HELD WEDNESDAY EVENING AT METHODIST CHURCH-A GOOD PROGRAM

Large Crowd from Being in Attendance There.

From Friday's Dally.

Last Wednesday evening at the Methodist church was held the annual Thanksgiving services of the churches of the city. The ministers of all the churches were supposed to be in attendance, but on account of the Methodist church, he was prevented from being there. Various other things contrived to keep away others and those who were in attendance were the Rev. Wilbur S. Leete, of the Episcopal; Rev. H. G. McCluskey of the Presbyterian and Rev. L. W. Scott, of the Christian church.

The attendance was not what it probably would have been had it not been for fear of the flu, and the very bad night for people to get out. Still a very good sized crowd was at the church at the time the services were scheduled to begin. Rev. Wilbur S. Leete announced that the congregation would sing "America" and arising they sang with a spirit that showed their thankfulness for the American nation, and what they stand for. This was followed by a prayer by Rev. W. S. Leete, after which Rev. McCluskey read the 98, 99 and 100th Psalm, offering a prayer of Thanksgiving.

After two special numbers from E. H. Wescott received a message the chorus, Rev. Leete read the procthe day set apart for the returning of thanks for the many blessings to the people of this land. He then introduced Rev. L. W. Scott of the Christian church, who delivered the

sermon of the evening. Rev. Scott's subject was "The Most Popular Sin in the Wor! d." and he very eloquently brought out that this is a season for rejoicing and thanksgiving-not one for brooding. or long-faced forboding. He declared in unmistakeable language that gratitude, as he exhorted the people to be like the men they should really be and be truly thankful for the "Before I used Chamberlain's many blessings that have been be-
