Mr. and Mrs. Harry Todd and Mrs. Wm. Brown were Omaha visitors on Tuesday of this week, the trip being made over the auto route.

Mr. and Mrs. Spika, of Omaha, came down Sunday to spend the day with Mrs. Spika's parents, Mr. and Mrs. Wm. LaRue.

Wm. Sporer is building a fine new garage and granary on his farm out north of town. J. W. Edmunds and Mr. Sporer are doing the work.

Mrs. B. F. Brendel returned home last week from Zionsville, Indiana, last week, where she was called owing to the serious illness of her mother. She reports her mother getting along very nicely.

Margie Walker as chairman, Mrs. Gilmore, Mrs. Sans and Miss Beulah, Miss Bailey, Mrs. Adda Farris and Ethel and Mrs. Walt Minnear, helpers, served the supper at the library on Saturday evening, March 22d. Over \$20 was realized.

I. M. Davis and daughter, Mrs. Earnest Melburn were in attendance at the Shriners banquet at Omaha on Friday evening of last week. While in the city Mrs. Melburn bought one of the standard make pianos from the well known firm of A. Hoese.

The new steel bridge just east of Murray is almost completed. The road and creek has been straightened out, and it has certainly made a wonderful change. In straightening the creek the new bridge was put in east of the old one, and the old creek bed filled.

George Jenkins was down from Rosalie last week visiting with home folks. George has been working with Earl Jenkins in the garage for some time past but has accepted a position with an Omaha firm, representing the Saxon cars, as road inspector. He has a good position.

The Columbia Male quartette gave an excellent program at the Puls hall in Murray last Monday evening. It was the close of the season's most successful Lyceum course, and the management have already signed up for another four months' course next year. There was a good attendance at the closing number, and all were more than pleased with the entertainment.

When Sam Pitman was in the hardware business in Murray some years ago he lost a very valuable Elk charm, and put in many an hour looking for the same without avail. He had assisted in the work of putting in the guttering at the Hotel Berger. Albert Young was called on a few days ago to put a new roof on the hotel, almost the very first shingle removed he found the charm under the tin, and in almost as good condition as when lost some years ago.

Over east of Murray there has been one certain piece of road that has given the traveling public considerable convenience when traveling over it for some year past. We have been told that appeals have been made by the farmers nearby to the overseer and even to the commissioners without results for the betterment of this certain piece of highway. The farmers growing tired of its condition got together a few days ago and proceeded to look after it themselves. They have the brush all cleared away, and are going to do the grading just as soon as possible, in case the county does not do it. This is certainly a commendable piece of work, and those taking part in it were Gus Spitt, John Toman, Albert Wilson, Dick Baker, and Wm. Axline.

## OFFERED TO CLEAN UP THE RUSSIAN REDS

JAPAN WANTED INDO-CHINA  
FROM FRANCE AS HER  
PRICE FOR JOB.

## WOULD STAMP OUT BOLSHEVIKI

Within Two Months Time, but the Proposition Not Acceptable to Premier Clemenceau.

Paris, March 31.—The Japanese general staff has offered to Clemenceau to stamp out Bolshevism thru-out Russia, but has asked as the price that France give Indo-China to Japan in return for doing the job. It is learned on the best of authority in Paris that when the United States refused to sanction an inter-Allied expeditionary force against the Bolsheviki, Clemenceau asked Viscount Chinda what Japan could do about crushing out Bolshevism.

Slice of Siberia Not Enough  
Chinda cabled to Tokio and received a reply that the general staff could map out operations for ending the control of Lenine and Trotzky in Russia within two months. The French then asked the Japanese if a slice of Siberia would be acceptable as payment.

The Japanese replied in the negative, stating Japan is friendly to Russia and does not want to incur Russian territory but would stamp out Bolshevism and set up a stable Russian government which would repay the French loans and protect French finance in return for France ceding Indo-China to Japan.

Thorn in Japan's Side  
This proposition was not acceptable to France, so the deal was entirely off. It is understood Indo-China is one of the thorns in Japan's side, since Tokio does not relish the French possessions there.

It is reported Japan has offered to England to send troops to Russia and bear the expenses of the expedition alone if Indo-China could be made a Japanese mandatory, giving the French the former German colonies as compensation.

The fact that both Germany and Japan are openly flirting with the Russians to obtain them as possible allies is regarded as interesting, in view of announced apprehensions of certain military experts who see the future military alliances between those three nations and Great Britain, America and France.

## FATHER SOUNDS ITS PRAISES

"My father used it until he was relieved of his troubles. He highly praises it." So wrote us Mr. Matt Molek, from Silverbow, Mont., on Dec. 26, 1918. "It" means Triner's American Elixir of Bitter Wine, the best remedy for all stomach troubles, constipation, indigestion, headache, megrim, general weakness, etc. Good remedies are always appreciated, and we are glad that in spite of the shocking prices of some ingredients and heavy tax on others we are able to avoid a noticeable advance in prices of Triner's American Elixir and Triner's Angelica Bitter Tonic. The advance is only very slight, just enough to save the excellent quality of these remedies. Triner's Liniment which is known as the most dependable remedy for rheumatism, neuralgia, sprains, etc., and other Triner's remedies are sold for the old prices.—Joseph Triner Company, 1333-43 S. Ashland Ave., Chicago, Ill.
