

"Blue"
is always good!

It is not uncommon to hear this expression: "Serge always wears good." Realizing this, the Cloth Craft shops have gone one better and have specialized on Serges. They buy the cloth in immense quantities, making it up by scientific methods and then sell it to us at a marked saving.

That is why Clothcraft Blue Serge specials in their many models represent the utmost in value.

"DOLLAR GETTERS" OR "DOLLAR GIVERS," WHICH?
David Hinshaw Takes Americans to Task for Unconcern at the Starving of Millions

From Thursday's Daily.
America has been called the "Land of the Almighty dollar," and certain surface indications in our national make-up have partly justified this characterization. The folks of the vast country west of the Alleghenies are scarcely more than two generations removed from pioneers who wrested life and fortune from Nature. Many of those on the Atlantic seaboard are immigrants from Europe who have come to this land of opportunity and promise to better themselves and their children. The struggle for advance, comfort and means still in our blood, therefore occasionally gives us the appearance of "dollar getters." But the great majority of us have fully appreciated that money making is not our fundamental aim.

The fine spirit of equality, the certain elimination of class lines which exist in Europe, the gradual removal of chronic poverty should have characterized us as practical idealists. But we were judged by appearances. Then came the Great War.

We entered this war for no material gain, but that autocracy might be forever crushed from the earth; that small nations might be protected from large nations; that the agreement between one nation and another nation might be sacred and binding. We ask nothing for ourselves; we insist only that humanity shall be benefited. Now we are being acclaimed as the world's greatest idealists.

Because we entered the war late and the surface of our home life and our industry has been merely scratched, it is our particular duty to see this great effort through to the very end. More than four million persons are looking to American generosity for their very lives. The big task is all but completed. One corner alone needs to be cleaned up. America must finish the job. Impoverished, stricken Europe can help but little. When America has cleaned up the last corner, the Near East, as she will certainly do, we will be known as the land of "dollar-givers" and not the land of "dollar-getters."

DAVID HINSHAW.

George Verhule was called to Omaha this afternoon, where he had some business matters to look after.

PURCHASES DR. COOK'S LIBRARY
From Thursday's Daily.
Dr. E. W. Cook during his term of practice in this city, has accumulated a very extensive library, of medical lore, and has with every new addition of the treatise of any of the branches of medicine of surgery, added what there was of knowledge in the subject and kept abreast with the science as it progressed. He had accumulated a large number of volumes, embracing all divisions of the practice. When he has been elected to the position which he now occupies, as head examiner of the Modern Woodman of America, he has had no use for the library, and yesterday disposed of the same to Dr. R. P. Westover, and today had the same removed to his office in the Coates block. Dr. Westover is a young practitioner, having considerable experience, and comes to this city with bright prospects. He is capable, energetic, well read, and will endeavor to please.

The Plattsmouth Players, While Defeated By South Omaha Are Some Players.

From Saturday's Daily.
Superintendent G. E. DeWolf, of the Plattsmouth City schools, with his bunch of basket ball players, consisting of Harley Cecil, Hilton Martin, John Sattler, Roscoe Hill, Joseph McCarthy, the regular team and Carl Thomas and Carl Schneider. They were accompanied by some of the young ladies of the high school here who were offering encouragement. But it would seem that it was not necessary to have much of that article, for the team here went after the proposition like a whirlwind, and when the smoke of the battle was cleared away it was found that the Plattsmouth boys had walloped the Havelock bunch to a frazzle, the score being 27 for the Plattsmouth team and sixteen for the Havelock bunch. Still this was a good game, and was enjoyed by all who attended. The Havelock boys are a fine set of fellows, and we will be glad to welcome them to this city for a return game.
