WHEN EVERY MOVE HURTS

Lame every morning, achy and stiff all day, worse when it's damp or chilly? Suspect your kidneys and try the remedy your neighbors use.

O. H. Tower, carpenter, Vine St., Plattsmouth, says: "I suffered from a dull pain in the small of my back. It got so bad, I had to get on my knees and straighten gradually after I got down. The kidney secretions were much retarded in passage, too. I was told I had stone in my bladder and the medicine I took only gave me temporary relief. After taking one box of Doan's Kidney Pills, I noticed that the trouble was beginning to disappear and in a short time my health improved in every way."

PEACE CONGRESS WILL OPEN FIRST WEEK IN JANUARY

Final Action Expected to be Reached Early in May; Interallied Conference Will Assemble December 16 or 17; Wilson Informed by Wireless of Plans Made by Colonel House.

Paris, Dec. 6.—The opening of the peace congress at Paris has been set for the first week in January. It is expected here that the peace deliberations will last about four months. Unless unforeseen obstacles arise the belief prevails in well-informed quarters that final action will be reached toward the early part of May.

President Wilson will be informed by wireless of the plans for the assembling of the inter-allied conference and the meeting of the peace congress. He will also be advised

concerning the recent gathering of the supreme war council at London. In the meantime, reports that the president has approved of anything done at the supreme council are premature, as the steps taken at that meeting have not been made known to him until today.

Plans Formed at Conference.

The plans concerning the peace meetings will be at the foreign office Edward House's long talk with Premier Clemenceau, following a conference with Baron Sonnino, the Italian foreign minister, and the Earl of Derby, the British ambassador to France. It was the desire of the Americans to begin at the earliest possible moment.

The interallied conference will assemble December 16 or 17. The meetings will be at the foreign office in the Quai D'Orsay, and not at Versailles. David Lloyd George, British premier, and A. J. Balfour, foreign minister, expect to come here at that time to meet President Wilson and attend the conference but the elections in Great Britain may not permit them to remain more than two or three days.
