Dr. Worthman reports the community entirely free from any influenza cases at present, which is very agreeable news indeed.

Miss Esther Hart, of Lincoln, returned home Thursday after a week's visit with her aunt, Mrs. W. F. Diers and family. Miss Hart and Mrs. Diers were Omaha visitors Monday.

J. O. Ward is happier than he has been since he recovered from the flu. He is grandpa to a nine pound boy that arrived at the home of Mr. and Mrs. Edward Ingram, Jr., on Tuesday, February 11, 1919. Ed Ingram says he has just moved to town although his family have been here for several months. Ed had so much to look after out on the farm before he could finally let loose and turn it over to the boys, that he

feels he had not really become a citizen until last week. He says there comes a time in every man's life when he must surrender the reins to younger hands, but like most of the retired farmers who come to town to live, he feels somewhat out of place. It will be a long time before he will be content to remain in bed after sunrise, for he would much rather be looking after the stock and working up an appetite for breakfast.

Getting Rid of Coughs
The easiest and quickest way to get rid of a cold is to take Chamberlain's Cough Remedy. This preparation has been in use for many years and its value is fully proven. No matter what remedy you use, however, care must be taken not to contract a second cold before you have recovered from the first one, and there is serious danger of this. A man of middle age or older should go to bed and stay in bed until fully recovered. It is better to stay in bed three days at the start than three weeks later on.
