Spivy Says Wife Does Work First Time in Twelve Years—Gains Twenty-Eight Pounds.

"You ought to hear the way our neighbors are talking about Taniac since my wife's recovery," said W.

Plattsmouth Garage J. E. MASON, Proprietor Reo Service Reo Cars and Trucks The New Reo 4-Passenger Coupe For: the man who uses his car every day in the year; who must cover much ground and be in many places every day, regardless of weather conditions, this Reo is especially made. We cordially invite inspection of it.

A. Spivy, motorman No. 95 for the Kansas City Metropolitan Street Railway, and a valued employee of the company for twenty-three years. He and his wife and interesting family of children live in their own home at 116 South Church street, Olath, Kansas.

"Mrs. Spivy has been in poor health for fourteen years," he continued, "and almost every month during that time she was under treatment of some sort, but she never got any relief that we could notice. She had no appetite and there were mighty few things she could eat and what little she did force down soured on her stomach and gas would form and make her so miserable that she would have to lie down for a while. She almost always had an awful pain in the small of her back and she suffered from blinding headaches and sometimes she would be so dizzy she would have to put her hand on something steady like the back of a chair to keep from falling. She suffered from nervousness so that some nights she could hardly sleep at all and she never did know what it was to get a good night's rest. She kept growing weaker and weaker and was so bad off that twice in the past six years she was given up to die. We thought we had tried everything to help her and didn't know what else to do when a lady friend of hers told us about Taniac. I bought the first bottle about three months ago and almost at once she began to show her strength was coming back, but the wonderful improvement has been in the past two months.

"She has a good appetite now, and can eat anything she wants like apples, cabbage, pies and meats of any kind. Any one of these things before she began to take Taniac were just like poison to her. She doesn't suffer a bit from sour stomach or gas and she gets so much good from the things she eats, that she has gained twenty-eight pounds in the past two months. She is entirely rid of that pain in her back and the headaches are gone too. Nobody could tell that anything had been the matter with her nerves they are so quiet now, and she sleeps about nine hours every night. She has gotten so strong that she is doing all the housework for our family of six, and doesn't mind it a bit, and it is the first time in twelve years that she has been able to do any work at all. She is more like she used to be fifteen years ago that I ever hoped to see her and I feel just
