CALLED HOME

Mrs. Harry Baxter, formerly Miss Grace Graves, was the daughter of Mr. and Mrs. Alexander Graves, of Murray, was born September 1st, 1888, at Rock Bluffs, where she spent her childhood days. With her folks she moved to Hillsdale, Iowa, where she entered school, and later moved to Plattsmouth, attending school for a few years, and then moved to Murray. Early in life she became a member of the Christian church at Murray, and was baptised here at the same time as her husband. She became acquainted with Harry Baxter in her girlhood days and at the age of nineteen years was married to him on the 27th day of February, 1908. To this union there were three children born, Leslie, age nine years, and Velma age seventeen months, the little boy dying in infancy.

Mr. and Mrs. Baxter have lived in and near Murray since the time of their marriage until a few months ago, when they moved to Crofton, Nebraska, where the illness came that resulted in the death of Mrs. Baxter. She was moved to the St. Joseph hospital in Omaha after an illness of some six weeks, and passed away on Tuesday morning, November 27th.

Mrs. Baxter was 30 years, two months and 26 days of age, and was a true wife and mother; she was a friend of all who knew her, and a short time before her death she realized her condition and to her husband who was with her, said: "I am ready, it is God's will."

She leaves a husband, son, an aged father and mother, three sisters and three brothers to mourn.

In Memory of Grace Graves Baxter, Oh, death with thy sickle keen, has mown thy grass so tall, has mown our flower with its one swath has took our one and all.

Christ Jesus died that we may live a righteous life on earth, and to Thy Father we will give the sweetest flower on earth.

In this same path we all will walk up the golden stairs to meet the flower gone on before death meets us unawares.

Oh, thy cares on earth is great hereafter seem so sweet we with our loved ones by our side upon thy throne will meet.

CARD OF THANKS.

We wish to thank our many friends for the kindness and sympathy shown during the illness and death of our beloved daughter, wife and sister.

AS CAPTAIN GILMORE SEES FRANCE

ACTING AS ARMY SURGEON UNDER THE MOST TRYING OF DIFFICULTIES.

TAKES PLEASURE IN THE WORK

Speaks Well Of the Hospital But Finds Lots of Mud In the Republic.

From Monday's Daily.

Captain G. H. Gilmore has written the proprietor of this paper a very interesting letter, which we reproduce for the many friends of that gentleman in this country:

Somewhere in France, November 11, 1918.

Dear Friend Bob:

My promise to write you is an obligation which must be fulfilled today.

I have received but one letter from the U. S. A. in two months, which seems a long time. A copy of the Journal would look mighty good. I get hold of an American paper published in Paris occasionally, and get the war news in a general way. Get a French paper every morning and can make a fair interpretation of the news, providing I know what has happened.

Have made three moves since arriving in France. Have been billeted in horse barns with a pine board for a mattress, with the stars to look at when not rolling to keep warm.

We are now nicely quartered in tents, mud ankle deep all about the camp. Have taken care of the sick for the past month, wearing hip rubber boots.

On leaving the states our regiment was split; and I have had command of the medical detachment, with all its paper work and worry. Have three officers and a fine line of men in our detachment.

One of the most interesting sights to me at first was the German prisoners. They have been brought in such big quantities in the past week, that we have lost interest in them. They are well taken care of, good quarters, plenty of good food, warm clothing, and a hospital for them. They are treated as well as our soldiers. I have had occasion to make sick calls among them and find them in good spirits.

The German prisoners are glad that America is in the war, because they claim now Germany will get a square deal. The Allies are glad because they would have been defeated without America's help and the American soldiers are very glad to "deliver the goods," which Germany mistook for bumcomb. So we are all glad.

In an emergency I volunteered the services of our detachment to a base hospital for a day. At these hospitals some wonderful work is being done, the best specialists from America are working in these hospitals. These hospitals have steam heat, electric lights and are equipped equal to any hospital in Omaha.

The patients are brought in from the field hospital in Red Cross trains taking a very few hours.

The Red Cross, the Y. M. C. A. and the K. C. are doing some wonderful work here in France. The American soldier will hold a warm place in his heart for these organizations. One day when marching to a new camp, we halted for a rest at a K. C. hut. I was hungry to the seventh degree, and the lunch served was a blessing showered upon us.

The rejoicing of the French people over the victory of the allies, is equalled only by a football game in America, on Thanksgiving day. The French people realize the part the American soldier has taken in the war, and show their appreciation in many ways. At one place where we camped the graves of the American soldiers were decorated with flowers. The flowers were gathered and placed there by little school children. There is a beautiful sentiment in this. On the whole, army life agrees with me. I have gained in weight and feel fine.

When we return, nobody knows. The song among the troops is "Where do we go from here." Give my best regards to your father, with best wishes and Merry Xmas.

Your friend,

CAPT. G. H. GILMORE,

Address: M. C. 869th Pioneer Infantry, Am. E. F. Via N. Y.

THE SECOND TIME

A BIG LAND DEAL

For the second time within the past few weeks there was a big land deal pulled off between the same parties and the same property, when a few days ago J. W. Edmunds repurchased his farm from Alf Gansemer. This farm lying just east of Murray was sold to Mr. Gansemer a few weeks ago at what was considered by all a good price, but evidently Mr. Edmunds did not figure the land had reached its highest value, although the consideration was in the neighborhood of \$50,000 or \$250,000 per acre, and this week he buys the land back again paying therefor an advance of \$2,100.

ARE GETTING TOGETHER ON THE RAILROAD

From Tuesday's Daily.

At Louisville the Burlington and Missouri Pacific railroads have gotten only one passenger station at this time. The Burlington having moved their depot to the intersection of the two roads. This is the first step in the way of economy, and as well accommodation, as the Rock Island which has a station just across the river, will run its trains over the Missouri Pacific bridge across the Platte river, then to South Bend over the Burlington tracks, thus saving one bridge, and some six miles of track between Louisville and South Bend.

RETURNS FROM NORTHWEST.

From Tuesday's Daily.

Miss Caroline Lahoda who has been in the northwest for some time past visiting at the home of her sister Mrs. Dewey Zuchweiler, where there is the sweetest little nephew, named Henry Dewey Zuchweiler, that one ever saw. While there they had a siege of the Flu. Henry Zuchweiler, Mrs. Dewey Zuchweiler and Miss Lahoda all having the malady at the same time. They all have recovered from it and are doing nicely at this time. Messrs. Henry and Dewey Zuchweiler and families are both well pleased with the northwest, as they have done nicely while there.

RETURNS FROM HOSPITAL.

Miss Clara Mae Morgan, who has been at the Methodist hospital for a number of weeks, where she has been receiving treatment, and where several weeks since she underwent an operation for the removal of an overgrowth on her nose, and which has required quite a while for treatment. Miss Clara Mae returned feeling pretty well, though somewhat weakened and was accompanied by her mother who has been with her.

ALL RESTRICTIONS ON SUGAR REMOVED

Washington, Dec. 3.—Restrictions on the purchase of sugar for consumption in homes and public eating places were removed tonight by the food administration. Increase in the supply of Louisiana cane and western beet sugar and expectation that the new Cuban crop will begin to arrive soon permit abandonment of the sugar ration system, the administration said.

Since the cessation of hostilities the food administration has relaxed existing rationing gradually, until the ration had reached four pounds.
