### Farmers Please Note

## 5% Early-Delivery Discount On Mogul and Titan Tractors

Nearly five thousand of our boys in khaki and blue are coming back to work. We shall, of course, make a place in our organization for every one of them, but we wish to do it without throwing out of employment the men who took their places and have worked faithfully for us ever since. This is not going to be so easy for us as for some others, because the Government designated ours as an essential industry during the war, and we actually increased the efficiency of our organization after our boys left to join the ranks.

We can, however, give steady work both to our present help and to the returning soldiers and sailors, IF WE CAN BRING ABOUT AN IMMEDIATE INCREASE IN TRACTOR PRODUCTION. In order to do this we must move forward to the farm some thousands of tractors that are ordered for delivery at various dates up to May 1st, and we shall also have to ship a large number of tractors that farmers intended to order later this season, but could just as well take now. To those farmers who are so situated as to be able to take advantage of it we make the following proposition:

### Our Early-Delivery Discount Plan

If you will take delivery of a Mogul or Titan tractor now, we will reward your co-operation as follows: To those who will accept delivery of a Mogul or Titan 10-20 on or before March 8th we will give an Early Delivery Discount of 5 per cent from the price of the tractor. (This amounts to \$61.25 in the case of the Titan 10-20 and \$56.25 on the Mogul 10-20.)

After March 8th the following discounts will be given:  
For delivery during week of March 10 to March 15, inclusive.....4 per cent  
For delivery during week of March 17 to March 22, inclusive.....3 per cent  
For delivery during week of March 24 to March 29, inclusive.....2 per cent  
For delivery during week of March 31 to April 5, inclusive.....1 per cent

This discount will go a long ways toward paying the fuel bills of your tractor during this season.

By taking advantage of this Early-Delivery Discount, you will not only be helping yourself, but will enable us more easily to put back to work our army of returning boys without breaking up our present organization.  
You will find that you need a few weeks to get acquainted with your new tractor. The man who has his tractor early can become familiar

with it, so that when the first day of good plowing weather dawns, he will be able to get in the field without a moment's lost time. That in itself is a very good reason for taking early delivery.  
Go to your dealer and tell him that you will accept immediate delivery of your Mogul or Titan 10-20 horsepower tractor, so he can make up his carload shipments without delay.
