E. P. LUTZ

WAS VISITING OLD FRIENDS.

From Thursday's Daily.
Hans Goss, who has made his home in Plainview for several years, formerly living in this city, but who has been engaged in the grocery business for some time in the northwest, has recently sold his business at Plainview and has visited here for a short time, departed this afternoon for Omaha.
Mr. Goss has some business matters to look after there before he returns to Plainview. He is not as yet decided as to what he will do since disposing of his business. While here he was the guest at the home of Peter F. Goss and family.

COMMITTEE WORKS OUT A GOOD PLAN

MET LAST EVENING AT COURT HOUSE AND ARRANGED SOME OF DETAILS

NIGHT SCHOOL PROJECT TO GO

Place to Hold Sessions Practically Assured—Arrangements Completed for Teachers.

From Saturday's Daily.
Last evening in the district court room at the county court house was held a well attended meeting of the general committee, having in hand the perfecting of arrangements for the holding of a night school in this city during the coming months, in which aliens within our midst may receive the fundamental rudiments of training in American citizenship. The matter was discussed at some length and practical assurance given of a room in which to hold sessions of the school. Both the assembly room at the Library and the District Court room in the court house have been placed at the disposal of the committee, and one or the other of these rooms will be used.

Another meeting of the committee will be held at an early date, when further reports will be received and a definite outline of the teaching force submitted.

Some suggestions were offered at the meeting last night of a plan similar to that of the "Four Minute" men, being worked out in connection with the teaching force. The plan would comprise the preparation and teaching of a lesson by each individual instructor, following a general outline of progress, and thus the burden of giving instruction would be shifted from session to session.

The various committees are subject to the call of W. A. Robertson, chairman of the executive committee, and as stated above another and even more important meeting of the committees will be held soon.

WILL BE AT HOME SOON.

From Thursday's Daily.
A telegram from Charles Lahoda, who is now at Camp Dodge, Iowa, tells of his arrival there yesterday. He wired a few days since of his arrival at New York from over seas, having been in France for about ten months.

About a year ago, he with a number of others went to the training camp and were in France in about two months arriving there in June of last year. Charles Lahoda has had some very trying experiences since he went over, and is now on his way home, having arrived at Camp Dodge yesterday, and hopes to be at home soon.

HAD AN ELEGANT TIME.

The Junior Class of the high school held a meet at the Gymnasium last evening, where everyone present surely had an excellent time. The occasion was dominated as a costume party, and was under the chaperonage of Miss Glenn Dixon, one of the teachers. The games which were played were productive of much mirth and merriment, and which was followed by a luncheon of ice cream and cake.

SUPT. BROOKS RE-ELECTED BY NEBRASKA CITY BOARD

From Friday's Daily.
At a meeting of the Board of Education of the schools of Nebraska City held a few evenings since, Superintendent W. G. Brooks of the schools there and a former superintendent of the Plattsmouth schools was re-elected at a considerable increase in salary. The fact of this advance in salary is sufficient evidence of the superior service Supt. Brooks is performing in the educational field at Nebraska City. The salary which the board there proposed to pay him during the coming year is \$2,750.00. The many friends of Prof. Brooks in Plattsmouth will be glad to learn that he is making abundantly good in the new field to which he went when he left here.

THE CAR OWNER AND HIS STORAGE BATTERY

Many owners of cars are adverse to the use of electrical starting equipment because they claim it is a source of much trouble and no small upkeep expense. This is due largely to a lack of knowledge regarding the fundamental principles governing the storage battery and so unintentional carelessness and neglect is very often costly. The farmer who does not feed or water his horses would naturally not expect them to do the work. Here are a few little simple rules which if practiced will keep your storage battery doing good work.

Keep your battery charged to its full capacity and it will last longer and give better service.

Do not allow any foreign substances to get into your battery. A few particles of dirt will rapidly deteriorate the battery.

Remember that you must restore all the current used from your battery or soon it will go "dead" on you. And it requires about twenty times as much replacing as what you use.

Keep all the connections tight if you expect to get the best service from your battery.

If you leave your car stand for hours with the lights burning it is bound to run down your battery.

Above all keep plenty of current in your battery if you hope to get good service from it at a minimum of expense.

WILL WORK IN OMAHA.

From Thursday's Daily.
Larry Lawn, who has been in this city for several weeks since he has returned from the service, and has been working with his uncle Harry Johnson of this city, departed this afternoon for Omaha, where he goes to work at his trade, that of a carpenter, and at which he is an expert. Mr. Lawn says that work is picking up pretty well now, but expects it to be better, as it is not as lively now in the building trades as it was a year ago. He says as soon as people shall have become accustomed to the higher prices, that the building will become more active, for higher, it is sure to go, he says.

WERE STUCK IN THE MUD.

From Thursday's Daily.
Two trucks loaded with eggs, have been stuck in the mud near the Nord Homestead, north of the city, and have been having the assistance of Mr. Edward Mason to get them on solid ground. He had one truck out last evening and was working on the other this morning. They seemingly found a place where there was no solid bottom to the mud.

WILL MAKE HOME IN MISSOURI.

From Thursday's Daily.
Ray Patton is departing for Worth, Mo., where he will make his home in the future. He has lived in that place for some time heretofore, and likes the country and the people. Mrs. Patton's home was there before coming here, and she has many friends there. Mr. Patton will engage in the painting and decorating business, having a number of contracts there at this time.

WAS BURIED TODAY.

From Thursday's Daily.
This morning at ten o'clock, occurred the funeral of the late Frank Burian, who a few days since died at the Douglas County Hospital, where he has been receiving treatment for paralysis. The remains being brought to this city a few days since. The funeral was held at the Holy Rosary Catholic church of which the deceased was a member. The Rev. Vleck delivering the funeral oration. The interment was made in the Catholic cemetery west of the city.

MOTHER REMAINS IN ABOUT SAME CONDITION TODAY

From Friday's Daily.
This morning W. J. Hartwick, who has been in Chicago for the past week, called there by the serious illness of his mother, Mrs. H. W. Hartwick, who is now well advanced in years, and who a short time since was stricken with paralysis, the disease being complicated with dropsy, returned home reporting the condition of his mother as being about the same as when he was first called to her bedside, although she seemed to be resting a trifle easier when he left.
Mrs. Hartwick is in a very feeble condition and the presence of all of her family at the bedside proved a source of much pleasure to this good woman.

POLARINE

Remember When You Bought Your Car?

Remember how the salesman stressed the necessity of proper lubrication?

Remember his telling you how much proper lubrication meant in added power, added life, added smoothness?

What's the answer?

Simply this—Polarine Oil and proper lubrication are synonymous. Ask any motorist who uses Polarine Oil—he's seen the proof.

Next time you're ready to fill the crankcase, look for the Polarine sign. (And don't forget the password for greater mileage per gallon—its Red Crown gasoline).

STANDARD OIL COMPANY
(Nebraska) Omaha

REMEMBER

THE SIGN

THREE WERE AT THE HOSPITAL THURSDAY

Every Day Brings New Demonstration of the Need of Such an Institution in This City.

In the columns of the Journal yesterday there appeared news items of three people having been taken to hospitals in Omaha for treatment and operations. This is not a rare occurrence but often there are from one to as many as four cases in a single day taken from the vicinity to various city hospitals. The Hospital committee of the Commercial club has in mind the establishment of a hospital in this city that will care for the cases of Plattsmouth and vicinity and if procured it should be an institution that will merit and meet with support at the hands of our people. The time comes when for nearly everyone a hospital must be sought and it is then that we are forced to make a hurried run with a car over any kind of roads and in any kind of weather for some distant town where there is a hospital. The enterprise of the Commercial club in seeking to procure the establishment of such an institution here is a most worthy one and we earnestly hope to see it succeed.

FORMER COMMANDING OFFICER AT LINCOLN HERE TODAY

From Friday's Daily.
Edmund J. MacIvor, formerly a Captain, Infantry and commanding officer of the U. S. army training detachment and S. A. T. C. unit at Lincoln was a visitor in town over last night and today in the interest of the Goldwyn Motion Picture Distributing Corporation, for whom he is traveling. While here the writer, who was top sergeant of personnel in the Lincoln camp and quite well acquainted with Capt. MacIvor had the pleasure of a pleasant visit with his former commanding officer. Without exception Captain MacIvor was by far the snappiest military man we were privileged to know during our rather limited army experience. Following the signing of the armistice he was relieved from duty with the Lincoln camp and returned to civil life pursuits.
While here Mr. MacIvor closed a deal with Manager Peterson of the Gem for the showing of numerous of the Goldwyn Star series of feature photoplays in the near future.

NUMBER FROM HERE ATTEND FUNERAL AT LINCOLN

From Friday's Daily.
This morning a number of the ladies of the Methodist church departed on the early train for Lincoln, where they will attend the funeral of the late Miss Irene Ureulla Truscott-Cummings, who died a few days ago from influenza. The funeral will be held at the Methodist church in University Place, a suburb of Lincoln, this afternoon and will be attended by the following Plattsmouth ladies: Mesdames George A. Kaffenberger, Henry Maury, T. B. Farmer, Val Burkel, H. S. Barthold, L. V. Copenhaver and Miss Jessie Book-walter.

FOR SALE—EGGS FOR HATCHING

Single Comb R. I. Reds at \$1.50 per setting or \$6.00 per 100. Tel. 3102.—Mrs. C. R. Todd, Plattsmouth.
