

CONVENTION GOT GOING IN FULL FORCE

DELEGATES VERY ENTHUSIASTIC IN WORK YESTERDAY AND LAST NIGHT.

ILLUSTRATED LECTURE IN EVENING

C. E. Whitaker Made Good Address and Rev. Levi W. Scott and D. A. Youtsey Talked.

The convention of the Christian churches of the Second Nebraska district, being held in Plattsmouth this week will conclude its work this evening, when adjournment will be taken. A series of interesting stereopticon slides are to be shown in connection with the program tonight.

The calling of the Christian church convention to order yesterday afternoon was the signal for a continuation of the good work which had marked the morning session and those of the day before as well. The devotional period of the afternoon session was led by J. W. Hilton, of Lincoln, with the inquiry, "Shall We Despair?" The scripture reference "Even the night shall be a light unto me—the night shineth as the day" was the base of his talk and he made it plain that there is no cause for despair, showing how in all things there is something for encouragement and hope.

At the conclusion of the devotional period came an address by Rev. D. A. Youtsey on "Stewardship," in which he showed that the responsibility was on everyone to do good, and none can escape the task of doing that which they are qualified to do. He said everyone has their particular work and there is no reason why they should not do it. Expenses may be offered but at best they are nothing more or less than flimsy affairs.

Rev. Levi W. Scott, pastor of the local church then spoke for some thirty minutes on the theme of "The Every Member Canvass," which was in a way in direct connection with the address just preceding it. Mr. Scott, who is intensely interested in this subject, waxed eloquent in his talk, bringing to the door the opportunity and the responsibility of each one doing his part in the great work.

THE man who has never thought much about his hats ought to try a Stetson this Spring.

HE ought to buy it here, headquarters for Stetsons, with all the wonderful line of Soft and Stiff Stetsons to choose from.

He needs the service of this Store—if only because we serve the most critical men of this city, and know how to suggest to each man the block and color to emphasize his personality.

which is to be done, both of his time and the giving of substance. His address was received with much interest and it should have benefited all who were privileged to hear it.

A World View of the Church
In this there were to have been five speakers, but owing to the fact that L. C. Oberlies was called away he was not present to participate in his part of the discourse. The particular branch he was to have touched upon was "In the Bible School." This was taken care of by some other speakers to some extent. Mrs. Claud Johnson, of Nebraska City spoke regarding the "Christian Endeavor Society" and showed how in that department the church was getting a view of the world, and through the element of the world's society. With enabled to do a greater good. Then followed Mrs. Linnie Schwab, of Lincoln, who spoke on "The Woman's Missionary Society," telling how the women are carrying the Gospel to the world through their organized efforts in this direction.

C. E. Whitaker, of this city, spoke on the subject, "In the Church" and made one of the best addresses of the convention thus far. In fact he brought the laboring world in contact with the church and offered solutions as to how the church might best get in touch with that essential element of the world's society. With the closing of his address which was well received, the convention adjourned until the evening.

The Evening Session
The evening program was begun with a devotional period, conducted by E. H. Talley, of Nebraska City, and was one which was more of an inquiry than a direct suggestion, it dealing with the things which have been left unsettled and unanswered in affairs which the church as a truly missionary church should have answered.

Following this was an address by Paul B. Rains, of Omaha, who is the superintendent of the northern district of the state on Bible school work.

If there is a qualified man in this state on that department of church work, that man is Mr. Rains. He gave a very concise and conclusive address, illustrating his talk with a stereopticon, with which he showed the most approved Bible school equipment in the way of helps which bring the teachings home to the student more readily. He also showed the work shop of the Sunday school, the interior church arrangements best fitted to accommodate this important branch of church work and numerous other interesting scenes. No one could see the pictures and hear his explanations of the beneficial results arising from the use of certain approved appliances and constructions without being enthused to the point of being willing to do all they can for the securing of the latest and best Sabbath school room appliances. The Sunday schools have not kept pace with the advance of the public schools and many of them now find themselves following the antiquated methods of a score or more years ago.

Mrs. Neva Hageman was next on the program, her theme being "The Christian Papers." She laid stress on their claim to support at the hands of every Christian, for the good work they are doing. She received subscriptions to the Christian Reporter from all who cared to subscribe to the religious journal.

Then came the announcements for today and the adjournment, followed by a social session, when those few who had not gotten acquainted the night before were given ample opportunity to do so, and did. After a general renewal of fellowship the delegates and others in attendance departed for their homes or wherever they might be stopping in the city.

Today's sessions will conclude the convention. At the program tonight some interesting stereopticon views will be shown and the people of this city are cordially invited to attend any and all of the sessions.

DISTRICT CONVENTION CHRISTIAN CHURCH

OPENED HERE LAST EVENING WITH LARGE NUMBER OF DELEGATES PRESENT

A GET ACQUAINTED SESSION

Initial Meeting of the Convention Occasions Much Interest—The State Workers Present.

From Thursday's Daily.
The first session of the Second District convention of the Christian churches of this district, was held last evening at the First Christian church in this city.

The initial meeting was mostly impromptu in character, but was filled with the greatest of interest. The speakers of the evening were L. C. Oberlies, prominent Sunday school worker of the state; Paul Rains, of Omaha, also an authority on Sunday school work and Wm. Oeschlager, who was formerly dean of Cotner University, but who is now secretary of the Nebraska Christian Missionary society. C. C. Dobbs, who is interested in the young people's society, the Christian Endeavor, was also present and outlined briefly what he was going to have to say today.

A splendid reception, in the nature of a get-acquainted session, followed the program and light refreshments were served. This served its purpose well and everybody enjoyed themselves to the utmost, throwing off for the time being the cloak of formal stiffness and getting right into the spirit of the occasion. Before the end of the evening everyone felt that he was an old time friend of everyone else present which will be reflected from day to day in the increased enthusiasm that will permeate the convention. Much credit is due Sister Rhin and her assistants for the pleasant manner in which the evening's program was carried out.

This Morning's Session

The opening session of the convention today was presided over by J. S. Spear, of Nebraska City, it being of a devotional character and having for its theme "The Rosy Dawn" inspired from the scriptural quotation, "Weeping may endure for a night, but joy cometh in the morning." The deep underlying idea the meeting expressed was the coming of better things, and the signs of the times indicate that we may look for a real awakening of Christianity, wherein much of the formality of present day living will be replaced by real Christian living.

Conference Period

During the time of holding of the morning session, there were four different groups of discussions pertaining to the four leading activities of the church, they being The Christian Woman's Board of Missions, led by Miss Cora Hemery, who was here a short time ago to perfect the organization of a local branch of the society she represents; the Christian Endeavor, by C. C. Dobbs; Bible School Work, by Paul Rains, one of the greatest and most eminently qualified Sunday school workers in the country, and State Missions, by William Oeschlager.

The discussions pertaining to each group were well taken care of by the respective leaders and expressions on the work were heard from various interested parties. Then followed a discussion on District Work, led by L. E. Snapp, of Asshand.

After this a recess was taken for noon. As we go to press the convention is again in session, working with a will to accomplish as much good as possible.

All the state workers are present and the people of Plattsmouth have a great opportunity to hear the best talent of the state on the most vital questions now in the public mind. All the people of the community, and especially the members of other churches and Bible schools are cordially invited to attend this convention and enjoy the feast of good things that has been prepared.

He was cook most of the time while in France, but was at the front also, or near there most of the time, as per his letters, telling of the shells whistling over his dugout, during the silent watches of the night. He was fortunate in that he never received a wound. On his arrival here he was stationed at Camp Humphreys Va., for a short time and then sent to Camp Russell, Wyoming, the camp to which he was first sent when enlisting. He has been at Sheridan for the past few days, and arrived home this morning.

How Diphtheria is Contracted.

One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. If your child has a cold when diphtheria is prevalent you should take him out of school and keep him off the street until fully recovered, as there is a hundred times more danger of his taking diphtheria when he has a cold. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted.

NATIONAL "Dress-Up" Week APRIL 5-13

CALLING YOUR ATTENTION TO "DRESS UP" WEEK, NOW NATIONALLY OBSERVED—

WE FEEL that we have assembled and displayed on our racks and in our windows as choice a showing of Spring Clothing and Furnishing Goods as has ever been offered the wearer of good clothes in Plattsmouth.

GOOD CLOTHES are not a luxury—they are a necessity. They constitute a quick asset to their possessor—for they call less often on his purse and speak well of him before he speaks for himself.

GOOD CLOTHES are like a breath of Springtime—they quicken the step, they seem to awaken a keener interest in the fact of "life;"—in short, they fairly "peppify" one's entire activity and participation in the "daily round."

GOOD CLOTHES don't "make a man" but they DO help ANY man to "make good."

PLATTSMOUTH BOY GETS A PROMOTION

HENRY TARTSCH RECEIVES RECOGNITION OF HIS ABILITY AS BUSINESS MANAGER.

From Thursday's Daily.
As a recognition of his worth to the firm for which he works, the Moore Clothing company of Sioux City, Iowa, have made Henry H. Tartsch their general manager. Mr. Tartsch had been in the employ of this firm for a number of years, and has proven his worth to the institution which employs him, he has worked in most of the departments in the institution from salesman, to the position which has now been given him.

Mr. Tartsch spent his boyhood and youth in this city, where he secured his education, and first had any experience in the clothing business, in which line he is now an expert. He first worked with S. & C. Meyer, in the room where the Journal office now is, and was at that time in the Waterman Opera House block. Later he worked with the Frank J. Morgan clothing company, both here and at McCook, and at the time of the death of Mr. Morgan, and the closing of the business, went to Sioux City, Iowa, where he has been since. Henry is a man of the best judgment in the clothing business as is evidenced by his selection as the general manager of this institution, which employs some thirty people as salesmen in its different departments. Plattsmouth can well be satisfied with the excellent quality of the young men who have gone out from her schools and places of business to make a place for themselves in the world of business, and other channels.

Jacks and daughter Miss Ruth Jacks departed for Aurora, where tomorrow there will be held a memorial for the sons of Hamilton county who made the supreme sacrifice for the country, in the World War. They are honoring the boys who lost their lives, and will hold their celebration for all those who have gone from that county. Robert Jacks was at the time of his enlistment working in Hamilton county, and departed from there and is therefore known as a member of the quota from that place. HAVE MADE A NICE RATE.

The government has made a very nice rate for those who care to attend the National Encampment which is to be held at Columbus, Ohio, in September. This is a nice concession, and one which will be, and should be enjoyed by the old soldiers, who are rapidly diminishing with speeding years. The rate is one cent per mile for both ways, which makes it come so most all who desire can avail themselves of the pleasure of attending the encampment. The National Encampment will occur about September 12th, and will continue a number of days.

You will find a nice line of popular copyright books at the Journal office.
