### THE SPEAKERS OF THE HIGH SCHOOL

From Thursday's Daily. Yesterday at the high school, where the Junior Red Cross drive was put over, and who addressed the different rooms, were for the Freshmen, Mr. Carl Wurl, and who made an excellent address as is evidenced by the result, Miss Alice Pollock, was the speaker for the Sophomore room, and proved to be able to convince that grade, and return 100 per cent, as members of the Junior Red Cross.

Janet Hajack addressed the Junior class, with the same good result as had been the success of the other two speakers. While Robert Kroehler was the experienced orator, who tackled the members of the Senior class who were saving their money to go into business next year, and they will graduate and enter the business world at the close of this term. He brought home the bacon.

Messrs. Mason and Edgar Wescott presided respectively at the piano, and snare drum during the entertainment. In all it was a very worthy entertainment for a worthy cause, and the realization of their ideal, the one hundred per cent.

### LITTLE CHILD DIES AT OMAHA

Three Year Old Child of Adolph Wesch, Jr., Died This Morning At Omaha.

From Saturday's Daily. Carl, the three year old son of Mr. and Mrs. Adolph Wesch, of Niobrara, son of Adolph Wesch and wife of this city, died at the St. Joseph Hospital at Omaha this morning at one o'clock, from a Mastoid Tumor, which was on the base of his brain. The little one first had the influenza and later, was afflicted with the tumor, and was treated at a hospital at Norfolk, and as he grew worse instead of better, the physicians at that place advised bringing him to Omaha, for treatment and care of a specialist. He had been at the Omaha hospital for nearly a week, his mother being with him. It was not thought that his case was so serious and the father had returned to their home at Niobrara, and was not present at the time of the death. He has been telegraphed for and is expected to arrive this evening. The arrangements for the funeral will be held in obedience until his arrival.

## SERGEANT EMIL J. HILD WRITES HOME

LETTER DATED NOVEMBER 23. SAYS STILL IN HOSPITAL FOR GAS, BUT IMPROVING.

### NEWS RECEIVED WITH JOY

Letter Deals With Life In Hospital But Does Not Indicate When He Will Leave.

From Thursday's Daily. Last evening Mr. and Mrs. Michael Hild, received a letter from their son Sergeant Emil J. Hild, in which he tells of his still being in the hospital in France, on November 23rd, and eighteen days after the time in the erroneous report of his having died of pneumonia.

Mr. Hild has at all times since receiving the first message, telling of the death of his son, held that the report was not true, as he knew that his son was alive four days after the report of his death by the government in the message. Investigation by Congressman Reavis, developed the fact that the message was erroneous, and that the young man was seriously wounded, which means was gassed to unconsciousness.

The letter coming now, is received with much joy by his parents, and other relatives, and also the fact by all of his friends wherever known.

### WHAT IS THE MATTER OF A HOSPITAL?

From Thursday's Daily. Just at this time there are a number of homes in this city where there is every member of the home down. It seems impossible for one to get the required aid, for their care. The physicians, who call on the homes often find it necessary to go into the houses in the dark, light a lamp and find out their condition, and often to see that the fire is going, and other little things which by reason of the illness of all the household they cannot attend to. There are a number of families where these conditions prevail at this time, and more where they have gotten over the worst of the disease, and some member of the family are up, and are trying to care for the others. An emergency hospital in this city would be an excellent thing, and an institution of this kind, would be an excellent thing, for the many cases which are now continually being taken to out of town institutions. The Turner Hall is a place which could easily be converted into a place for the reception of emergency cases, and there are many workers, in the various benevolent societies of this city who could care for the patients for short hour shifts, and relieve the suffering of the patients, and remove the added hazard, by lack of care for them during sickness.

### RED CROSS DRIVE MOVING ALONG

The Progress Towards Universal Membership Moving Ahead Rapidly, And Will Win. From Thursday's Daily. The drive for the Red Cross Universal membership, is bearing good results, and is still being pushed by the loyal citizens, with the idea of making and presenting to all the citizens an opportunity to become a member of this universal fraternity, with the single purpose of benefiting the whole country. Besides the boys in the foreign camps and those returned, as well as those in our own camps, there is a broad field for the exercise of the energies of the people in relieving the suffering of the people all over this land who from some peculiar cause have been distressed beyond measure. We all know that we have to meet the distressed and discomforts of this life as they come in every day affairs, but there is outside of this occasions, which cause widespread suffering, and isolated cases, where the peculiarity of the circumstances, demands that they be given succor. There is much work for this society to do and there is scarcely enough money to any ways go around, let alone there being any to spare. The man who says, "What are they doing with all this money, now the war is over," has an opportunity to look around and see what is doing in this world and to find out the needs of the people and then he will not be exposing himself to ridicule, for exposing his ignorance in asking the question.

R. Gobelman are doing the work.

He Was Weak and All Run Down. "I thought my kidneys might be the cause of my rundown condition and weakness," writes W. H. Frear, 63 Myrtle Ave., Albany, N. Y., "so I took Foley Kidney Pills, and they did the work. I cheerfully recommend them. You can use my name whenever you wish." They stop all rheumatic aches. Sold everywhere.

### HOME GUARDS MEET AT THE BARRACKS

A Most Interesting Meeting Was Had Of The Plattsmouth Home Guards. From Saturday's Daily. Last Thursday evening at their barracks in the court house, the Home Guards held a meeting preparatory to the discontinuing of their meetings in the future, as the influenza epidemic has and will probably make their assembling a difficult problem for some months. After the business of the evening had been transacted, they were dismissed, subject to a call, when something should be required for their consideration. The meeting was one of utmost cordiality between the members, and where everyone felt towards the other members as though they were brothers. They had some surprises in store, which was gratifying. On Nov. 7, when the first report came that the armistice had been signed, and the excitement ran high, the Home Guards patrolled the streets until after the midnight hour and after that time, went to the restaurant of J. W. Russell, where they ate their supper. When the lieutenant asked for the bill, he found that the bill was marked paid.

### HEARD BROTHER WAS DEAD.

Weaver, of this city, received the sad news, of the death of a brother, James Weaver, a young man and unmarried, who has for a short time been employed at the Potash works near Merriman, in the northwestern portion of the state. The remains were shipped to Omaha via the Northwestern railway and arrive there today. Mr. Weaver, departed this morning for Omaha, and will accompany the remains of his brother to the home of his parents, and former home of his brother, where the burial is to be made. Mr. Weaver in the message telling of the death of his brother, did not get other news than that of the death of the brother and his shipment to their home. The arrangements for the funeral will not be known until he shall reach their home with the remains.

### IT IS JUST A BOIL, THAT'S ALL.

From Saturday's Daily. Judge J. E. Douglas is having a squabble with a furuncle, which has located itself, and taken a pre-emption on the side of his nose, to his discomfort, and compels him to wear a bandage over one eye when out on the street. In other terms he has a boil on his nose. They are not very popular, but very entertaining.

Take Chamberlain's Cough Remedy and observe the directions with each bottle, and you are likely to be one of the fortunate ones. The worth and merit of this remedy has been fully proven. There are many families who have always used it for years when troubled with a cough or cold, and with the very best results.

His letter dated on November 11th, tells that the day the fighting had stopped, and the portion in which he was engaged, had been the most bitter, in which he had been engaged. The company in which he was in had been almost entirely wiped out. He had come out of the dust, and smoke of the conflict, without a wound. He sends greetings to his parents and friends, telling of his safety, and the loss of many, who were with him, but a short time before.
