THE DAWN OF PEACE DRAWING NEARER

TREATY TO BE SIGNED BEFORE THE END OF PRESENT MONTH.

IT WILL SOON BE A REALITY

Lloyd George and Balfour Inform Their Colleagues Conference Has Nearly Completed Its Work.

London, March 11.—Premier Lloyd George and Foreign Secretary Balfour have sent word to their colleagues here that the peace conference has nearly completed its work, the Evening News says. It understands, the draft of the peace treaty already has been finished and will be signed before the end of March.

When the Germans are summoned to Paris, the News adds, the treaty will be read to them and they will be invited to sign it. There will be no discussion with a view to alterations of the principal articles of the treaty. If it is thought necessary questions involving the adjustment details will be referred to a special commission.

To Investigate Intrigues. Paris, March 11.—An investigation of German-Austrian and Hungarian intrigues against the new state of Czechoslovakia, as soon as documentary evidence is received was decided at the meeting of the supreme council today.

The council discussed the conditions under which the powers with special interests and the states in process of formulation should participate in the discussions with the great powers respecting their frontiers.

The decisions of the various boundary commissions of the peace conference are being framed in accordance with the instructions of the supreme council for speedy action by the conference and it is expected all the reports will be presented by the end of the week.

Attitude of Americans. The commissions have been told that when they could not agree they should submit the reports of various viewpoints, leaving it to the council to make a decision.

The American members, it is reported, have been coldly judicial and without favoritism, thereby incurring criticisms from partisan claimants almost daily.

The American members of the supreme council, it is understood, permitted the military experts to exercise their judgment regarding the proper size and character of the future German army. In order to have a basis of discussion, the Americans, it is reported, suggested an army of 400,000 men, but only because that was the number mentioned in the first armistice proposal.

The decision of the council to limit Germany to a volunteer 12-year army is regarded by the Americans as likely to lead to consideration by the league of nations when it takes up the subject of the limitation of armaments of the policy of a general prohibition of conscript armies in all nations. This is on the theory that the great expense of regular long term armies will be such as automatically to keep down militarism.

SEEK NAME AND ADDRESS OF SOLDIERS INJURED IN WAR

Washington, March 10.—Some 13,000 disabled men were discharged from the army before the federal board for vocational education was permitted to establish contact with them in order to deal with their cases. The board now desires to get in touch with these men so as to acquaint them with the benefits which congress has provided for them. The board in a statement today asked persons knowing of any such disabled soldiers to send their names and addresses to its headquarters in Washington.

THE WORLD IS BECOMING REGENERATED

The reconstruction of the entire world is in full swing, and we cannot escape various hardships of the great epoch. The production of remedies is burdened with the high prices of all ingredients and with heavy taxes on some of them. "Don't give up the quality." Such has always been the motto of Triner's Laboratories. That is why the price of Triner's American Elixir of Bitter Wine, the most reliable remedy for all stomach disturbances, and of Triner's Angelica Bitter Tonic, unsurpassed as a builder of vitality and energy, has been slightly raised in order to protect the quality. All other Triner remedies, especially Triner's Liniment for rheumatism, neuralgia and sprains, Triner's Cough Sedative for colds and coughs and Triner's Antiputrin, highly efficient as a gargle, mouth wash and for cleansing of wounds, will be sold at all drug stores for the same prices as before.
