Twins' Club Party
The twins of the University Twins' Club motored from Lincoln to the "Pines," the homes of the Pickwell twins, Saturday evening, the 10th.

Twelve twins were present at this their last party of the school year. Those present included Misses Louise and Eka Pierce, Ruth Skler, Alice and Alma Crawford, Ramona Chamberlain, Viola Berquist and Messrs. Earl Miller, Henry Kuska, Glenn and Gayle Pickwell.

Apple blossoms, a piano, old snapshots, healthy voices, springtime and a two course lunch provided entertainment.

The State University possesses one of the most unique organizations in the country in the possession of this club. At present it has nearly thirty members and although it is still young in years it is graced by many prominent alumni. For the past two years the club has supported a pair of French orphan boys.

ATTENTION—RETIRED FARMERS
I have charge of an 80-acre tract of land which has just recently been subdivided into 5 and 10-acre tracts and which is located on a paved road and just outside of the city limits of Lincoln. The ground lays beautifully. This is just the right place for a nice home location and 5 acres can be bought at a price no higher than just one city lot would cost in Lincoln, and the taxes are much lower.

If interested, write or see me for particulars.—Fred L. Clinton, 207 Little Bldg., Lincoln, Nebr.

ATTENDS FUNERAL AT FAIRFAX, MISSOURI
W. H. Porter and wife of near Union, were down to Fairfax, Mo., last week to attend the funeral of Lee Carper, who died at his home near that place the Friday before. They made the round trip in one day in their auto. Mr. Carper was the son of Dick Carper, formerly of Nehawka who died several years ago, and was a nephew of Mrs. W. H. Porter. The deceased was a young man, unmarried, and had been making his home with his grandparents, Mr. and Mrs. R. D. McDonald, near Fairfax for the past few years. He was quite well known in southern Cass County.

GENERAL WOOD TAKES LINCOLN OFF ITS FEET
DISTINGUISHED SOLDIER MAKES MANY FRIENDS, PAYS TRIBUTE TO SOLDIERS AND SHIES AT POLITICS.

Lincoln, Neb., May 27.—Major Gen. Leonard A. Wood made himself solid with the people of Lincoln during his visit Monday and in the three speeches, made it become evident that he was not afraid to come out and tell where he stands on many questions.

As a soldier the general favors preparedness that the United States may be in a position to meet any emergency which may arise. He favored a dry nation and said that he has no use whatever for anything un-American, the I. W. W. in particular.

Preparedness Not War.
In speaking of preparedness the general said, "Get out of your head the rotten idea that the possession of power means that a nation will be an oppressive one, or that preparedness to fight, means war. The men coming back do not like it. They are like a surgeon who does not want to be operated on because he knows what it means."

He paid tribute to the boys of the 89th division now returning and said they were better physically, morally and had a better conception of their duty as American citizens. "We want no autocracy," he added. "We must stand steady, with our feet on the ground and our eyes on God. We want cool-headed men to work out our problems."

No Reference to League.
General Wood did not refer to the league of nations; the nearest he came to it was when he said, "When any man becomes as much interested in your family as you are yourself, then it is time to tell him to move on."

A persistent newspaper reporter, representing a democratic daily paper, asked the general if he was going to be a candidate for the presidency. The answer the general gave did not enlighten the reporter in that regard, as he simply smiled at the young man's interest in the matter.

YOU NEED NOT BE ALARMED.
We understand very well the fears of all who in case of any stomach troubles, constipation, indigestion, flatulence, headaches, nervousness, etc., are in the habit of placing confidence only in Triner's American Elixir of Bitter Wine. But they need not be alarmed. The formula for this remedy as well as that of Triner's American Bitter Tonic has been again approved on May 2, 1919, by the U. S. Internal Revenue Dept., in Washington, and you will get both these remedies always at your druggist. Of course, the best is to keep them at hand in your family medicine chest, both being excellent and highly reliable remedies. Rev. Skocek writes us from Jarell, Tex., in his letter of April 30, that Triner's Angelica Bitter Tonic helps him wonderfully in his convalescence from a very bad attack of influenza. Indeed, in such cases this remedy is without equal. Triner's remedies are sold at every drug store.—Joseph Triner Company, 1333-1343 S. Ashland avenue, Chicago, Ill.

BAPTISTS END CONVENTION AT MILE HIGH CITY

ADOPT RESOLUTIONS ENDORSING PARIS COVENANT OF LEAGUE OF NATIONS AT CLOSING SESSION.

Denver, May 27.—What is said to be the most notable meeting of the Northern Baptist convention came to an end tonight with an inspirational service at the Municipal auditorium. Tomorrow the 1,768 delegates and 498 visitors will be guests of the Denver Motor club on a trip through the Denver mountain parks.

Among the resolutions adopted by the convention before adjournment today was one endorsing the Paris covenant of the league of nations. The resolution says: "Resolved, That we express our gratitude to God for the return of peace; that we recognize in the Paris covenant for the league of nations a great step in the advance of a Christian civilization, and that we urge our people to use their utmost influence to secure its ratification."

HUNS PRINT ANSWER ON RAILROAD TRAIN

Versailles, May 27.—The printing train, which the Germans brought here and in which they had been putting into type, running through the presses and binding into pamphlet form, their counter-proposals to the peace treaty terms, comprises 12 cars.

Steam engines and dynamos on the train provide power for the operation of the printing machinery.

The printing press is of the flatbed type, operated by electricity. Lithographic apparatus forms a part of the equipment, as does a photographic laboratory, including projection apparatus, and a workshop.

By special contrivances the operation of the printing machinery is possible even while the train is in rapid motion.
