## PARTIAL RETURNS OF YESTERDAY'S ELECTION

## HAVE ONE DAY OF SCHOOL

### IT SEEMED ADVISABLE TO AGAIN CLOSE SCHOOLS ON ACCOUNT OF THE INCREASED NUMBER OF CASES.

From Wednesday's Daily. The children were notified before leaving school last evening that the schools would again be closed for a few days. Schools had just reopened and it was hoped that with hard work the past two weeks might in some way be made up. However the health of the children and the community is the first consideration and when it was found that there had been reported some twenty-five cases since Saturday noon it was thought best to close the schools again until the epidemic is somewhat under control.

The Board of Education is always trying to do the best in every way that can be done for the good of the children that are in a way entrusted to their care and rather than risk the health and perhaps the lives of the pupils have closed the schools till further notice.

## CLEAN SWEEP MADE IN NEBRASKA

From Wednesday's Daily. Nebraska republicans won a sweeping victory in yesterday's election, Senator George W. Norris being re-elected by a majority that will exceed 15,000 and may reach 18,000. McKelvie has overwhelmed Neville, winning by a majority that will exceed 25,000 and may go higher.

Four out of six congressmen elected are republican, Reavis has defeated Peterson for congress in the First district by a majority greater than he rolled up two years ago. In Omaha district Jeffries, republican, defeated Congressman Lobeck. He carried Sarpy county and the latest reports from Douglas county were that he was running materially ahead there. He also carried Washington county, the other county.

Congressman Stephens, democrat, has been re-elected in the Third, defeating Evans by 4,500, while McLaughlin, republican, has defeated Auditor Smith by over 4,000 in the Fourth district. Meager returns from the fifth indicate the re-election of Congressman Shallenberger over Andrews. In the big Sixth Congressman Kinkaid has overwhelmed Secretary of State Pool by a large majority.

## PLEASED WITH THE BUILDING.

From Wednesday's Daily. Yesterday Geo. A. Berlinghoff spent the day in town looking at the new High School building. Mr. Berlinghoff was the architect who designed the building. After he had been through the building and inspected it he said that he was very much pleased with it, that he was a fine building one that Plattsmouth could justly be proud of. Mr. Berlinghoff is in a position to be a judge of buildings of this sort and when a man of his ability, compliments us on our school we may know that it means something.

## MAJOR ARRIES RECEIVED WOUND

### STRUCK ON FOOT BY PIECE OF SHRAPNEL WHILE IN FIERCEST OF BATTLE.

## REMAINS IN THE FIGHTING

### Wound Getting Along, Writes Parents Telling Them Not to Worry For Him.

From Monday's Daily. Major Arries, one of the true blue fighters in the American Expeditionary Forces in France, and who was placed in the fighting just as soon as he arrived there, and with but little respite, having been in two of the most hotly contested fights during the war. Below is a letter giving his impressions of the fight, and telling of his experience:

In France, Oct. 8th, 1918. Dear Folks: Here I am in the hospital now. Nothing serious, so don't worry. A piece of shell hit my foot, and I guess it is still in there, anyway the doctor had an X-ray taken of it this morning, and thinks he will find out soon, if they are going to operate. This was a pretty stiff scrap, about the hardest the Marines have ever been in, and believe me we finally cleaned house with them. I got hit about two thirds the way through.

We used to hear about how the French could scrap; well they can't touch an American. We have taken places they have lost thousands of men trying to take, and sure have put Fritz on the run. Now they are in earnest about peace, it looks pretty good towards a final settlement. They know they are licked and they are merely trying to avert a catastrophe. We have the idea that another month of scrapping will see his finish, anyway they won't last through the winter in France.

Dad, there never was an outfit that can come up to the Marines and I am glad that I am one. Read that piece in the Saturday Evening Post, for Aug. 31st that tells about Bellow Woods. That is about as accurate a version as I have seen and has the dates. I read it last night for the first time. SOME OUTFIT. I am writing this in bed, hope you can make it out o. k. It is rather short, but then I will have plenty of time on my hands and will write later. I am going to write to Don and have him come over to visit me if he can get leave.

Heaps of love, MAJOR. P. S. I am at U. S. Base hospital No. 19. Address Pvt. M. A. Arries 18th Co. 5th Regt. U. S. Marines, Am. E. F.

Sad indeed were the hearts of the many friends who gathered to attend the last rites of one who through her short life had endeared herself to so many of the community where she has lived. Many and beautiful were the floral offerings which were sent as a tribute to the love which was born her.

Father Leece of the St. Luke's Episcopal Church of this city in a few well chosen words brought as much as possible a slight degree of comfort to those who are left behind. After prayer the funeral cortege took its way to Oak Hill cemetery where was laid to rest the remains of a devoted wife and mother.

The sympathy of the entire community goes out to the bereaved family in this dark hour that has come
