DEFENSE COUNCIL HOLDS MEETING

INTERESTING INQUIRY REGARDING STATUS OF NUMBER OF CITIZENS IN COUNTY.

RELATIVE TO LIBERTY BONDS

Liberty Is Rightfully One's Own, Only When They Merit It By Standing For It.

From Saturday's Daily.

Yesterday, the county council of defense met at the court house and during the session which they had during the day, made inquiries into a number of cases of delinquency, about supporting the country, which they are glad to call home. The council which met for business were very careful in the examinations, and inquiries made.

W. D. Wheeler was cited to appear and answer whether he had purchased the allotment which was given him, by the committeeman from his precinct. He answered that he did not consider it any one's business whether he purchased bonds or not, but said that he had no money, but would purchase if he had. The committee instructed the secretary to cite his action and reply to the state council of defense.

After the closing of the session of the council, Mr. Wheeler purchased \$500.00 of the Fourth Liberty Loan, and is helping the government in the hour when she is needing it, and needing it badly.

J. R. Vallery who was also cited to appear, was asked whether he had purchased any bonds of the Third Liberty Loan, his reply was that he had purchased \$500.00 and was going to purchase bonds of the Fourth Loan. W. S. Nolte, living west of Myard, was before the board, and being interrogated he made "reply," "That he was unfortunate in being in America, when the war occurred." This created a fire of replies, saying, "Get out of this country," and the like. He said that he had an automobile, and that if a fire burst, he would purchase another one but that he could not afford to buy War Saving Stamps. He said that he had not given anything to the Y. M. C. A. or Red Cross but thought that his wife had given some to the Red Cross. He will be cited to the state council of defense.

The feelings of the council of defense, is that they have made their investigations, and that they are making the findings public, and this is as far as they can go in the matter, when they have cited the findings to the state council of defense. This is a large country with many fertile acres, yet untouched, and with ample room for millions more of Liberty loving freemen, who have the manhood, to stand by their government, through thick and thin, to sacrifice for the land which guarantees, to its every citizen, protection, but there is not room enough in this land for those whose freedom has been purchased by the blood of our fathers, and maintained by our brothers, and is now being fought for; and as well, for the freedom of the world by our sons, for any one whose soul is so small and swirled up that he cannot help support, by his money, or his blood, that freedom which we prize, as one of the brightest jewels in the diadem of our charter, given of God, to maintain a Nation, for the homes of Free and Liberty loving people.

Mr. J. M. Teegarden presided, and J. M. Robertson was selected, in the place of C. C. Wescott who goes to France soon in the interest of the Y. M. C. A. J. M. Patterson of Union was elected as treasurer, in place of C. S. Stone, who has removed to Colorado. Mrs. Robert Bailey was elected superintendent of the Women's branch, to supersede Mrs. C. S. Boyles who goes into the bank at Alvo to work.

We like the sentiment of L. W. Nelson, who was called as a witness, as to what some one had said. He said "This is My Country, and she can have every cent I have or an ever able to earn." This statement brought applause from all the council.

JOHN MURTEY IN TOWN.

From Saturday's Daily. John Murtey the democratic candidate for representative, in this county from Alvo, was in the city last evening looking after some business and dropped into this office for a few moments. Mr. Murtey is a whole-souled man and alive to the best interest of the people, as is evidenced by the exertion, which he put forth, which resulted in the killing the bill, which was designed

to sell the school lands of the state, at a price not one-tenth of its real worth, which would have robbed the schools of many hundreds thousands of dollars, had the bill passed. This is the kind of a man, which is needed in the legislature.

HARLAN WILES BREAKS ARM.

From Saturday's Daily. Last evening while riding a horse at the home of his uncle, Luke Wiles, Harlan Wiles eleven years of age, the son of T. Frank Wiles of Omaha thinking the horse was going to run away, the little man jumped from the horse with the result, that in fighting, his right arm was crumpled under him as he fell producing a fracture of both bones just above the wrist. Dr. H. C. Leopold was called and reduced the fracture, and the young man is getting along nicely.

IN THE MEMORY OF JOHN HALL

BORN AT SPRINGFIELD, BUT LIVED MOST OF LIFE IN PLATTSMOUTH.

From Friday's Daily.

John Hall, son of Mr. and Mrs. Julius M. Hall, of this city was born January 27th, 1889, and died at Missouri Valley, October 14th, 1918. The young man has lived in this city for the most of his life, and on June 12th, 1911 was united in marriage with Miss Catherine South, in this city, and six years ago moved to Missouri Valley, where they have made their home since. To this union there were born three children, they being, Doris, aged 6, Jack aged 4 and Donald aged 2 years. The mother and two sons, are now at the hospital at Missouri Valley, and Mrs. Hall is considered as being in a very critical condition. Mr. Hall was taken with the malady at the close of Sunday evening, Oct. 6th, and was sick, but a little over a week. His mother, Mrs. Julius M. Hall, of this place, Mr. George Hall, a brother of Falls City, and Mrs. Myrtle McKensie were at the side of the young man when he passed away. His remains were brought to this city by the mother, and brother and sister, the funeral the afternoon of October 15th, from the home of his parents J. M. Hall and wife, and conducted by the Rev. A. V. Hunter, pastor of the Methodist church of this city. The singing was done by Rev. A. V. Hunter, Mr. Jesse Perry, Mrs. E. H. Wescott and Miss Della Frans. The floral offerings were very beautiful. The pall bearers being, Will Evers, James Rishel, Roy Thompson, Earl Rabbitt and two young men from Missouri Valley, Iowa. The interment made at Oak Hill cemetery west of the city. Thus has died a young man with much to live for, a family which he was devoted to and endeavored to make the happiest, while his labors made the home happy, and he had reason to look forward to a happy and useful life.

MAKING SOME IMPROVEMENTS

THE PLATTSMOUTH WATER COMPANY, ARE MAKING SOME IMPROVEMENTS AT STATION.

From Friday's Daily.

The Plattsmouth Water Company is rebuilding the brick walls of their Filter Plant which when completed will make a very fine building. Hard burned brick are being used with steel windows. The interior will be water proofed with a special white paint which is necessary as about 500,000 gallons of water is filtered each day and the walls must be practically impervious to water. This Filter is mechanically operated and is of the aeration rapid sand type. There is 97 per cent of iron removed by this process which greatly improves the water.

The Company believes in keeping their plant in first class condition and only a short time ago installed a modern sand washer in the filter at considerable expense to keep the sand which the water filters through good and clean.

IS CONSULTING A SPECIALIST.

From Friday's Daily. Frank Sabatka and wife departed this afternoon for Omaha, where Mrs. Sabatka will consult a specialist regarding the condition of her health. Mrs. Sabatka has been feeling badly for some time and has concluded it better to take some treatment, to the end that her health may be restored.

MORE LABORERS FOR THE "Q".

From Friday's Daily.

This morning ten men for the Burlington Shops arrived on the early train from St. Joseph, Mo., and went to the boarding camp at Greenville, and will work for the Burlington here. This makes twenty-five which have been added to the list of workmen here during this week. The Burlington is needing much labor, and are just now picking up a goodly number.

ROY HOLLY WRITES HOME.

From Friday's Daily.

A letter from Roy Holly to his father, written September 18th was received by the folks yesterday, and tells of the great all American drive, which occurred at that time. He speaks of seeing Carl Dalton just before he had written but had not seen Emil Hild for some time, but Carl Dalton told of seeing him and that he was all right.
