ST. JOSEPH CLUB WILL BE MOVED TO ANOTHER TOWN

OWNER HANLON SAYS MISSOURI CITY WON'T SUPPORT A BALL TEAM: RUMORED THAT LINCOLN GETS FRANCHISE.

St. Joseph, March 25.—St. Joseph will not have a Western league base ball club this year unless some other team than Edward J. Hanlon's is located here.

Hanlon was in town today in conference with his attorney, G. L. Zwick, and said that arrangements had been virtually completed, for the transfer of his team. He declined to say where the team is going, but the inference was that Lincoln had landed it.

The Hanlon players have been ordered to assemble in St. Joseph April 8 for spring training at League Park and will remain here until the opening of the season. Hanlon said that the park in the city to which he will remove, will not be ready until early in May.

Cozy Dolan, manager of the team, is now in Excelsior Springs, and will remain there until next week, when he will come to St. Joseph. Charley Hunter, business manager of the club, will come here soon to look after the training details.

It is possible that several exhibition games will be played here before the team leaves, although dates are not certain. One major league team canceled two games with the Hanlon aggregation, because they considered the situation in St. Joseph beyond recovery.

Hanlon has already signed up most of his players, he said today. Those whose names are attached to contracts are: Bluejacket, Muller, Brubaker, Watson, Kirkham, Bachant, McLaughlin, Luschen, Braunigan, Kirby, Rose and several new men whose names Hanlon refused to divulge at present.

While Lincoln men will have money interested in the team, Hanlon will retain the greater part of the stock and will continue to be the main guy. He said this morning regarding the St. Joseph condition: "There has been no attempt made here to display any willingness to support a team this season, and I am unwilling to finance an advertising and civic proposition for St. Joseph only. I will not keep the club here, and couldn't if I wanted to now. I believe base ball will come back in St. Joseph, but it will be a long time coming now. St. Joseph has established a reputation for non-support and unwillingness to help either Holland or myself when help was needed, and a big guarantee will be demanded before anybody else will take any chance here."
