There was a big jubilee parade through the streets, the kaiser received his usual warm greeting by being burned at the close of the gathering. Mr. Davenuort, the brother, formerly lived at Chester, but had moved to Denver where he and wife made their home, they having no children.

INJURED WHEN STRUCK BY TRAIN

SWITCH ENGINE ON MISSOURI PACIFIC BACKS INTO AUTO—MOBILE INJURING DRIVER.

From Wednesday's Daily.

Yesterday afternoon, while the switch engine which is used in the Missouri Pacific yards at Union, which has made a trip to Murray, was backing into Union, a few miles south of Murray ran a man down on the crossing, who was endeavoring to cross the track. The man apparently did not know of the approach of the engine, until those on the engine called to him. Hearing the warning, the man endeavored to turn his car from the track, and succeeded, with the exception of one corner of the rear of the car, which was caught with the engine and thrown into the ditch by the roadside, and catching the driver under the car. The engine was stopped, and the man picked up unconscious and carried to Union, with a large gash cut in the side of his head.

When he was being taken from the engine at Union, he recovered consciousness and inquired as to where he was. His wounds were dressed and it was ascertained he was a fruit tree salesman representing a nursery at York. The car is considerably damaged, and the man is getting along as well as could be reasonably expected.

MAX VALLERY IS WOUNDED IN FRANCE

From Wednesday's Daily.

Word was received yesterday morning from France telling of the wounding of Max Vallery, the son of Mr. and Mrs. C. F. Vallery, who has been in France for some time, and has been over the top, at different times. The letter which was short was written by Max himself, and paid a glowing tribute to the Red Cross, which he says is doing wonders for the wounded men. He said that everything was the best and that the boys get the best attention and service possible. The letter was a short one and did not even tell how he was injured, but had much to say of how he was being taken care of. The parents and friends are assured that he is progressing, as he was able to write the letter himself, and praised the care which he was receiving, and it is hoped by his relatives and many friends that he will soon be well again.

Isaac Hall from over the river was a visitor in the city this morning, coming over to transact some business with the Plattsburgh business men.

Chas. Fetzer of Louisville, was in the city Monday, and while here called at the Journal office and renewed his subscription for another year.

Ludwig Bornemeier and Adolph Bockelman, from near Mudock, were in the city last Saturday, and were pleasant callers at the Journal office. Mr. Bockelman came down to complete some matters in connection with the next army call, being in the next draft list. Mr. Bornemeier enrolled his name for a copy of the Journal for one year.

EPIDEMIC OF FEAR.

The public health experts agree that the worst epidemic that can occur is an epidemic of fear. Just now fear killed more people than the influenza. The effect of fear upon the digestion and circulation is very destructive. But if you take Triner's American Elixir of Bitter Wine, this most dependable remedy will give you the feeling of contentment and assuredness which will throw up almost impenetrable barriers against infection. It cleans perfectly the intestines, helps digestion and tones up the entire system. Price \$1.10. Only at drug stores. December is the month of pneumonia. Be prepared against colds and coughs and keep Triner's Cough Sedative continually in your medicine chest. 25 and 50 cents, at drug stores, by mail 35 and 60 cents. Joseph Triner Company, 1333-1343 S. Ashland Ave., Chicago, Ill.

Triner's American Elixir of Bitter Wine, Triner's Angellra Bitter Tonic and other Triner's remedies from this day can be obtained exclusively at the drug stores or at dealers who handle medicines. Triner's Laboratory being to the utmost limit busy in executing orders from the drug stores and Government orders for medical supplies, has discontinued filling of orders from other businessmen, and asks that all turn to the drug stores or dealers who handle medicines when purchasing Triner's remedies.
