### THE ST. MARY'S GUILD IN PLEASANT MEETING

From Wednesday's Daily. The St. Mary's Guild, of the St. Luke's Church, held their regular meeting at the beautiful Gering home yesterday afternoon, at which time they were most royally entertained by Miss Barbara Gering, who has been one of the leaders of this excellent organization for the past several years. The meetings at the Gering home are always looked forward to by all the members of the Guild, and the absence of any member is always a disappointment to Miss Gering and that unfortunate member also. The usual business of the Guild was transacted in the regular form, with the election of the annual bazaar presidents for the coming year, the apron department being placed in the care of Miss Dora Fricke, and the fancy work being placed in charge of Mrs. R. A. Bates. The past year was a very successful one for the St. Mary's Guild, and they deserve a great deal of credit for the interests and benefits they have taken and been to the church. The usual line of excellent refreshments for the afternoon had been prepared by Miss Gering, and it was quite a treat to all the ladies present.

Just then he turned around and we caught a happy expression on his face, and glancing up he caught the eye of the reporter, and said "I will tell you". And so he did, he said it was a girl, and that both the Little Miss, and her mother Mrs. Sherman Taylor, formerly Miss Gladys McMaken, were both doing well, but as the condition of the father Sherman Taylor, and Grandpa J. H. McMaken, time alone will tell. It is no wonder our friend is stepping high.

## Continuing Our Wonderful JANUARY Clearance Sale!

---that is offering you such rare bargains

Here is the truth regarding the Cotton Goods situation as it will exist this coming season—this information appearing in the leading dry goods trade paper:

"The demand for American cotton during the coming year is likely to be unprecedented. Owing to drouth and a decrease in acreage, the Indian cotton crop is the smallest in 16 years, falling about 2,000,000 bales short of normal. This shortage will have to be made up by America."

When one takes into consideration the world shortage of cotton goods, it is easy to understand why prices will be high and merchandise scarce. Our sale is giving you the benefit of merchandise bought many months ago at prices much below today's level.
