PLATTSMOUTH BOYS WON OUT LAST EVENING

PLAYED TEAM FROM NEBRASKA SCHOOL FOR DEAF MUTES ON HOME FLOOR.

MUTES PROVED GOOD PLAYERS

No Shouting "Put Her 'ere" as the Game Progressed—Score was 38 to 18 in Our Favor.

From Saturday's Daily.

Those who expected to see a good game of basket ball last evening between the local high school team and the Nebraska school for deaf mutes, were not disappointed. True, the game lacked some of the noise so frequently heard from the players in moments of intense playing, but the boys from the state school were alert and on their toes all the time even though handicapped by utter lack of hearing and speech.

A good preliminary game between two teams picked from the high school, was staged before the main event. It was one filled with much interest.

The beginning of the game with the visiting team was watched with more than ordinary interest on account of the state school boys' inability to talk and the spectators were anxious to observe what sort of playing tactics they would rely upon. It was soon noticed however that the boys were well trained in the game and could hold their own with any ordinary team. But the fast Plattsmouth Five proved a little too much for them and gradually forged ahead until at the end of the second half the score stood 38 to 18.

The number of games the mutes have lost so far this season is very small, and they are in good position to have won a pennant had there been one to contest for. They are a very well behaved bunch of boys, and know the rudiments of basket ball first rate, even though they can't tell you anything about them. But we rather believe that's a better combination than being able to tell you all about them and not know anything about them.

This leaves the Plattsmouth team with a very enviable record and in first class shape to enter the state tournament at Lincoln on the 12th, 13th and 14th of this month.

SERGEANT EDGAR L. GLAISE RETURNS

Last evening Edgar L. Glaise, who enlisted here as a member of the Machine Gun Company of the "Dandy Sixth" arrived here from Camp Dodge, where he was mustered out of the service yesterday morning.

Sergeant Glaise was a visitor here last fall for a short time, and returned to his company at Camp Hancock, Ga., where he stayed until he has just recently been sent to Camp Dodge for discharge.

Sergeant Glaise went to Camp Cody with the Dandy Sixth, from Omaha, where he remained for some time and proving to be a very valuable man, was selected for transfer to Camp Hancock, where he was used as a training officer, and where he was retained until sent to Camp Dodge to be mustered out. Sergeant Glaise, will visit here for a short time, and they will go to Preston, where he will visit with his parents and later go to the western portion of the state, where he will visit with his brother, after which he will return to Plattsmouth and will enter the Burlington shops where a position awaits him.

SURPRISED THEIR FRIENDS LAST NIGHT

From Saturday's Daily.

A large number of the friends of Mrs. Conrad Lynch last evening after having met at a nearby member of the crowd proceeded to the home of Mrs. Lynch, where they completely surprised that good lady, and it was especially pleasant as she had prided herself that she could not be surprised. The evening was spent in a very pleasant manner, which was crowned by a delightful lunch which was brought with the ladies.

This is in evidence of the friendship which the ladies entertain for Mrs. Lynch and husband. The occasion being a farewell reception, as Mr. and Mrs. Lynch will shortly depart for Kansas, where they will visit for a short time and after which they will depart for Lusk, Wyoming, to make their home. It was a double surprise as it was a

welcome to Mrs. Charles Lynch who is moving here from their former home at Peace Valley, Mo.

BACK FROM THE NAVY

From Saturday's Daily.

Leonard Schaefer, formerly of this city, but who has been away for some time, returned yesterday and is looking fine. Mr. Schaefer, who was a machinist by occupation, enlisted in the Navy for the duration of the war and arose to be chief machinist on the U. S. S. Vega, being slated for Ensign when the armistice was signed. Leonard is a very able workman, and returned to visit his many friends here for a short time. He has not as yet made up his mind what he will do.

CHESTER B. BRIGGS ARRIVES AT HOME

From Saturday's Daily.

Last evening, Chester B. Briggs, who has been in the navy at San Francisco for the past seven months, arrived home from the Great Lakes, where he was discharged from the service Wednesday. With the remaining members of his family, he is glad to be at home again. While the war was on, he, with the rest of the boys at the training station, was anxious to get a go at the war ships of the enemy, but with the signing of the armistice, the cause of their joining was removed, and home looked better than the routine of navy life.

HAPPY OVER THE ARRIVAL OF A BABY GIRL YESTERDAY

From Saturday's Daily.

George O. Dovey was a passenger to Omaha this morning, where he went to visit a little niece, who arrived at the Dr. Pollard hospital last evening, and is the daughter of Mr. and Mrs. William Goehner. The mother and little daughter are doing nicely. Mrs. H. N. Dovey, Mrs. Goehner's mother, is with the daughter and granddaughter. All are well and pleased over the arrival of the little Miss, who is bringing sunshine and increased happiness.

CHIEF ENGINEER ALMOST GIVES UP

THOUGHT HE WOULD HAVE TO STOP WORKING—TANLAC MAKES HIM WELL AGAIN.

"To my mind Tanlac is the greatest medicine in the world," said O. H. Mahaffey, chief engineer of the Life & Casualty building, Nashville, Tenn.

"For two years," he continued, "I suffered awfully with the worst kind of stomach trouble and went down until I lost forty-eight pounds. My back ached terribly and I suffered so much misery from indigestion that I thought I had an ulcerated stomach, and was actually afraid to eat anything but a little oatmeal and sweet milk. I got weaker every day till finally, as nothing I took did me any good, I thought I would just have to throw up my job."

"My wife read in the papers where a man who had suffered like I was had been helped by taking Tanlac, and she begged me to try it. After I had taken Tanlac a few days I began to get hungry and started in eating like I was starved, and nothing hurt me a bit. Soon those awful pains in my stomach and back were gone. I sleep fine at night now and get up in the morning full of life and energy and ready for my work."

Tanlac is sold in Plattsmouth by F. G. Fricke & Co., in Alvo by Alvo Drug Co., in Avoca by O. E. Copes, in South Bend by E. Sturzenegger, in Greenwood by E. F. Smith, in Weeping Water by Meier Drug Co., in Elmwood by L. A. Tyson, in Murdock by H. V. McDonald, in Louisville by Blakes Pharmacy, in Eagle by F. W. Bloemenkamp, and in Union by E. W. Keedy.

PRISON SPOILS A PROPHET, IT IS LEARNED

TEN-YEAR SENTENCE PUT A CRIMP IN ELIJAH IT'S RELIGIOUS SECT.

GOOD BEGINNING--POOR ENDING

After the Rev. F. W. Sandford, Founder of "Holy Ghost" Cult, Did Time for Manslaughter His Followers Found A Change.

From Thursday's Daily.

Ten years in the federal penitentiary spoils a prophet. At least that is what the disciples of the Rev. Frank W. Sandford are beginning to think. The other day two of the leading "elders" of Sandford's Holy Ghost and Us Society at Shiloh, Me., renounced the faith and left the palatial quarters at Shiloh in the belief that prison walls don't have the right results on a man who says he is the second Elijah.

The followers of the prophet are deserting by the scores and the religion that flourished for a quarter century appears doomed unless the Reverend Mr. Sandford can show he profited by his prison sojourn as did Bunyan.

Twenty-five years ago Sanders, with the capital of a wheelbarrow and a few dollars, started to build a "mighty temple to the glory of God" on the top of a hill near Durham, Me. As the news of this curious project went abroad hundreds flocked to his assistance and soon the buildings assumed great proportions. It took on the semblance of a colony and every day new pilgrims came and carried with them substantial gifts. Many sold their farms and brought their families, turning over all of their possessions to Sandford. A common fund was used for the construction of the temple.

Prayed In Relays For Years.

The first apartment finished in the structure was a little room away up in a tower with round windows. Here a "saint" was set at prayer, and even until today prayer has never ceased in that room, relays of the brethren being in constant worship.

Soon after the temple was completed the colony numbered several hundred persons. They were studying the Bible and making themselves fit to win the world from its ways of wickedness. The method of housekeeping was co-operative. From the general fund came the support of the members and the

temple, then valued at \$200,000, served as shelter.

In the midst of this prosperity Sandford got a "call" to visit far off shores and convert the inhabitants. He chartered the yacht Coronet, and with fifty of "those nearest to God" embarked on the mission. The crew fell ill from exposure and lack of food, but even then Sandford refused to turn back. Finally when six sailors had died he consented to end the cruise on the west coast of Africa.

Sentenced For Manslaughter. When he returned to the United States he was arrested and sentenced to ten years' imprisonment on a manslaughter charge.

Throughout the time Sandford was serving his sentence he maintained his innocence and promised that the Holy Ghost would rent asunder the walls of the prison and free him. His followers waited ten years for his delivery, and when his freedom came by means of expired time their faith began to wane, and the temple at Shiloh lacked the old time prosperity. A report says a son of Sandford, a private at Camp Devens, has renounced the sect and will not return to Shiloh on his discharge from service.

\$60 BONUS READY FOR ALL DISCHARGED SOLDIERS NOW

Discharge Certificate and Statement of All Military Service Since April 6, 1917 Required

From Saturday's Daily.

Returned Plattsmouth soldiers and sailors are now entitled to receive the \$60 bonus authorized by recent act of congress. All that is necessary is to send your claim to the Zone Finance Officer, Lemon Bldg., Washington, D. C., accompanied by a certificate of discharge and a statement of all military service since April 6, 1917, when the United States entered the war. Persons in the service at that time and who were later discharged only to rejoin again are not entitled to a double bonus, and that is the reason the statement of military service is required. When settlement is made all papers will be returned together with a remittance of the amount.

MURRAY OVER THE TOP, AS USUAL

Raised a Goodly Sum for the Relief of the Starving Armenians and Syrians.

From Saturday's Daily.

This morning, Rev. Levi W. Scott, who has had charge of collecting the funds for the relief of the starving Armenians and Syrians, received a draft from Murray for the sum of \$204.00, which has been raised by the people of that bustling little city. The work there has been in the hands of Miss Cora Brunson, who is one of the teachers in the Murray schools and her earnest and enthusiastic efforts on behalf of these poor starving people were productive of much good.

The people of Murray always do the things they undertake in whole-hearted fashion and with so good a hustler in charge of this movement it simply couldn't fail.

CARD OF THANKS.

We desire to extend to those of our friends and neighbors, who so kindly ministered to our needs, and who offered sympathy, and by their kind acts, sought to alleviate the suffering and loss, of our beloved mother, sister and wife, at the time of her death. Also to those who did the singing at the funeral, and for the floral tributes.

A JAIL SENTENCE FOR BREAKER OF MIGRATORY LAW

From Saturday's Daily.

Hunters who for two years have been merely "booked" for violation of the federal migratory bird law henceforth will get nothing short of 60 days in jail in addition to fines up to \$500 each, according to Chief Game Warden W. W. Koster.

The prosecutions now are under the treaty with Canada since the federal law, which held up prosecutions pending the testing of its validity, has been
