LONG WAYS APART, BUT  
BOTH WELCOME.

This morning W. T. Smith was agreeably surprised, when he received a letter containing the happy information that the stork had left a wee little blue eyed girl baby at the home of Mr. and Mrs. Alva Osborn, who make their home near Jordan, Montana. As he concluded reading the letter he scratched his head and said, "Well, Grandpa Again," and chucking the letter into his pocket, he tore open another letter from a daughter in Missouri whose name is Mrs. Aubrey Comel, and judge to his surprise when it told of a little girl coming to their home at St. Joseph. Well! Well!! If that don't beat you, another time Grandpa. So it was the mail had brought the glad news of two little grand daughters at widely different portions of the country. Must be keeping the stork pretty busy.

## JOHN THOMAS HAS A PECULIAR ACCIDENT

FALLS FROM HAY MOW—BREAKS  
ARM AND LEG.—REMAINS  
FOR HOURS IN BARN.

### UNCONSCIOUS SIXTY HOURS

Wife Finds Him In Yard And Takes  
Him to the House, Then  
Calls Assistance.

From Saturday's Daily.

John Thomas of near Louisville was the victim of a peculiar accident in which he suffered a few days since some serious injuries. They being, a broken arm and a broken leg. He had gone to the barn to do some feeding and climbing to the hay loft, and it is supposed lay there for a number of hours, and it was supposed that he was about the place somewhere, and not until Mrs. Thomas was going to the barn several hours later did she see Mr. Thomas crawling towards the house. Then she thought he being on the ground was trying to hold some animal which he had caught, and when he tried to hecken to her she approached, not understanding the conditions. He said "I cannot get up. I seem to have a catch in my leg." She endeavored to assist him and found that he had a broken leg. He relapsed into unconsciousness from which he did not entirely return for sixty hours. Mrs. Thomas thought if she had a wheel barrow she could get him to the house as she could not carry him. So she took a large scoop shovel, and sitting Mr. Thomas in it dragged the injured man to the house, and got medical attendance. His injuries were dressed, and he is still in a very precarious condition.

## PERSHING ARMY SOON IN FIGHT

WASHINGTON EXPECTS TO HEAR  
OF PLUNGE ANY  
DAY.

Plan of Foch Believed to Be to Sum-  
mon Every Available Weapon  
to Prevent Enemy From  
Making a Stand.

Washington, Sept. 6.—The hour when General Pershing's army will be thrown into the battle is rapidly approaching, in the opinion of many officers and officials at the war department. Developments today indicated to these observers that the German withdrawal was nearing the point when Marshal Foch would make use of every available weapon to prevent the enemy from making a stand in his old positions along the Hindenburg line. Reports indicate the Germans are accelerating their withdrawal along a wide front before the French and British armies that are pressing on their heels. The fact that the British have broken across the old line on the Douai-Cambrai front is regarded as the spur that is impelling the Germans to rush the last stage of their withdrawal.

There is no doubt among observers here that Marshal Foch has mapped out a plan by which he hopes to prevent the enemy from settling into his old lines and reverting again to trench warfare. It is argued that if the enemy attempts to hold the Hindenburg line or such of it as he can he will have to mass reserves to do it.

**Fast Regaining Lost Ground.**  
With the French Army, in France, Sept. 6.—At the present rate of progress the entente allies will soon have driven the Germans from all the ground gained by them this year and the offensive operations may enter a new phase. French cavalry, after passing through Chauny this morning, are in the region of Viery-Nouereuil and are advancing towards Tergnier, which is two and one-half miles west of La Fere. Further north the Ham-Guiscard position has been turned and the enemy is retreating all along the line with the utmost speed.

South of the Oise General Mangin's troops are pressing in close to the enemy's line from which he launched his spring offensive. In the region of the lower forest of Coucy, French troops are within a

mile of that line at Hill 75 and in front of Fresnes.

Near Laffaux, General Mangin's men are within four miles of the Chemin des Dames and only about ten miles from the citadel of Laon. The forest of St. Gobain which sheltered the first long range gun that shelled the Paris region, and which was the cornerstone of the Hindenburg position at the angle where the line turns to the eastward along the Chemin des Dames, is under the fire of French guns over its whole extent.

## THAT SUNDAY SCHOOL CAMPAIGN

WHICH IS BEING WAGED BY THE  
BIBLE SCHOOLS OF THIS  
PLACE TO INCREASE

### MEMBERSHIP AND ATTENDANCE

Which Began a Week Ago Has Al-  
ready Awakened Much  
Interest.

From Saturday's Daily.

(By Mrs. E. B. Chappell)  
There is a wide-spread movement sweeping America. It is the "Go to Sunday School" sentiment which has as its advocates and followers many of the big men of the day.

The Bible School has happily passed out of the class where it was once placed. It is no longer regarded as a place for women, children and terrified saints but rather is being supported by red-blooded American men.

We wonder some times what good can come to one through the attendance of Sunday School. Is there anything to be attained? Why go to Sunday School? Would it not be just as profitable to spend that hour in ones own home?

There are many reasons why one should attend Bible School but there are three or four which seem more persuasive than others. There is an immense amount of spiritual satisfaction derived by attending Sunday School. There is an elevating, brotherly feeling in the atmosphere which makes one vow he will henceforth, be a better man, broader, man. A feeling of pride and responsibility is gained by the supporting of the organization. When the Sunday School grows into power, glory is reflected upon each individual member of the school.

Taken from the literary standpoint one gains a broader knowledge of the Bible through class discussion than by merely reading it. The great books of the day are filled with allusions of the Bible and in order to enjoy them to the fullest extent, one must have a thorough understanding of the particular story referred to.

The Bible School is a training school. No other organization offers such a field for personal development. Class discussions are of such informality that even the most timid venture to make breathless speeches.

It is in the Sunday School class room that many of our noted speakers made their first talk. After a time self confidence takes the place of timidity and the child enters a larger field of activity.

It is business policy to attend Bible School. The community at large, admires and patronizes the man who declares he is on the side of christianity and who makes good his declaration.

One could go on at much length in enumeration arguments in favor of Sunday School because looking at it from every angle it is the sensible thing to go.

## THE GREATEST FAIR IN HISTORY

SO SAY THOSE WHO HAVE VISIT-  
ED THE STATE EXHIBITION  
AT LINCOLN.

From Saturday's Daily.

Phillip Hennings was in the city last evening with his friends Harry and Earl Schaefer, sons of John Schaefer, now living near Creighton and Mr. Frank Behland, all of who are visiting at the home of their friends Mr. Hennings. They were all at Omaha yesterday seeing the sights and enjoying a visit and the day before they spent at Lincoln, attending the state fair. They all say that the fair this year was one of the greatest which the state has ever had, and the line of exhibits are more complete in all departments than heretofore, and also that the crowds in attendance were great as well, making the most successful fair since its beginning.

Joe Seagraves was a visitor in Omaha for over Sunday going on the early afternoon train.

Mrs. Fred Resner of Omaha who has been visiting here for some days past at the home of her parents Mr. and Mrs. G. H. Tams west of the city, returned home this afternoon.

Mike Warga, who with his family have been visiting in this city for some time, returned to their home and work at Havelock this afternoon.

Mrs. C. L. Creamer departed for Omaha this afternoon, called there by the report that their son Robert Creamer, who is at a hospital where he was operated upon for appendicitis was not feeling so well.

TENDED A MEETING IN OMA-

### OMAHA RETURN LOADS BUREAU

Which Was Held at the Omaha  
Chamber of Commerce  
Headquarters.

From Saturday's Daily.

A large number of Truck Owners from the towns surrounding Omaha were in attendance as well as representatives of Omaha Business Houses and Omaha Truck owners.

A permanent organization was formed and officers elected, offices secured and Mr. C. E. Stallard selected as office manager located at 407 So. 10th St. Telephone Douglas 7783.

The main object of this organization is to secure return loads for the hundreds of trucks driven into South Omaha and Omaha with stock and produce, making it much more profitable to the Truck owners as they will thus be able to haul loads both ways and consequently get paid for the return of the truck where heretofore the trucks have been returning empty, also furnishing the merchants in the towns within a radius of 60 miles of Omaha prompt delivery of their orders, as under present conditions R. R. Freight delivery is exceeding slow.

The merchants will be called upon soon and the plan explained in detail and when giving their orders to their Wholesale-Houses they may instruct that shipments be made by truck or if not called for by truck within a given time to be forwarded by express or freight as the merchants direct.

The Return Loads Bureaus have been established and are being arranged for generally over the U. S.
