## GET GERMAN 16-INCH GUNS

### A LIEUTENANT TURNED OVER 42 CANNON TO AMERICANS AT SPINCOURT.

With the American Army North-east of Verdun, Nov. 18.—Two 16-inch cannon which were turned over to the Americans at Spincourt Saturday were guns used by the Germans to shell the Verdun region. Forty-two guns of various caliber were turned over. The 16-inch guns were taken apart by the Germans into three sections, each section being drawn by a tractor.

The entrance of the Americans into Spincourt Saturday was one of the most spectacular features of the American advance. Although the details of the American plans had been communicated by wireless to the Germans, the carrying out of the schedule was delayed. The Americans were expected at Spincourt at 10 o'clock, but did not arrive until 2 in the afternoon because of roads which had been shattered by shell fire.

Lieut. Emmet Gruner of St. Louis represented the 1st Army, with Lieut. Robert Nicolson of Salisbury, N. C., going as military expert, to see that the guns were all in good condition. The lieutenants were accompanied by an infantry sergeant and four privates. Lieut. Gruner, the sergeant, and one private went ahead in a motor car carrying a white flag. Lieut. Nicolson and the other privates followed.

Upon reaching the outskirts of Spincourt, they were met by a lone German lieutenant who spoke English. He conducted the Americans to the village hotel, where billets had been provided. After saying he was glad to see them and expressing his relief that his responsibility was past, the German said: "I am damned glad the war is over."

As the Americans entered Spincourt the rear guards of German divisions, which had held the place were just withdrawing, the Germans rejoicing as they marched away. A few artillerymen were pottering around the big guns as if they dreaded leaving their pets behind. All the cannon were camouflaged and some had names. One 8-inch gun was named Martha and had a prominent place on the front line.

The German lieutenant escorted the Americans to the hotel and endeavored to make them comfortable. Lieut. Nicolson and the German began checking the guns and continued the work until dark. Then the Germans entertained the two lieutenants at dinner. The German continued wearing his side arms until after the dinner, the Americans also wearing theirs.

After dinner the German said that he thought that he did not need arms, but remarked that he had felt nervous during the afternoon after the German infantry had retreated as he was uncertain as to what the Americans might do. All three took off their side arms and spent the night at the hotel. The German slept on the first floor and the Americans directly above. They had breakfast together and finished checking the guns, after which Lieut. Gruner gave the German a receipt for them.

Just before noon the German ordered the hotel to serve chocolate and began packing up his effects. He told the Americans that thirty-five hundred machine guns awaited them in Longuyon. Two orderlies brought up his horse and tucking the receipt into an inside pocket, the enemy officer mounted, saying good-by. Then he added: "I hope my troubles are over for a while. I hope to forget all about guns and war and battle fields forever."

He rode away, his orderlies following him in a horse-drawn cart.

### How a Salesman Suffered.

R. J. Porter, Sterling, Col., writes: "I suffered with a painful, weak back. As a traveling salesman I had to stoop frequently to pick up my grips, and the pain when I straightened up was awful. I was induced to try Foley Kidney Pills. Relief was immediate. Say, they are great." Prompt and tonic. Sold everywhere.

Miss Mae Murphy departed this morning for Omaha, where she is visiting at the home of her brother T. L. Murphy and family for the day.

Mrs. J. H. Haines was a visitor this morning in Omaha going there for the purpose of looking after some business matters and also to spend the day with friends.

### MRS. F. L. CUMMINS PRETTY SICK

From Wednesday's Daily. Dr. E. D. Cummins was in the city last evening, coming down from his home in Lincoln, to see Mrs. F. L. Cummins who is very sick at her home with the flu. Dr. E. D. Cummins returned to his home this morning. Mrs. Cummins is receiving the best medical attention and careful nursing. While she is pretty sick, it is hoped that she may show improvement at an early date.

### 200,000 TONS OF FOODSTUFFS ON WAY TO EUROPE

Washington, Nov. 19.—Ships carrying 200,000 tons of food for the population of northern France, Belgium and Austria are enroute to Europe. They are proceeding under sealed orders of Gibraltar and Bristol channel ports, and on arriving will await word from Food Administrator Hoover as to their final destinations. Those going to Gibraltar are expected to proceed to Adriatic and Mediterranean ports, and the others to French and Belgium ports.

The ships now on their way are understood to be the first that have left American ports with food for countries other than northern France and Belgium. It was said that more than 200,000 tons of food monthly will be required to relieve distress in central Europe and the near East.

### FRANCE IS SUSPICIOUS TOO

Papers Demand More Light on the Status of William Hohenzollern.

Paris, Nov. 19.—French newspapers insist that more light be thrown on the status of William Hohenzollern.

L'intransigent wants to know whether the "Dutche scandal" will keep up.

"It is certainly revolting to see the man responsible for everything comfortably adapting himself to a purely political 'abdication'," says L'intransigent. "It is also revolting to find Holland offering facilities to an ex-ruler, who thus is admirably placed to conduct intrigue

and propaganda for again seizing power." The Temps insists that the affair needs clearing up. It points out that Prince Max of Baden did not state the kaiser had abdicated; that he had decided to abdicate. The German press calls William's sojourn in Holland "idyllic."

### SENDS FOOD TO AUSTRIA.

New York, Nov. 19.—Preparations to ship at an early date approximately one-quarter million tons of foodstuffs from the United States for the relief of the civilian population of Austria now are under way, it was learned here today.

The food supplies will be shipped in vessels under control of the United States Shipping Board, and will be distributed by the organization of the commission for relief in Belgium.

The date of the departure of the first steamers, and which ones will be employed, have not as yet been definitely determined, but it is learned that they will go from various American ports by way of Gibraltar to the port of Trieste.

### Full of Cold; Had the Grip.

Many will be pleased to read how Lewis Newman, 506 Northroad St., Charleston, W. Va., was restored to health. He writes: "I was down sick and nothing would do me any good. I was full of cold. Had the grip until I got two 50c bottles of Foley's Honey and Tar. It is the best remedy for grip and colds I ever used. Sold everywhere."

### CAME TO CARE FOR SON.

From Wednesday's Daily. Mrs. Mike Schirk, of Havelock, was a visitor in this city for the past few days, coming to assist in the nursing of her son John Schirk, who is confined at his home with the Spanish influenza, but who is showing some improvement at this time. Mrs. Schirk was also a guest at the home of Charles Ulrich and this morning departed for her home.
