W. C. T. U. NEWS

Patriotism is first with the W. C. T. U., as with other earnest workers. Just in the midst of a million dollar drive of its own, the W. C. T. U. in Nebraska and other states ceased its efforts temporarily Monday of this week and turned its machinery to the aid of the Fifth Liberty loan. All the field speakers of the Temperance society will be pressed into the service. Mrs. Mamie M. Chaffin, the state president, has written her co-workers to aid the government beginning April 21. During previous Liberty loan drives many W. C. T. U. societies over the state purchased bonds from their treasuries.

May day will witness the opening of a vast membership campaign for the Nebraska W. C. T. U. The white ribbons will make a systematic canvass of each town in the state to ask the women to join. The aim is for at least 5,000 new members.

Mrs. W. J. Bryan has given \$50 to the Nebraska W. C. T. U. jubilee campaign.

From the meagre reports gathered concerning the work of the W. C. T. U. for Red Cross, one woman would have needed to work continuously for 10,000 years to have accomplished the same amount.

Mrs. Frances E. Beauchamp, president of the Kentucky W. C. T. U., and a former national officer of that society, came to Nebraska last Tuesday to fill the dates made for the late Katherine Lent Stevenson in connection with the W. C. T. U. million dollar drive. Mrs. Mamie M. Chaffin, state president, was present at the opening luncheon in Fremont as a visitor. Mrs. Beauchamp has visited Nebraska several times on the Chautauqua platform.

SOUND ECONOMY.

Economy is a vital question for most of us, but unwise economy leads to involuntary extravagance. A sick man would be rightly considered wasteful, if he would try to save by refusing to buy necessary medicines. He soon would break down and might lose valuable time. Of course, when buying a remedy, he must not experiment upon his health. He must buy a remedy which has a solid reputation. Triner's American Elixir of Bitter Wine for thirty years has been the recognized stomach remedy. Its purity, invariable uniformity and superlative quality are guaranteed, its results are proven as wonderful in all stomach troubles, constipation, indigestion, headaches, megrim, insomnia, nervousness, etc. It cleans the intestines, aids digestion and tones up the entire system. At all drug stores. For undesirable spring guests like rheumatism, neuralgia, lumbago, etc., the best welcome is a bottle of Triner's Liniment. Go to your druggist and keep it at hand. Joseph Triner Company, 1333-1343 S. Ashland Ave., Chicago, Ill.

BAGGED TEN WOLVES SUNDAY.

From Monday's Daily: W. T. Mendenhall, Harry Goche-nour and Frank Harris stepped out in the woods south of the Burlington bridge yesterday for an outing, and keeping their eyes open spied what seemed to be a wolf den. On investigation their suspicions were justified, in that they found a den containing a litter of ten young wolves, two males and eight females, which they secured. According to the rules of propagation this catch will materially assist in keeping the wolf population from increasing so rapidly. Just now, while the present generation of wolves is coming into existence, is a good time to annihilate them and thus save the chickens, young pigs and sheep from being slaughtered next winter. The boys surely made a catch worth while yesterday.
