HAS AN EXCELLENT WEIGHING APPARATUS

W. A. PETERSON FORMERLY OF PLATTSMOUTH, RECEIVES A PATENT FOR INVENTION.

ELECTRIC RECORDING SCALE

Which Weighs Automatically, And Makes Record of Same, With Tare For Wagon.

From Wednesday's Daily. On the return of J. C. Petersen from Excelsior Springs, Mo., where he has been at the bath house of W. A. Petersen his nephew, of whom most of the people of this city well know, although he has been away for the past ten years, and who accompanied him on his arrival this morning.

Mr. Will A. Petersen who is engaged in the business of conducting a bath house at Excelsior Springs, is also doing something along the line of invention. He has just received a patent on an electric scale, which when applied to the matter of weighing coal, grain or other commodities, connects the scale automatically, running the weight out to the desired point on the beam, which when tipped breaks the connection, and stops the motor, and should it have gone past for any reason the connection on the lower side of the beam will make and reverse current showing the weight backwards on the beam thus assuring the correct weight, for an accurate adjustment breaks both currents and leaves the scale in perfect balance.

Mr. Petersen's errand here was for the purpose of having the Western Machine Company manufacture a model of the scale, on which he has a patent, and also to manufacture the scales for the trade.

When arriving here he found Mr. Sharp the proprietor had departed for Kansas City last evening and was not able to see him today.

Mr. Petersen will remain for over night and tomorrow to see Mr. Sharp before returning home.

Besides the electric scale Mr. Petersen has also received recently a patent on a device for automatically coupling the pipe lines in cars, which carries the steam and air on passengers and freight cars, and would thus save the time of workmen as well as prevent their risk of life in entering between the cars for making the couplings, as they are compelled to do with the apparatus as used now.

AN AFTERNOON OF CLEANING.

From Wednesday's Daily. St. Mary's Guild of St. Luke's Church met at the church yesterday afternoon. Each had come well armed with soap and clothes and prepared to do some cleaning. The entire afternoon was spent in giving the church parlors a thorough cleaning. The walls were dusted, the floors swept, the pews and other furniture cleaned. In the meantime the carpets had received their share of cleaning. Those failing to appear on the scene will be duly fined for their absence. These fines will be added to the treasury of St. Mary's Guild. The ladies were quite tired after their strenuous afternoon but feel well repaid as the removal of the dust and grime brightened many a dingy corner and made it appear as new.

WILL SPEND TWO WEEKS IN SOUTH

From Wednesday's Daily. This afternoon John Cory and wife departed for Hot Springs, Ark., where they will remain for some two weeks, taking treatments at the sanitarium for their health. They neither one have been feeling very well for some time past, and will spend some time in the south, taking a long needed rest, and hope that this will assist in bringing back their former health which they had generally enjoyed in the past. While away the hotel will be conducted by the girls and uncle L. B. Brown.

FOUR PROSTRATIONS FROM HEAT IN NEW YORK

New York, May 5.—New York experienced the first real summer weather of 1919 today when official thermometers at the United States weather bureau touched 86 degrees, and four heat prostrations were reported. Hundreds of straw hats and Palm Beach suits appeared on the streets, to emphasize the summery nature of what the weather bureau reported was the hottest May 5 in the history of the city.

What One Mother Does.

Mrs. P. Bennett, 7 Wawayanda Place, Middletown, N. Y., writes: "I have given Foley's Honey and Tar to my little boy, and cannot recommend it too highly as I think it is the only medicine for coughs and colds." Fine for croup and whooping cough, as well as coughs and colds. Contains no opiates. Sold everywhere.

THANKS HIS MANY FRIENDS.

I wish to express my appreciation for the many kind acts of my friends, who, when trouble came fast and thick, with the loss of my dear wife, the burning of my home, and loss of stock, they so nobly responded to the generous impulses of love and friendship, in doing the kindly acts, as well as making donations to help over financial difficulties. Dear friends please accept my sincere thanks and may such trouble should it come to you, be mitigated by true and fast friendship to sustain you. IVAN J. TAYLOR.

MRS. JAMES ARCHER SOME BETTER

From Wednesday's Daily. Mrs. James Archer, who several days since suffered a stroke of paralysis and was very seriously ill for a number of days, is showing a little recuperation recently, and with improvement until after tomorrow, which looks favorable at this time, should place her in a condition which would justify hopes of her recovery. Mrs. Archer is 72 years of age and has as a rule been in good health. Her son James Archer of Omaha, has been in the city frequently during her illness, and has secured a trained nurse to care for his mother, was down today, but this afternoon returned again to his home in Omaha.

IMPROVING THE PROPERTY

From Wednesday's Daily. The upstairs rooms just east of the Journal office are being put in shape for living rooms, paint and wall paper contributing largely to their appearance. These rooms are over the store room used by H. M. Soennichsen for storing his surplus grocery stock, the building having been recently bought by Mr. Soennichsen who contemplated arranging the upstairs rooms for living purposes as soon as the war should be over.

NEW INSANITY BOARD JUST APPOINTED

From Wednesday's Daily. The new Insanity Board which has just been selected for the coming year is composed of the following members, the clerk of the district court by virtue of the statutes being one, Mr. J. M. Robertson, the member, while Dr. J. B. Martin, the other one was chosen as the physician and Charles T. Martin as the commissioner, which completed the board.

VILLA'S BUSINESS AGENT GIVEN PRISON SENTENCE

El Paso, May 5.—George Holmes, Francisco Villa's business agent on the border, was sentenced to five years' imprisonment in Leavenworth prison and ordered to pay a fine of \$500 after having been convicted of stealing a machine gun, several rifles and 500 rounds of ammunition from the United States army border patrol.

Frank Miller was given a similar sentence and Privates Minnehan and Syalder, implicated in the theft, were each given two years in prison.

Government attorneys alleged the rifles, ammunition and machine gun were to have been smuggled to Mexico for Villa.

TWO AVIATORS KILLED WHEN PLANE HITS HYDROGEN TANK

New York, May 5.—Two naval aviators, flying a naval scout plane at the Rockaway Beach naval air station today, were killed when the machine collided with the top of a 100-foot-high hydrogen tank.

They were Ensign Adams and Chief Machinist's Mate Corey. Their plane, one of the HC type, was seen to take a side spin near the tank. A wing caught in the frame work and the machine plunged downward, nose first. The aviators were instantly killed.

END OF WAR BRINGS RENEWED SWINDLING

New York, May 5.—The end of the war has resulted in renewal of commercial swindling on a large scale, the National Association of Credit Men declared tonight in announcing resumption of its country-wide campaign against "professional debtors" who make large purchases and then go into bankruptcy. Credit men are not as cautious as they were up to the signing of the armistice, the report said, and warning is sounded to its 28,000 members to be especially careful at this time in obtaining credits.

"Spring Fever" And Common Sense

Instead of giving up and saying you have "spring fever," it is more sensible to take a good, wholesome physic. Biliousness, sick headache, sour stomach, bloating, coated tongue, all are banished by Foley's Cathartic Tablets. B. B. Haward, Unadilla, Ga., writes: "Foley's Cathartic Tablets give quick relief. Sold everywhere."

"That Printer of Udell's," one of Harold Bell Wright's good stories, on sale at the Journal office.

AGREE UPON FIUME'S SERIOUS STATUS

CITY OF FIUME GOES TO ITALY AT END OF TWO YEARS.

THEIR SHARE OF THE SPOILS

Premier Orlando and Foreign Minister Sonnino Leave Rome for Paris; What Brings Them Back

London, May 5.—According to a dispatch to the Exchange Telegraph from Paris the question regarding Fiume has been settled in full agreement with the Italian government on the basis that Fiume shall remain an autonomous port for two years, when it will be assigned to Italy.

Rome, May 5.—Premier Orlando and Foreign Minister Sonnino of Italy started for Paris today.

Status in Question.

Paris, May 5.—The status of Italy as one of the five great powers has been brought into question by her withdrawal from the peace conference, and it is this status which is proving a powerful lever in inducing Italy to accept the invitation to resume her place at the peace table.

Problems incident to the disposition of the German colonies are left by the treaty to the great powers so that if Italy does not resume her place the treaty would exclude her from participating in the disposition of the colonies.

The text of the treaty has been delivered to the printers, with the exception of some details which can be revised when the complete printed draft is ready. Owing to the doubts as to Italy's status, the protocol of the treaty will be prepared in two forms, one including Italy as a signatory and the other omitting her. Both these forms and the entire text of the treaty will be printed tomorrow.

The executive committee which will launch the league of nations will hold its first meeting tomorrow. President Wilson or Col. E. M. House will represent the United States; Lord Robert Cecil will appear for England; Stephen Pinchon for France; Premier Venizelos for Greece; the Spanish ambassador for Spain, and Dr. Epitacio Pessoa for Brazil.

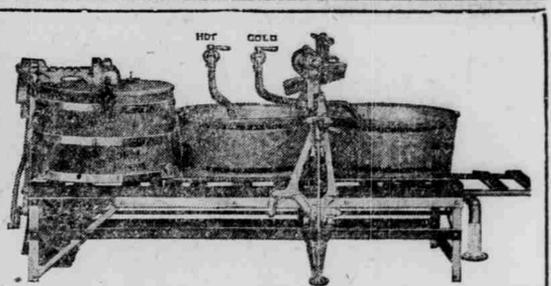

Italy Not Represented.

Italy will not be represented. The organization of the league will be perfected, many committees appointed and plans probably will be drafted for the initial meeting of the league at Washington next October.

The determination of the conference to begin the negotiations of a peace treaty with Austria immediately following the delivery of the treaty to the Germans has been made known to Italy. It is expected the Austrians will arrive toward the middle of May.

Whether Hungary will be asked to join the treaty will depend upon the outcome of the present disorders there.

It is said that the Austrian treaty will be featured by the outlining of the boundaries of the states newly formed from the old empire. The Bulgarian and Turkish treaties will follow, but the time for summoning the delegates from these nations has not as yet been fixed.

The housewife cannot be efficient without a good modern washing machine such as a Voss. It will save her hours of time and hard labor for Voss washers do all the work.

MEXICO CONSIDERS REPUDIATION OF DEBTS

Washington, May 5.—Financial legislation which President Carranza has asked the Mexican congress to consider at the extra session now being held is being watched closely by officials here, it was learned today. This is understood to be due to the American interests involved and to the recent statement by Luis Cabrera, Mexican secretary of finance, that Mexico would not pay its debts at present, even if it had the money, preferring to await the results of the Paris peace conference to see "what the world in general will do with its obligations, how many nations will repudiate their debts, and how many will trim their obligations to figures to compatible with their income."

Mrs. Phillip Harrison who has been at a hospital at Omaha for some time, and where she underwent an operation for the removal of a tumor from her breast, is reported as getting along nicely and will be able to return in a few days.

U. S. CIRCUIT COURT UPHOLDS CONVICTION OF SOCIALISTS

San Francisco, May 5.—Conviction and sentence for two years in prison of Hulet M. Wells, once socialist candidate for congressman from Washington; Sam Sadler, Morris Pass and Joe Pass of Seattle for conspiracy to overthrow the act declaring war against Germany, were upheld today by the United States circuit court of appeals. As members of the No Conscription League, Seattle branch, the four men participated in the issuance of a circular which resulted in their conviction.

ASKING FOR A REHEARING OF CASE

County Attorney Cole Makes Effort to Have Late Supreme Court Decision Reviewed.

From Wednesday's Daily. County Attorney A. G. Cole has lately filed a brief with the Nebraska Supreme court asking a rehearing of the case wherein the County of Cass, Nebraska, is defendant and the Jones-Hanson Cadillac Co., of Omaha, is plaintiff. It will be remembered that this case has grown out of the confiscation of a Cadillac car used in carrying booze into the state, its confiscation and subsequent sale by the county. The Cadillac company held a mortgage on the car, and sued for the amount of their mortgage and accrued interest. In the district court the result proved adverse to their interests and they appealed the decision to the Supreme Court, whereupon a decision was lately handed down in their favor as against the county. Comes now Mr. Cole, and in a brief filled with interesting argument seeks to gain a rehearing of the issues. The full text of Mr. Cole's brief was published in Tuesday's issue of the Nebraska State Journal. In case a rehearing is denied, the decision as it now stands means that the county must reimburse the Jones-Hanson company to the extent of the amount of their mortgage, which, at the price the car was auctioned for, would make the sale a losing proposition.

In the Iowa Supreme court cars engaged in illegal liquor traffic have even been taken to come within the scope of "a place" as described in the legislative act of that state and as such have been enjoined and confiscated. One thing is certain, drastic action is necessary if the illegal transportation is to be effectively curtailed.

B. F. Moore was a visitor in this city for the day from Cheyenne, Wyo., where he is engaged in the cattle business and has been for

some time. Mr. Moore formerly resided near Nehawka, where he made his home for a period of more than thirty-five years. Mr. Moore was here to see Mrs. C. D. Quinton about some business propositions.

SEEMED TO BE EXPERT PLAYERS

From Wednesday's Daily. Night before last at a party given by Miss Golda Noble at her home where Rook reigned supreme, there was a very enjoyable evening spent by the young ladies who made up the crowd. The tables arranged in fours, with partners, and if the fortunes who dealt out globes and aces, a kindness was shown to Misses Helen Hunter and Glenna Dixon, who were by chance placed at the first table, where they remained throughout the entire evening. There was besides the play of the games the laughter and the pleasant conversation, something which was good to eat, which was enjoyed as well as the sociability and desire to win the prizes. Those present and to enjoy the evening's fun were Misses Callee Johnson, Helen Hunter, Lydia Todd, Margaret Scotten, Ellis Heberg, Glenna Dixon, Helen Egenberger, Zora Smith, Opal and Marie Fitzgerald and the hostess Miss Golda Noble.

WILL BUY \$500.00 IN VICTORY BONDS

From Wednesday's Daily. At the meeting last evening at the Elks Home, one of the matters taken up was the investment of \$500.00 in Victory bonds, and the secretary J. W. Holmes was instructed to purchase that amount of the fifth issue, which it is the intention of the lodge to hold until maturity. This is very commendable in this lodge, which will be an excellent investment for the lodge and will also be doing the proper thing for the government and the aiding of the bringing the boys home.

When baby suffers with eczema or some itching skin trouble, use Doan's Ointment. A little of it goes a long way and it is safe for children. 60c a box at all stores.

LUMBER PRICES WILL NOT GO APPRECIABLY LOWER They may go Higher

Any delay in building is liable to cost you higher prices for lumber and materials. You can't afford to wait in expectation of lower lumber prices. There is bound to be a tremendous building demand this season. Come to us now and we will save you more than we can later.
