REVIVAL MEETINGS MOST SUCCESSFUL

Last Evening Rev. Spears Made One of Most Convincing Addresses of the Series to Date.

From Friday's Daily.

While the weather has been adverse to good attendance at the revival meetings being held at the Christian church, nevertheless the interest and attendance has held up remarkably well during the opening week, and there is no cause for discouragement over failure to produce desired results.

The meeting last night was one of great interest. Rev. Spears, in his address, carried his audience with him at all times, and demonstrated the power of the gospel for salvation.

Much interest is being manifested in these meetings, both by members of the church and those not members.

There will be services at the regular hour this evening, at which there will be good music and singing as well as an excellent discourse. All are invited to attend these meetings. There will be no services tomorrow (Saturday) evening but on Sunday the work will continue with renewed vigor and it is the hope of the members that much good may result therefrom.

GOT HIS TOBACCO WET THIS MORNING

Sunken Log in River Gives Two Men Ducking in Cold Muddy Water when Boat Capsizes.

From Friday's Daily.

This forenoon, while George Burnett and Henry Smothers were negotiating the Missouri river in a row boat, the nose of the boat struck a sunken log which was floating down with the current and the boat was capsized.

To the uninitiated this would have presented a dangerous situation, but to these men who are accustomed to the river, it presented nothing of more consequence than a drenching in the cold, muddy water. They soon had the boat righted and were on their way shoreward, hastening to their respective homes for a change of raiment. Not an enviable experience under any circumstance, but Mr. Burnett very much regrets that he got his tobacco wet. He says that this kind of an accident had not happened to him for some twenty years, but he is an experienced riverman and well qualified to cope with such a situation. Mahton Richson, who saw the accident, came to their assistance and helped them to get out of the water as quickly as possible.

"HAPPIEST MAN IN STATE" HE SAYS

FARMER NOW EATS THINGS HE HADN'T TOUCHED BEFORE IN NINE YEARS.

"I had about given up all hopes of ever being a well man again, but since taking a few bottles of Tanlac I am enjoying as good health as I ever did in my life, and have gained twenty-five pounds in weight," said Raymond E. Latham, a well known farmer who lives at Mantou, Ill., while in Peoria the other day.

"A man never appreciates good health until he loses it," said Mr. Latham, "at least I didn't. Up to the time my health failed me about nine years ago, I didn't know what it was to be sick. I had a fine appetite all the time, and when we came in from the corn fields at meal time, I could eat big hearty meals and enjoy them. I just want to say in this connection that we always believed in having plenty of the substantial kind of food that keeps a man in condition to do the work on a farm and when I reached the point where I didn't feel like eating that kind of a meal I knew that something was wrong. I discovered a little later that my stomach was in bad shape, and in a short time after I ate a little, I would have sour stomach. Then I would be bloated up with gas for two or three hours after every meal. This condition kept on getting worse until I began to have attacks of acute indigestion, and was told that these attacks were liable to kill me any day. I finally got so weak and run-down that I was hardly able to do any work at all. I would have gladly given every dollar I possessed to get back my health, but nothing I did seemed to help me.

"Nearly every day I would read in the papers about Tanlac, and I personally knew some of the folks that were giving these statements, so I decided to give Tanlac a trial myself. Well, sir, in little or no time I began to want to eat. My appetite came back in full force, and I was the happiest man in the state of Illinois when I found my food was agreeing with me. I was soon eating just the same things, and as much of them, as I did nine years ago before I lost my health, and I have kept it up ever since. I am in as good health now as I ever was in my life, and there isn't a man on my farm that can do more hard work in a day than I can. I am never bothered with indigestion or gas on my stomach, and in fact I am entirely free from all my troubles. You couldn't name a price that I would consider, even for a second, for the good Tanlac has done me. I am well and strong now, and that is just the reason why I want to tell the world about Tanlac and all it has done for me."

"Tanlac is sold in Plattsmouth by F. C. Fricke & Co., in Alvo by Alvo Drug Co., in Avoca by O. E. Copps, in South Bend by E. Sturzenegger, in Greenwood by E. P. Smith, in Weeping Water by Meier Drug Co., in Elmwood by L. A. Tyson, in Murdock by H. V. McDonald, in Louisville by Blakes Pharmacy, in Eagle by F. W. Bloomkamp, and in Union by E. W. Keedy.
