Frank Hobbs Hurt
Frank Hobbs, who is now working with a bridge crew in Omaha, was knocked from a trestle work Monday evening and was quite seriously injured. Both ankles were broken and his skull quite badly crushed, and at the time the message was received here, the injured man was in the hospital in an unconscious condition and the seriousness of his injuries could not be told at that time. The injured man was quite well known in this part of the country, being a brother of Mrs. John Robbins, but had lived most of his Cass county life down near Weeping Water. He had been working in Omaha for some time past.

Charley Reed is one among the tractor owners of this community. A new Parrott was delivered to him on Tuesday of this week, which he purchased through the agency of W. H. Frank Lillie and family went to Plattsmouth Wednesday of this week to spend the day at the home of Mr. Lillie's parents, it being the occasion of his father, Mr. Justice Lillie's eighty-fourth birthday, who at the present time is quite feeble, but has been enjoying fair health for one of his years. Mr. Lillie has been a resident of this county for many years, and has always been an honest, fair and square man in all his dealings, and has made a host of friends, who join with the Journal in wishing that he may live to enjoy many more birthday celebrations.

Good Roads Talk

The good roads talk is still occupying the minds of most of the citizens of this community for the past few days and interest in the good roads movement seems to be growing every day, and the main issue of the present hour is the proposed government road running through Cass county from east to west, which was originally platted straight west from Murray to Waverly, but the bill being introduced into the legislature designates the O street road west from Union. The change has sure stirred up the people and taxpayers residing along this old line, also the entire north half of the county as well, all feeling that fully three-fourths of the county will be more benefited by the originally laid out highway. There was to be a committee meeting of the legislature held in Lincoln on Tuesday evening of this week, and there were a large number of representative citizens from all over the county who went to Lincoln to meet with the committee, Murray being well represented, also Plattsmouth, Louisville, Manley, Murdock and others residing in the center and north half of the county, all of whom are strongly in favor of the old platted line.

While in the city he paid the Journal office a brief call, and while we were surprised, we were more than pleased to see him looking so well. For the past year Mr. Young has been almost continually under the weather, and at times in a very serious condition, as the result of his fall from an apple tree more than a year ago. His hip was so seriously injured that he was in the hospital for several months. He is sure the very picture of health at this time, and looks as though he was good for many more years, providing he remains on the ground, and he promised us he would not attempt to climb any more apple trees.

RURAL CARRIER EXAMINATION.

The United States Civil Service Commission has announced an examination for the County of Cass, Nebr., to be held at Plattsmouth on March 8, 1919, to fill the position of rural carrier at Avoca, Nehawka and Union and vacancies that may later occur on rural routes from other post offices in the above-mentioned county. The examination will be open only to male citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth in Form No. 1977. This form and application blanks may be obtained from the office mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practicable date. Admission of women to this examination will be limited to those who are unmarried and to the wives of soldiers and sailors serving in the present war.

The vacancy at Nehawka and Union for which this examination is announced is caused by the enlistment of the carrier formerly employed on the route. Upon his honorable discharge from the military service of the Government he will be entitled to reinstatement to his former position as carrier on this route in accordance with the statute approved July 28, 1916, which is as follows:

"Any postal employee who has entered the military service of the United States or who shall hereafter enter it shall upon being honorably discharged therefrom, be permitted to resume his position in the postal department which he left to enter such service."

However, any person appointed to this position may, in the discretion of the Post Office Department, be assigned to other parts of the postal service; or transferred to other branches of the classified service for which he is eligible.

THE MOST EXCRUCIATING TORTURE

Sleep is a state of rest which is absolutely necessary to the human body. There is no torture equal to that which the deprivation of sleep entails. The most ingenious of torturers placed the deprivation of sleep at the head of their torture list. But sleeplessness is very often caused by stomach disturbances, and in such cases Triner's American Elixir of Bitter Wine is the most purposeful remedy. It cleans the stomach and removes the cause of the trouble. At all drug stores, \$1.10. Rheumatic and neuralgic pains, lumbago, sprains, sore muscles, etc., require a remedy which goes to the root of the pain. Triner's Liniment has proven itself of the greatest service in all such cases. Here is only one of many thousands: "Waymart, Pa., Dec. 16, 1918. Send me 1 bottle of Triner's Liniment. It does great relief. Jessie Senbitt." At drug stores 25 and 61 cents, by mail 45 and 75c." Joseph Triner Company, 1333-1343 S. Ashland Ave., Chicago, Ill.
