A New Spirit of Good Will. Thanks to the opportunity given it by the War Department at home and abroad, a new spirit of good will has grown up around Dodge Brothers Motor Car. They are telling it to their fathers and mothers, their worshipping small brothers, their sisters, their sweet-hearts and their friends. It is the central figure in many a stirring story told about the family fire-place. To many a white-haired American mother it means something more, as it goes by, than just a motor car. She links it, somehow, with what her own boy did, with what America did, and with what America stands for. Dodge Brothers are proud that theirs was the one car of its type and class chosen by the War Department. They are prouder still that it has been taken into the hearts and homes of the American people. The old folks, and the little folks who don't forget, are spreading a leaven of good will which will endure for years to come. Dodge Brothers cherish this new spirit of good will which has come out of the world war as their most valued possession. The gasoline consumption is unusually low. The tire mileage is unusually high. JOHN F. GORDER, PLATTSMOUTH, NEBRASKA.

Since the government has imposed an income tax on the earnings of all foreigners, of two per cent of their yearly earnings, it is stirring many of the people, who have thought to have profited by the fact of living in this country and have avoided the obligation of citizenship, to a realization that it is better to be full and true American, than to expect this country to carry one along, while they enjoy the benefits of a residence here, and allow the country to get along without their allegiance. John Breckage of Enid, Okla., who has just been discharged from the army at Camp Funston, arrived yesterday and departed in the afternoon for Murdock, where he is visiting at the home of his uncle Henry Meyerjirgen, for a short time before going to his home in the south. Claude Hutcheson, who has been at Camp Raleigh, N. C., where he was in training, as one of the fighting force of Uncle Asm. He was for some time at Greenville, N. C., as well for some time, but since the signing of the armistice, had been sent to Camp Dodge, where he has been since the 26th of December and was mustered out yesterday, and arrived here today. Raymond Walsh who has been here for the past few weeks, taking his vacation and visiting with his relatives here, departed this afternoon for his home in Omaha, where he returns to his work with the Delco Ignition people.

LOCATE YOUR NEW HOME ALONG THE BURLINGTON. Soldiers, sailors and civilians, in seeking free homestead lands or buying deeded lands, will do well to search in the territory served by the Burlington Route. Its lines through Western Nebraska, Wyoming, Colorado and Montana have been populated within the past twenty years by a civilization of the most prosperous type. There are yet in the Wyoming territory served by the Burlington large areas of grass-covered lands for homestead entry in 620-acre tracts. You can buy deeded lands for dairy farming in Western Nebraska and Eastern Colorado on terms that any good farmer can meet. From year to year the Government is opening irrigated lands in the Big Horn Basin, with perpetual water rights almost a gift. If you settle along along the Burlington you rear your home in a progressive locality, where every community is increasing in population. Write me. I want to start you thinking as to where you or your son had best locate. S. B. HOWARD, AGRICULTURAL AGENT, 1004 Farum Street, Omaha, Nebraska
