## TO HOLD PATRIOT-IC CELEBRATION

THE CITY COUNCIL INAUGURATED A MOVEMENT LOOKING TOWARD SCELEBRATING.

### GEN. PERSHING'S BIRTHDAY

Which Falls on Sept. 13th, and is Being Observed All Over the Country.

From Wednesday's Daily.

Monday evening at the meeting of the city council Mayor Schneider brought up the matter of this city getting in line with the others and cities of like size and celebrate as is befitting the birthday of General John J. Pershing, which occurs on September 13th. The matter was discussed at length, when George Luschnisky offered a motion which was seconded by a number at the same time, empowering the Mayor to appoint a committee of which he should be chairman, for the purpose of perfecting arrangements for the proper celebrating of the day, and making it a patriotic occasion, as was the day when the honor flags were raised on the court house and the city hall. The idea is to have some noted speakers, and all the civic orders participate, as well, the Home Guards to take the principle place in the celebration. But few people know the ability and worth of General Pershing or with what exactness he looks after the boys who are under him. Nor necessarily personally, but he sees to it that all are treated just the best possible, and has everything in hand in that which will make it possible to reach each case of mistreatment by the rules and his usages which he has for the general good. In honoring this man who is a Nebraskan, we are showing our faith to all the boys over there and Nebraska as every other state have many there. We are Americans, and as Pershing is also a red blooded American, and with the boys who are also red blooded Americans, we can do nothing less than honor the man who is fighting for the liberty of the world. Mr. Schneider will announce the committee, and a place and date for their meeting at an early period, when we all can get a hustle on us and make this one of the great days which will bring to the minds of the people the cause for which we are fighting and our part in this struggle for the good of humanity.

#### SEEKS TO JOIN THE REGULAR ARMY

From Wednesday's Daily.

James Blaha departed this morning for Omaha, where he will endeavor to enlist in the Regular Army. He has been desiring to go to the service but on account of their large family, the wife has not been in favor of his joining, thinking that there were plenty that were more favorably situated than he, and that it was not necessary for him to enlist. But yesterday when talking the matter over she said if Mr. Blaha desired, for him to go and enlist. This morning he goes to Omaha to take the examination, which he expects to pass, but in case he is not able he will join the Czech-Slovak army, where he is certain he can enter, but prefers to join the American forces.
