CELEBRATE ORGANIZATION OF WAR SAVINGS SOCIETY

EXCELLENT PROGRAM IS GIVEN BY PUPILS OF THE SCHOOL WEST OF MYNARD.

Miss Gladys Hall, Patriotic Teacher of This Country School—Mrs. Wescott Led Singing.

From Friday's Daily. Last evening, at what is known as the Wettencamp school, west of Mynard, there was held a very enjoyable celebration incident to the organization recently of a war savings society. The teacher Gladys Hall, has shown much patriotic enthusiasm in her efforts, and they have been rewarded by a good, healthy, growing society composed of very nearly all the people who reside in the district.

At the program last evening, one of the features was the Salute to the Flag, participated in by all present. Later the school, under the leadership of Mrs. E. H. Wescott, sang "Columbia, the Gem of the Ocean." The fervor with which all joined in singing this showed conclusively where their hearts and sympathies are.

Miss Hazel Schütz followed with a paper, "Why I Should Say." This was an excellent composition and it was appreciated by all.

Miss Viola Sutton read a paper of her own preparation, entitled "Winnings of Nickels and Dimes," which was an argument in favor of saving and was likewise very good and timely.

Following this Mrs. Hazel Smith, matron of the Eastern Star Orphanage and Regent of the Daughters of the American Revolution, gave a history of the American flag, and also presented the new society with a flag card, telling how a flag should be displayed.

Mrs. E. H. Wescott sang The Star Spangled Banner in connection with Mrs. Smith's talk, which was followed by a reply from the teacher, Miss Hall, who thanked Mrs. Smith on behalf of the society.

Glenn Wettencamp followed with a paper, "How I Should Say," which in a way was an answer to the paper of Miss Schütz, and was good to the very last sentence.

The school, united in singing the popular song, "Coming Home," and

its rendition was much appreciated by those present.

E. H. Wescott spoke very effectively and convincingly of the boys and girls of tomorrow.

Teddie Carey followed with an exposition of the War Savings society and why it should be patronized.

The meeting proper was brought to a close by the singing of "America" by everyone, and after this was served a delightful lunch prepared and furnished by Mesdames C. D. Geary, J. M. Wiles and A. A. Wettencamp.

HAD RALLY AT SCHOOL YESTERDAY AFTERNOON

From Friday's Daily.

As a preliminary to the basketball game which was played last evening at the gymnasium, there was a rally at the High school, where the players were all congregated and had a fine time anticipating the result of the game to be played last evening with the Havoc team as well as the one to be played this evening at Nehr, City. Superintendent G. E. DeWolf presided and Harley Cecil and Roscoe Hill spoke of the delightful time which they had had at Auburn while there, and mentioned the fact that the hotel man at that place had said the team from this city was the best behaved team that had been there this year. After this came an address by Carl Schneider, who told of team plans for the coming year. E. H. Wescott, secretary of the school board, was also present and gave them words of encouragement. Then came some songs led by Mr. McPrang and the ball team. The rally concluded the afternoon's rally.

Mr. Boetel is an experienced truck or auto driver and is well qualified to handle this class of work.

From Friday's Daily.

A. Nesladek is in the city arranging to move to Omaha, where he is employed with the Ford Motor company. He is experiencing trouble in finding suitable property in which to live in the city, as desirable rental property is at a premium. There is plenty of property for sale but little to rent and he fears he will have to purchase in order to have a place in which to live. He is considering moving to Benson, where he can live and still do his work in Omaha.

ATTENTION PLEASE.

Blue Triangle Campaign of Y. W. C. A. 1919.

It will be remembered that the Young Women's Christian Association carried on a big drive during 1918 to raise funds to carry on War Work which it, like many other organizations, found brought into its path of labor by the war. That War Fund Budget cannot be touched for anything but war work and therefore it has been found necessary to hold a campaign to raise funds for the regular work in our country during the year 1919. The field of that work has been enlarged for the Y. W. C. A. as it has for the church, or for business, or for any worth while enterprise. It has become necessary to take in more territory and hence it must reach out in more territory for aid. So whole states have been organized and just now the North Central Field composed of North and South Dakota, Nebraska, Minnesota and Iowa are carrying on a campaign to raise \$122,555. Nebraska is assessed for \$20,324 and is lined up to work and already some of her counties as Richardson have com-

plete working organizations and others are getting ready for such. Not so Cass County: so the State Chairman has selected workers to raise the quota asked for this County. Those workers have made their plans and divided the county by precincts, appointing a sub chairman in each and apportioning the amount each precinct should raise. Everything will be in readiness to begin and complete this campaign in Cass County during the week, beginning March ninth. When the collectors call upon you, please be ready with your contribution. If you don't fully understand to what you are giving, ask the chairman of your precinct; she will be able to explain in general, for the extent of Y. W. C. A. work is too great and results too far reaching to be explained in detail in a short time. At the close of the campaign a report will be made through the papers, the same as the announcement is being made and the workers will sincerely thank you for so generously aiding them in this work.

THE CONSOLIDATED SCHOOL SURE TO COME

The Proposition is Now Up For Consideration and May Go Through.

From Friday's Daily.

If H. R. 354, Jacob's redistricting bill, becomes a law, it is believed that the days of the lonely school room will be numbered. The one-teacher schools may soon be eliminated. The larger district plans look to consolidation. The little school houses in the sand hills will grow into neat frame structures. There will be two or three teachers to care for the scholars at noon and during recesses. The bill looks to the wiping out of the weak and establishing of the strong. It provides for the appointment in each county of a committee consisting of the county superintendent and two other persons. Within thirty days after the act becomes a law, these several committees are to meet in convention with the state superintendent to discuss proposed changes in boundaries and redistricting. Within ten days after this conference, the committees are to commence actual work. It appears to be for the best interests of all parties concerned, territory from two counties may be included in one district, such district to be created through joint act of the committees from the two counties and affirmed by those qualified to vote at school elections.—Elmwood Leader-Echo.

ARE MAKING SOME COMPLAINT.

There are many complaints coming into the office of the county attorney at this time regarding the neglect of live stock. The charges are generally for not feeding or for letting the stock go without water. The laws touching on this matter are pretty severe and the one found guilty of disobeying them is in for a serious penalty. It would be well to look to the matter of giving your stock the proper care, lestwise you may find yourself in serious trouble through your neglect.

The council also discussed the military, naval and aerial conditions to be imposed on the enemy.

Disarmament of Germany is demanded in a resolution adopted by the army committee of the Chamber of Deputies. The resolution says that the committee "taking into consideration the danger to which France would be exposed by the continuation of any industrial activities connected with war fabrications and the maintenance of an armed force in Germany, invites the government to insist that the peace conference obtain the disarmament of Germany."

ATLANTA BUSINESS MAN IS ENTHUSED

SINCE TAKING TANTIAO ALMAND SAYS HE FEELS AS WELL AS HE EVER DID.

"If you had seen me before I began taking Taniao you would hardly believe me to be the same person," said A. F. Almand, a well-known seed merchant of 271-3 Peters street, Atlanta, Ga.

"For more than a year," he continued, "I suffered terribly with stomach trouble. After eating anything I would always have gas on my stomach and would constantly belch up my sour undigested food. I suffered with heartburn constantly and was extremely nervous. My liver was sluggish and I was bilious, too. I felt languid and tired most of the time and often felt so bad that I could hardly attend to my business properly.

"I heard so many people praising Taniao that I began taking it, too, and by the time I had finished my second bottle I had gained nineteen pounds. I never suffer now with heartburn or indigestion and am not nervous like I was before. I sleep well and get up in the morning feeling fine and ready for a hard day's work."

Taniao is sold in Plattsmouth by E. G. Fricke & Co., in Alvo by Alvo Drug Co., in Avoca by O. E. Copes, in South Bend by E. Sturzenegger, in Greenwood by E. F. BARBER BILL ORDERED TO THIRD READING; MOVE TO POSTPONE IT IS LOST

Lincoln, March 6.—About the most effective argument made in favor of House Roll 112, a bill introduced by Foster, of Douglas county, to provide for a state examining board and the regulation of the barbering trade and barber colleges was by Representative Starlevant, who declared that barbering was a dangerous operation and should be surrounded with every safeguard that would make it painless as well as hygienic.

Foster, introducer of the bill, told the committee of the whole the pur-

pose of the measure was to procure more sanitary surroundings for the barber shops as well as eventually to obtain greater skill on the part of those who followed the vocation.

The motion to indefinitely postpone the bill was lost 22 to 23, and the bill was ordered to engrossment and third reading.

Miss Frances Morley departed this morning for Omaha, where she is visiting for the day with friends.
