

## STATE CHRISTIAN ENDEAVOR CONVENTION

WILL BE HELD AT YORK, DURING EARLY PART OF NOVEMBER, 500 DELEGATES EXPECTED.

### WILL HAVE STRONG PROGRAM

All Societies Are Expected To Send Delegates Without Stint.

From Thursday's Daily. Are you now making plans to be one of the five hundred to attend the State Christian Endeavor Convention, held at York, November 7-10? Plans are working out splendidly for this convention and York is spurring no pains getting ready for the big crowd.

A strong program has been planned. Three speakers of National reputation already lined up are: Paul Brown of Los Angeles, International Intermediate Superintendent; Dr. W. C. Smolenske of Denver, former president of the Colorado State Union and Dr. Arthur C. Ryan of Chicago, connected with the American Board.

Miss Grace Hooper of Crete, National Junior Superintendent, and our own field secretary, will be with us during the entire convention.

Mr. J. A. Parks of York, the well known composer will have charge of the special music.

There is no limitation on the number of delegates sent from each society. Near-by towns are expected to be represented by ten or more delegates and it is hoped that the societies two or three hundred miles away will try to send a sufficient number, that when they go home they may put into action many of the plans brought out during this convention.

The Junior and Intermediate are to have a part in this great convention. Each department will have a convention of its own. Every Junior and Intermediate society in the State should be represented.

Entertainment at homes near the convention headquarters will be assigned according to the order of pre-registration.

Under present conditions it is a difficult task to keep our local societies up to the standard. No organization has suffered so greatly from the loss of members and workers called to war, as has the Christian Endeavor. New workers must step in to fill the ranks. They need the inspiration and enthusiasm that will be gained by attending this convention.

## A HIGH STANDARD OF EFFICIENCY

BY THE UNTIRING EFFORTS OF MRS. FRANK DUNBAR AND MRS. C. A. ROSENCRANS.

### RED CROSS COUNTY CHAPTER

Has Been Brought to the Present Excellent Working Condition.

From Friday's Daily. Pursuant to the notice published in these columns for the past few days, Plattsmouth Red Cross Chapter held a special election of officers at their room Wednesday evening at 8:00 o'clock. The chairman and vice chairman elected at a previous meeting, were unable to serve. A short business session was held with the former chairman, Mrs. F. H. Dunbar in charge. Mrs. Wm. Baird was unanimously elected chairman and Mrs. J. E. Wiles, vice chairman. Mrs. Baird and Mrs. Wiles have been very faithful and efficient in their work in the Red Cross and will make very capable leaders, and be of much assistance and help to the workers of the Plattsmouth Red Cross Chapter. We bespeak a continuance of the splendid work that has been done in the past few months by the Plattsmouth Red Cross Chapter under the guidance of Mrs. Wm. Baird as chairman and Mrs. J. E. Wiles as vice chairman.

In speaking of the outgoing chairman, Mrs. F. H. Dunbar and vice chairman, Mrs. C. A. Rosencrans, it is due to them that our Red Cross Chapter, and not our Chapter alone, but the Cass County Red Cross Chapter work has been brought to such a high standard and efficiency as well as the work arranged in a most excellent system. Words cannot express their ever faithfulness and untiring efforts in this good work. To them, what did it matter if household duties and even the members of their families were neglected a day and sometimes a week, if there was work at the Red Cross rooms that would help the boys "Over There." Sometimes it was in the Surgical Dressings department, or the warehouse, sometimes the system of work needed to be rearranged. Then household duties must be taken up, there would be an S. O. S. call on knitting, household duties were laid aside for the knitting. Then too, these faithful workers did not do their share of work between 2 and 5 one or two afternoons of the week as we workers do, but it was all the time, morning, afternoon and night and many nights it was near midnight hour when they wearily wended their way homeward. It is due to them that our work room and warehouse was made so comfortable and convenient. We appreciate what they have done and we predict success to the Red Cross work wherever they may be placed. They have not only been doing their bit, but their utmost.

At the former business meeting Miss Georgia White was elected Secretary and Treasurer. The chairman of the various departments will be appointed by the new chairman and vice chairman in the near future.

At the business meeting of the Cass County Red Cross Chapter held in the District Court room early in October, the following officers were elected:

County Chairman—Mr. E. J. Richey.

County Purchasing Agent—Mrs. T. E. Parmelee.

County Secretary and Treasurer—Miss Bernese Newell.

## ED BRANTNER HAS PNEUMONIA

WAS DANGEROUSLY SICK, AND STILL REMAINS IN VERY BAD CONDITION.

From Thursday's Daily. Edward Brantner, of Pender, who has been so sick, was reported as

being a little improved last evening. Saturday evening was his most severe experience, and it was thought that he would not be able to overcome the disease, but was reported slightly improved since. He was first taken with the Spanish influenza, and which resulted in Bronchial pneumonia. His many friends here will be pleased to know that he is showing some better conditions and hope that he may be soon over the dangerous points of the disease. He had improved so as to be up and had received a back set, which was the cause of his most serious condition.

The disease there is reported as being very bad, as in twenty-four hours in the little city, six died of the malady.

## EXPECTS TO DEPART VERY SOON

C. C. WESCOTT HAS SENT IN HIS LAST PAPERS REGARDING HIS Y. M. C. A. WORK.

From Friday's Daily. The long tortuous procedure, through which one has to go, in order to obtain the necessary papers and history to continue the government that one is fitted and the proper person to go to Europe for Y. M. C. A. work, has at last been completed by C. C. Wescott and the last of the papers have gone to Washington, and it is expected that he will depart in a short time for France. In a conversation with him this morning, he said to the reporter, that he expected to eat Thanksgiving dinner with the boys in Paris, and Christmas dinner with them in Berlin. Mr. Wescott is well equipped for the position which he is entering and will make a good worker, being patriotic to the backbone, and having the welfare of the boys at heart, and having the education necessary to place him in position to do the most effective work, besides being interested in the work, heart and soul, in a way which will bring him into the closest contact with the boys, whoever they may be, or what their circumstances. We can see that Mr. Wescott will be able to do more in this line of work, than in any other, for it is not all bullets, there must be something else, and that is the part he is to go to furnish.

## TO CLASS ONE MEN, LISTEN!

OF INTEREST TO ALL CLASS ONE MEN OF THIS COUNTY, LET US TELL YOU.

From Saturday's Daily.

All single men are placed by the local board in class one, there is no other way of doing the matter, they all go there, by reason of being single. Also, those who have only a wife as a dependent, they go there also. This is the natural thing, no other place to put them. Now comes another matter. When you have received your card, notifying you of the placing you there by the local board which they have to do, you are not to think that you are required to make a trip to the county seat immediately to see about it. The district board will in a short time pass upon your question blanks and will report on the matter as per your occupation, and if that shows you should be placed elsewhere, you will be classified by them in a different way. Remember the local board classified you as per dependency, and not as your occupation, and again the district board will classify you as per your occupation, which may place you in a more deferred class but cannot advance your position. You may have to wait for a short time to ascertain where you really are by reason of the enormous work now placed upon the shoulders of the district board.

RED CROSS SOCIAL WORKERS. The Social Workers Red Cross branch will serve lunch at the home of Mrs. W. A. Taylor on Tuesday, October 29th, for the benefit of the Red Cross. All are invited to attend.

## LISTENED TO THE STORY OF FRANCE

LARGE DEMONSTRATION LAST EVENING AT PATRIOTIC MEETING ON COURT HOUSE LAWN

### INTERESTED IN LIBERTY LOAN

Congressman Reavis Tells Of How the Boys Fight, And How They Are Winning.

From Friday's Daily.

Between two and three thousand people last night stood and listened to the story of France and our boys over there, as told by Congressman C. E. Reavis last evening at the patriotic meeting, which was to demonstrate the need of supporting the Fourth Liberty Loan to the fullest extent. Judge J. T. Begley was selected as the presiding officer of the evening, while Rev. M. A. Shine delivered the four minute address, which in itself was a wonderful exposition of the conditions, and the necessity of subscribing to the limit the loan, which the government is asking. He spoke a literal truth when he said "No one has a right to Liberty, who will not support the measures necessary to maintain that liberty." The band was as usual one of the enthusiastic patriotic features of the occasion, and furnished some very inspiring music. The speaker of the evening Mr. Reavis began with a narrative of the difficulties of getting away from here when he was not an American boy in uniform. Some of the voyage, and the comparative facilities of the American and French in the matter of unloading of the transports, placing them in two epochs and in the civilization of the world one thousand miles apart.

He told of his experience, and of how the boys went over the top, and in the firing line at the time, and of the need of the Red Cross and Y. M. C. A. working forces. He spoke of the hospital, of the death losses, and of the wounded and urged the subscription to the liberty loan to the absolute limit of one's ability.

The people were highly pleased by the description of the conditions over there, some expected to have heard more, but the address was along lines as prescribed by the war censor board, and Mr. Reavis said that he knows and has seen more in France, but was not allowed to tell it all.

## MRS. SARAH SMITH BURIED TO-DAY

Smith of this city, a sister of R. D. McNurlin of Weeping Water, and has a large number of relatives in this county, and a host of friends, who have known her for many years, and have only know her to love and respect her for the faultless life which she has lived, and which she had been like a benediction and an inspiration to all who have been privileged of her acquaintance. While with her passing a friend to all who need a friend, has been lost, the memory of her kind acts, will remain, like the fragrance of a beautiful and sweet scented rose, to cheer those who have known her on the uneven path of life.

## FOLKS HEAR FROM CHARLES LAHODA

LETTER FROM MISSING AMERICAN BOY TELLS OF HIS BEING IN HOSPITAL.

From Friday's Daily.

A letter from Charles Lahoda, written by himself coming from the hospital in France, where he is recovering from a wound received in action in France, is a relief to the relatives here and especially the mother, who was fearful that he had been taken a prisoner by the Huns. He said that he was recovering from the wounds which he had received, but did not say as to how severe they had been. His many friends will be glad to have heard from him, and that he is recovering, and is not a prisoner with the enemy, with the chances of mutilation.

## CASS COUNTY GOES OVER TOP

MAKE IT AS MUCH OVER THE TOP AS POSSIBLE, THE GOVERNMENT NEEDS IT ALL.

From Saturday's Daily.

It became apparent this morning that the county would more than subscribe their allotment, many people have subscribed more than their quota, some have gone as high as five and even more times their amount. Last evening when the final checking up of the county came for the day, it was learned that approximately there was still about \$17,000.00 yet to raise, to go over the top. H. N. Dovey communicated with the various banks of the county, of which there are twenty-four, telling that all that they would be required to raise one thousand dollars each, during the day. It is evident that they will sell much more than that amount, but it will all be required, and the government will need much more. This is the time, when the limit should be gone, that there might be no doubt of the attitude of this county as to their views on the question of pushing the war to the ultimate.

If you have purchased your limit, as to your cash ability take a few more on the payment plan, if the war fails, you will have no need for the money.

**TWO BIG BANK ASSETS— AGE AND EXPERIENCE!**

Strangers frequently ask us "How long have you been established?" This indicates that age is a valuable asset to a bank. The experience and the acquaintance we have acquired during years of service is of incalculable value.

It is reasonable to believe that a bank of many years standing is operating on a basis that is sound and safe. It is an indication that its friends are getting a satisfactory banking service. This bank was established in 1871. Let us explain the facilities of modern banking.
