SHOUTING FOR JOY"

MRS. BIGGS HAD NO IDEA ANY MEDICINE ON EARTH COULD HELP HER AS TANLAC DID.

"When I think about how much Canlac did for me, I feel just like shouting for joy," said Mrs. Lizzie and Mrs. Harold Day and her two Biggs of Smithfield, Illinois." For fifteen years I had stomach trouble. the continued, "and I couldn't eat : bite of anything without being miserable for hours afterwards. I also

had bilious spells and my head would ache like an iron band was Miss Anna Booae, of Bosworth tied around it, and often I would get is vellow as a pumpkin. I was tervous too, and so restless and idgety that often I couldn't go to ed and go to sleep but I would have pervous rigors and many or morning to come and

couldn't lie in bed any longer an would just have to get up and sit chair, for the rest of the night. inally got so weak that I couldn lave walked a block if I had been naid a hundred dollars to do it and felt so had all the time that life was a burden to me. I tried al kinds of treatments and medicines but none of them did me a bit of good and I began to think there

was no hope for me at all. "When I heard about Taniac doing so much good and decided to try it I was too weak to go for a bottle myself, and had to send my daughter. I didn't believe it possible for any medicine to do what Tanlac has already done for me. Before I finished the first bottle my strength gan to come back and I could sleet better than I have for years. Of course I rodered some more and kept on taking it according to direc tions and now I feel as strong and healthy as I did thirty years ago. don't have any more bilious spells Mrs. Robert MacLochlin, of Atand the headaches are gone and my kinson, with her daughter, Laura, is skin is clear again. HINES SUGGESTS SIX PER CENT RAIL RETURN

Chicago, March 28 .- Walker D. Hines, who made his first official visit to Chicago today as director general of railroads, speaking at a Press club dinner, said the time now is propitious for solving the railroad problem, with the public more nearly appreciative of the service of the lines than ever before. He said the expenditures required of the government for operation of the roads would not show as great a loss as many people suppose. In speaking of "a permanent solution of the railroad question." the

director general said he believed "some form of private management" would follow the termination of government control. But he asserted the old plan of private operation by some 170 companies would never again be successful.

He said the suggestions of Davies Warfield, head of an organization of railway securities holders, for a statutory standard of reasonable rates and for 6 per cent return on the entire investment in each region were getting nearer to one of the fundamentals involved. than other proposals that had been made.

GERMANY MUST PAY FOR FOOD.

Paris, March 28 .- The German delegation of financiers which is now at Spa is expected to arrive soon in Paris, on invitation from the supreme council, to consider questions relative to the securities Germany has to offer in payment for food. Germany has increased her deposit of gold at Brussels, as a partial payment for relief supplies and the first cargoes are expected to arrive at Hamburg tomorrow. Neutrals have also been invited to send financial representatives to confer with delegates to the peace conference regarding German securities sold in their countries which might be applied to payments for food.

It is understood that an agreement was reached at Brussels on March 14 by which Germany was permitted to export certain classes now becomes effective.

various iron and steel manufactures, IC. Petersen and Val Burkel.

chinery and other articles. Any of the allied governments may purchase these products and their representatives are expected to proceed at once to Cologue to arrange details as to prices. Purchases by the allies are not to exceed two thirds of the surplus of any of these products which Germany has for sale. The other third may be exported as Germany may see fit.

HITCHCOCK ADVOCATES WILSON'S COVENANT IN PHILADELPHIA SPEECH

Philadelphia, March 28.-The eague of nations plan supported by President Wilson is the only one before the world today, and either that or nothing else must be adopted, declared United States Senator Gilbert M. Hitchcock in an address before the Philadelphia Chamber of

commerce here today. He placed special emphasis on the fact that thoes who believe the inited States should pursue a policy of splendid isolation are few and quite mistaken. He warned that there is no guarantee that there will not be more wars if the nations do not hand into a league. He commended former President Taft for advocating the league even though it does not embody all his ideas. Senator Hitchcock denied that the

Japanese might force the United States to settle the immigratino question by appealing to a league of nations.
