THE BOILING POT OF EUROPE

Hungary Scene of Fighting: German Colonists Are Making Effort to Gain Freedom From Communism.

Budapest, March 31.—The Hungarian government has sent a delegation to Berlin to conclude a treaty of alliance against the entente allies.

German colonists in Western Hungary and Transylvania are hostile to the communists and are making an effort to gain their independence.

The plunge of Budapest into anti-capitalism continues with feverish efforts to show that the reign of law and order is undisturbed.

The city is outwardly quiet since the first few days in which there was much looting, especially of jewelry shops.

fact that he has merely used the last argument possible against the entente, saying: "While the other countries of the former empire have been threatening the entente with bolshevism in their wishes were not consulted, we merely had the courage to take this final step."

IS TIPPING HIS HAT TO THE AUTOMOBILE

ACKNOWLEDGES THAT THE AUTO GARAGE HAS SUPERCEDED THE LIVERY BARN.

From Tuesday's Daily. Always a lover of a fine horse, and an excellent judge of one at that, a trainer and handler of horses all his life, it is not to be thought strange that James W. Sage would stay with the friend, which the horse has been to him as long as possible.

He maintained the livery business a long while, and finally disposed of the same to Q. K. Parmele, who like Mr. Sage was also a lover of the horse, they both being the friend to the critter, and it to them. Mr. Parmele looked for the auto only to stay for a short time when the horse would come back to his own, but the horses and buggies got scarcer, and the cars multiplied in number, until it was all cars and no traveling with the horse and buggy, or so that the business was unprofitable.

Consequently the livery stock was sold, and Mr. Parmele will engage in farming one of the most independent vocations of all. The barn is empty, with no takers, and a good deal of money tied up in it. Houses renting for good prices, and not enough desirable ones to go round, the change from the barn to the rental property is not so long a step, and so Mr. Sage will tear the barn away, and place three near up-to-date modern cottages on the place, and the town or that portion will take up a new appearance, and the money which seemed to have been flowing in another direction will be coming back this way.

From Wednesday's Daily. The regular weekly dances at the Elks club will be continued through the month of April at least, and maybe longer. Exalted Ruler H. A. Any how the members are advised that there will be the usual Thursday night dance at the club home of the local lodge.

HERSCHEL PETTY IS BACK FROM OVERSEA

Arrived Here Yesterday and Is Visiting at W. T. Vallery Home While on Furlough.

From Wednesday's Daily. Yesterday Herschel Petty, Jr., a nephew of Mrs. John Wynn, arrived here from Camp Dodge, where he has been in the base hospital for some time. He came down on a ten days' furlough at the expiration of which he will return to the Iowa cantonment.

Mr. Petty made his home with W. T. Vallery when he was here, and is visiting with them for a short time. He was a guest at the home of his aunt, Mrs. John Wynn yesterday.

Mr. Petty expects to be discharged soon after his return to the cantonment. He was wounded in the leg and also in the hand while in action in one of the war's fiercest battles, sustaining both wounds on the 29th of last September. He and his brother, Merriman, known as "BILL," were together up until the time of this battle, since which time nothing has been heard of his brother.

During the seven months Mr. Petty was in the hospital his leg was operated upon five times, gangrene having set in and aggravated the wound, preventing its healing properly. The wound is still open, but drainage is well maintained and it is doing nicely at this time.

Mr. Petty went overseas on June 16th and returned to this country on March 19th, having been at Camp Dodge but a few days when he secured the furlough to come to this city for a visit.
