who has been at Cody for a year, is expected to be among the soldiers, and it is their intention to get to see their son and brother when he passes through if possible. They will have to watch every train but the reward of seeing him, will be worth the trouble. We hope they will be successful.

### BROTHER HAS BIG LOSS.

From Saturday's Daily.  
A fire a few days since at Creston, Iowa, in a garage, which not only consumed the place but the one next to it, entailing an entire loss with the exception of two books for a man named Mose Hurst, a brother of Mrs. Ben Hankinson of this city. Mr. Hurst's loss was something over \$6,000.00.

### BEN BECKMAN LITTLE BETTER.

From Saturday's Daily.  
A. T. Willum, and R. U. Willums formerly living near Murray, but for the past twenty-years making their home at Norfolk, arrived in the city this morning coming to visit with Jacob and Con Bengler, and to visit also with Uncle Ben Beckman, who has been very sick but who is reported better at this time.

### The Joy of Living.

To enjoy life we must have good health. No one can reasonably hope to get much real pleasure out of life when his bowels are clogged a good share of the time and the poisons that should be expelled are absorbed into the system, producing headache and indigestion. A few doses of Chamberlain's Tablets will move the bowels, strengthen the digestion and give you a chance to realize the real joy of living. Try it.

## EDDIE C. RIPPLE, JR., DIES IN FRANCE

Forms Squad Here Who Join Rainbow Division at Glenwood, Ia., Last Year.

### ALSO WOUNDED THIS SPRING

He Had Returned to His Company but a Short Time Before His Death—Was Expert Rifleman.

From Thursday's Daily.  
A few days since the wires flashed over the continent, and under the ocean, the tidings of the death of Edward C. Ripple, Jr., of this city, a royal good fellow and a friend and favorite of all. Eddie Ripple was killed in battle on the western front, and died fighting, doing what he could for the country he loved, and for which he was living.

Eddie Ripple was the leader of the eight boys who went from here to Glenwood where they joined the colors last year.

Edward C. Ripple was born on the first day of May, 1894, at Louisville, Nebr., this county, and was a product of Cass county, and was killed in action in France, July 28th, 1918. He was twenty-four years, two

months and eighteen days old, and was the only child of his father, Edward Ripple, of this city, although he has a half-brother and a half-sister, Mrs. May Odell Lee of Ford, Kansas, and Frank Cheval, of this city. Eddie, as he was known, with his parents, went to Oklahoma, in 1906 when he was twelve years old. There he became acquainted with Earl Murray, they becoming as brothers, attached to each other with a friendship that lasted through life. Early in the spring of 1913 the Ripple family moved to Plattsmouth, where Eddie engaged in work in the Burlington shops, where he continued to work until his enlistment which was April 9th, 1917.

While working in the Burlington shops, he went with the seven other boys from here to Glenwood, Iowa, where he enlisted in the service of his country, having interested all the other young men in the great cause. Those to enlist were Edward Ripple, Earl L. Murray, Ralph Lair, Hugh Kearns, Tex. Wilson, George Kearns, Ralph Allen and William Huffman, making eight in all. These young men have remained together during all the time, have not been separ-

ated so but they could communicate during the entire time. Mr. Ripple and Earl Murray have been bunk mates in the camps ever since arriving on the soil of France.

In joining the Iowa National Guards they became members of the 3d Iowa Regiment, but they were taken over into the National Army, and they became members of the 168th U. S. Infantry, and of the Famous Rainbow Division, which has done so much of the hard fighting in France on the western front. In Earl L. Murray Mr. Ripple formed a fast friendship, like that of "Jonathan and David," they were not separated, except during the time when Mr. Ripple was in the hospital during the period after his wound in the spring, and Earl had to be on the fighting line. The wound Eddie received was an injury to one of his legs from a Shrapnel, from which he had just recovered when he went back to the front. While he was not much of a shot at the time of his enlistment, he soon picked up the art of marksmanship, and became an expert rifleman, and was considered one of the best long distance shots in the service. He was employed to pick snipers out of faraway posts, where the were harassing the allied line.

### The Message.

The message announcing the death was received at five o'clock last Saturday evening, August 10th, and reads as follows:

Washington, D. C., Aug. 10.  
Edward C. Ripple, Jr., Plattsmouth, Neb.

Regret to inform you that Private Edward C. Ripple, Jr., Infantry, is officially reported as killed in action July twenty-eighth.

McCain, Adjutant General.  
It was only a week since letters came telling of the doings of the lads in France, and in that arrival of mail there were five from Eddie, to his parents and friends, all telling of good spirits and encouragement, also of the times which they were having, and carrying with them an air optimism. He also told of the times when they would return to their native land in the near future, all of which was followed by the sad news of his death.

Eddie Ripple has received a decoration for being over seas for over six months, and also for having gone over the top six times, which looks to us like an excellent record.

### Card of Thanks.

We wish to thank the many kind friends for the numerous expressions of sympathy, for the many kind words, in this our hour of bereavement, in the loss of our darling son, who gave his life for others both at home and in France.

MR. ANR MRS EDWARD C. RIPPLE, SR.

### HOLD YOUR LIBERTY BONDS.

From Saturday's Daily.  
Lincoln, Neb., Aug. 13, 1918.  
Mr. C. C. Wescott, Plattsmouth, Nebr., Dear Mr. Chairman:

It has been brought to our attention that a great deal of traffic is being carried on in Liberty Bonds; that stock selling corporations are accepting them in exchange for stock certificates and that merchants and others are receiving Liberty Bonds in exchange for merchandise. This practice should be promptly discouraged and it should be made quite clear that commercial organizations encouraging this practice and individuals accepting it will, if they continue, expose themselves to undesirable publicity.

It should be the duty of the County Councils of Defense to give the widest circulation to this request and where there does not seem to be a willingness to comply, they should take such action as the circumstances warrant and whenever the cooperation or assistance of the State body is desired, it will be promptly given.

Very truly yours,  
ROBT. M. JOYCE,  
Bulletin No. 125. Chairman.

Miss Mathilda Soennichsen is spending her two weeks vacation visiting friends and attending to some business matters in Chicago.

### THOUGHT IT WAS AN AIRSHIP.

From Saturday's Daily.  
Fred Range, V. T. Arn and Dick Young are responsible for a story regarding an airship which they thought was passing over this city the other night. Doc saw something which he thought was an airship, and in the dim and insufficient light, he was puzzled. Still thinking that it was such a ship it would be better to get into connection with the Home Guards, and so notified Private V. T. Arn, who responded instantly, and with a clearer vision he soon discovered the thing which had puzzled 'Doc' Young was the American flag floating from the Wagner Hotel.

### Mrs. Burns' Letter.

Here is a letter that is certain to prove of interest to people in this vicinity, as cases of this sort occur in almost every neighborhood, and people should know what to do in like circumstances:

Savannah, Mo., Oct. 12, 1916.  
"I used a bottle of Chamberlain's Colic and Diarrhoea Remedy about nine years ago and it cured me of flux (dysentery). I had another attack of the same complaint some three or four years ago and a few doses of this remedy cured me. I have recommended Chamberlain's Colic and Diarrhoea Remedy to dozens of people since I first used it."

From Saturday's Daily.  
Chief of Police Barclay is after the violators of the law, and ordinances regarding the negligence regarding the lights on their cars, and the non-compliance to that law which forbids speeding. The other night a car shot across the street, without any notification, and the chief was after him in an instant. You who have been in the habit of scooting at an unmeasured pace, better temper your gait and save trouble.
