MANY MODERN LIVING PLACES ARE NEEDED

From Tuesday's Daily. Many people are at this time looking for some good place to live. In the instance of the three houses which is to be constructed by James Sage, on the site of the former livery stable, for it has been leveled to the ground, dozens of people have already spoken to him regarding securing one of the houses, when completed. With the demand, and the impossibility of getting a suit in the apartment house here as there are many applications which cannot be filled, it looks like another apartment house would be a good paying investment, one constructed between the business portion and the Burlington shops that would be accessible to both places. Some people were afraid that the first one would not be occupied, but it has and always people has always wanted apartments there.

BIDS FOR CONSTRUCTION OF BRIDGES

From Tuesday's Daily. The proposals for the construction of the bridges for the county were received at the office of the county clerk until noon today. This has always been an interesting proposition as a number of firms are always interested in landing the contract. The Monarch Engineering company of Falls City has had the contract for the past year, but who will get it this time, will not be sure until the bids are opened and the contract awarded.

GIRLS GET BIG SALARIES.

Did you hear about Miss Simpson? She left her home in the country, took up studies in Boyles College, graduated, and now holds a position with the Union Pacific Railway at \$87.50 a month. Mary Beck, another graduate took a Washington position at \$1100 a year. There are hundreds of cases like these. The College finds places for all its graduates—has never been able to cope with the demand. The course is not hard to master—any boy or girl can do it. Conditions at the College are ideal. If you have a Boyles College diploma you are sure of getting a good position. It is the biggest business school in the west. The College automobile meets incoming students at the station, takes them to boarding places. The College assists students to find work after school hours. Write to Office A, Boyles College, Omaha, for full information.

ATTENTION SOLDIERS, SAILORS AND HOME GUARDS

All soldiers, sailors, members of the Army and Navy, discharged from service and any not discharged and all members of the home guards are called to come and participate in the parade in their uniform. Come to the court house at 2:30 Sunday afternoon. Call J. W. Holmes for particulars and any information phone 541.

They Hit the Spot.

D. McMillen, Volunteer Fireman's Home, Hudson, N. Y., writes: "Foley Kidney Pills are like a stream of water played on a fire by firemen. They hit the spot, put out the fire and drown the pain." DR. J. H. SALS-BURY GOES TO LARGER FIELD

RESIGNS PASTORATE AT AURORA TO ENGAGE IN NEW ERA WORK IN NORTH.

WAS A FORMER PASTOR HERE

And Local Friends Will Rejoice at the News of His Advancement to a Higher Position.

From the columns of the Aurora (Neb.) Sun, we clip the following rather lengthy but interesting account concerning the doings of a former citizen of Plattsmouth and pastor of the local Presbyterian church during his stay here:

"Members of the congregation and the people of the community in general were greatly surprised Monday morning to learn that Dr. J. H. Salsbury had the day previous resigned his pulpit in the Presbyterian church and that his relations as pastor here and at Lysinger were to be severed at once. The action came immediately following Dr. Salsbury's return from Fargo, North Dakota, where he had for several weeks been engaged in New Era work, being one of the men specially chosen for this great campaign, and having been assigned to the states of Minnesota and North Dakota. His success at organizing and directing the work in these two states attracted the attention of the Assembly and one of the natural consequences was that the Aurora pastor should be selected for a bigger field of activity. The fact that this happened accounts for the rather sudden and entirely unexpected resignation from the Aurora and Lysinger pastorates.

"Dr. Salsbury left on the 14th of February to take up his work in Minnesota and North Dakota. He first went over the field at Duluth, being there but a short time, when he went to Fargo, a central point from which to reach out over the territory assigned to him. Working out of Fargo, he covered all of North Dakota and as far as Havre, Montana. Three weeks of the time was given to Minneapolis and the territory thereabout after which he returned to Fargo to direct the work until his return home, which was last Saturday. The work has gone forward with flattering success and Dr. Salsbury feels well repaid for the hard work, extensive travel and energy that have gone with the campaign, and will return very soon to renew the work.

"The trustees of the Aurora church have extended an invitation to Dr. Salsbury and family for the latter to occupy the manse until such time as the new home may be established, or until the manse may be needed by a new pastor and family. While Dr. Salsbury will leave to renew his work at once, Mrs. Salsbury and son, Russell, will remain until the close of the school year. Dr. Salsbury will leave Saturday, returning to Fargo, where he will make his headquarters the remainder of this month and a part of May. He will then go to Duluth and work in Minnesota the remainder of May and into June. After that time his location will depend altogether upon the action of the General Assembly. Under the plan which takes him from this community Dr. Salsbury will be permanently engaged in the New Era work, which covers all activities of the church and has an all-year program of work. If the Aurora man is given charge of one of the districts, which now appears to be the plan of the General Assembly, his residence will be at whatever point is best with reference to the field work. This will not be known until the Assembly acts officially. The new position is one of large responsibility and brings also a considerable increase in pay.

"Dr. Salsbury has been a very popular pastor in the city of Aurora, both in and out of the church. He and his family came here five years ago, lacking but a month and their activities have been felt in every department of the church work. In that time 130 members have been added to the church rolls and the church debt has been wiped out. The pastor had a large part in the community war work during the past two years, being an efficient organizer, a good speaker and wise counselor. The church sent thirty-three young men into the service of the country and two young women as nurses. During his pastorate here, Dr. Salsbury has each year but one occupied a chair as instructor in the Nebraska Young People's Conference at Hastings college. He has been a friend of the young people of the

church, a man whom they learned to trust and admire. At Lysinger the membership has been increased from 65 to 100 and that church, as well as Aurora, has been placed upon a sound financial basis. Always progressive and energetic, Dr. Salsbury has performed a vast amount of work in the social and business circles of the community and will be missed from all of them. Regrets at the departure of the much esteemed family will be keen, but the fact that they are going to a splendid promotion and larger opportunity brings a compensating measure of satisfaction to their friends."

Rev. J. H. Salsbury is well known in Plattsmouth and has a host of friends here who will rejoice to hear of the good work he is doing. The promotion means a broader field for his endeavor, and knowing him as we do, we are confident he will meet the opportunity in a way that will more than fulfill the most sanguine expectations of his friends here as well as at Aurora. He is a hard-working, capable, conscientious man and cannot fail to make abundantly good in the New Era work.

it burned to the ground. Nearly everyone in town responded immediately to the call of fire as the high east wind was sending burning shingles all over town and for a time it was thought the stock yards, lumber yard and Farmer's elevator as well as several other buildings were doomed, when just at the right time the wind changed to the north and brought a terrific downpour of rain and hail which surely saved the south portion of Murdock. The elevator was not in use at this time which indeed was a great deal more, as Wm. Weddell, who has run it for several years went March 2 to Strassburg, Colorado, to make his home and there to run an elevator for the same company. The fire

was very spectacular, being seen for miles, as the building was a large one, and it was hard work to confine the fire to this building alone, but we feel we are indeed fortunate.
