Well, I will drop you a line to let you know that I have been given the position of fireman, and am in the "out going" detention camp, and

expect to leave for sea any time now.

I came over here this morning and may leave tomorrow, I do not know, but we won't be here long, but three or four days at most. I do not know where we will go or when. I do not know whether we will get to see Father and Clara or not, as we are in detention camp and have no liberty. I do not like this place as well as where I was but can stand it until we go.

We made rapid work in making the change, was transferred one day, took examination the next, and out the third day. Take care of yourself, mother, and there will be no use in writing until you hear from me again. Well good-bye for now, as ever your son. ROY.

HUSBAND HERE YEARS BEFORE

Remembers Many Incidents In Early Life In This City And Its People.

He was buried at the Forest Lawn cemetery in Omaha. Mrs. Golding and husband were active in the social events of the early days, both being members of the Odd Fellows lodge, she a member of the Rebecca degree. They were in business for many years, and built the business room where the Variety store is now. Some years since Mrs. Golding from a fall broke her hip, which has kept this good lady in the home since, she is still very cheerful.

MISS ADAMS OF ST. PAUL.

The mother and little lady are getting along in the best of condition, while Max Adams the father and Will T. Adams the grand father are expected to pull through with careful nursing.

Are you already for Chase county Sunday evening? We are going again Sunday evening, and would like to have you go along. There is some good land for sale in this county at the right price. See W. E. Rosencrans about the trip.

HE SURE WAS A TICKLED MAN.

Yesterday David B. Ebersole, imparted to us the information that a stork had come to the home of A. B. Zimmerman, and family at Omaha and left them a little boy for their very own. The mother and son are doing nicely, and the father is very happy. We do not think though that the father is rejoicing as much over the advent though as is Grandpa David Ebersole. Sure he has a right to rejoice over the fine little grandson.

VISITING HERE WITH FRIENDS.

From Tuesday's Daily. J. C. Bughman and wife are visiting here from their home at Coshocton, Ohio, at the home of N. K. Peoples and mother, who is the mother also of Mrs. Baughman. GETS GOOD YIELD ALFALFA SEED

From Tuesday's Daily. Phillip E. Tritsch in threshing his alfalfa for seed at the last cutting from a field which contained ten acres, received 59 bushels which makes nearly ten bushels to the acre or for the ten acres at the current price of first class seed, \$985.00 or paying for the seed alone, not counting the number of cuttings of hay \$98.50 per acre. Is it any wonder the farm lands are so valuable. It takes good farming and good care of the crops, when the land and investment cost so much to farm. Just now one cannot send a team which mostly consist of four horses and equipment to the field for a days work, with less than an investment of from twelve to fifteen hundred dollars. The return must be liberal to make the farming safe.

THE "BAWL" GAME HELD LABOR DAY

WE DO NOT REFER TO THE BASE BALL GAME BUT SOMETHING IN ITS PLACE.

MORE OF A CONFIDENCE GAME

Than a Ball Game, Everybody Seemed Satisfied and Some More Even.

From Tuesday's Daily. We wondered when Paul Stadler was looking for some one to bet five dollars with on Plattsmouth, what kind of an aggregation the Woodman of the World was going to send down here. We waited for a long time, for they got lost and went down to the south side of town, and well it would have been for them if they had never returned. Really it looked at first like some one had torn down the fences around some Tubercular Sanitarium, and the patients had gotten out. But when they started we opened our eyes for they acted like real ball players, and the first two innings, the fans were promised a good game, but the illusion was soon dissolved, for in the third inning Stimpson upset the boat, when he made a run, McCarthy then was not satisfied and he made a run, and Grassman had to have one also, then Herold had to have one too. Well that spoiled the whole thing. The visitors saw images of victory float off in the air and dissolve. The next inning three more scores were added, then six in the fifth, then two in the sixth while the seventh was one two three, and no runs made, in the eighth three more was added making eighteen runs. At the end of the ninth inning the visitors had not made a run, and so they quit and gave the game to the home team.

We always thought pretty well of the home team, but really they should not have robbed a set of little school boys out of their joy of getting a single run. It seemed like taking candy away from a kid, but it is all gone by now. This was the record: W. O. W. 0 0 0 0 0 0 0 0 0 0 Red Sox 0 0 4 3 6 2 0 3 x—18 We are off for Chase county again on next Sunday evening. We would like to have you go with us. See Rosencrans about the trip today, you will enjoy it. You are not compelled to buy land, but Rosey would like to show you Chase county.
