REMAINS LAID TO REST HERE TODAY

The Remains of Lawrence Bauer Arrived From Omaha This Morning.—Funeral Held From Station.

From Wednesday's Daily. The funeral of the late Lawrence Bauer was held from the Burlington station, the burial being made at the Oak Hill cemetery. It was intended that the remains should have been taken to the home of his daughter Mrs. Timothy Wooster southwest of the city from which place the funeral services were to be held, but on account of the unusual conditions of the weather, it was thought better to go direct to the cemetery before a rain should occur. They were fortunate in that they did for they had scarcely gotten back from laying the remains to rest when the rain came in almost torrents. Those here from out of the city to attend the services, were

Joseph, James and Frank Bauer of Norfolk, Joseph Bauer sr. and wife of Morse Bluffs, the former a brother of the deceased; John Bauer of Pacific Junction another brother, Joseph Bauer Jr., Spencer, Lawrence Busse and family of Norfolk, Philip Shears and wife of Stewart, Nelson Tremble and wife of Spencer, Thomas Bauer and wife of Norfolk and Frank Vasper and wife of Verdala.

Joseph Wales who is working at Omaha was a visitor in Plattsmouth this morning, coming down for the day. to Omaha this morning where she was a visitor with friends for a short time and returned home at noon.

CASS CO. FARM BUREAU NOTES

Poultry Demonstrations. Mr. Smiley, Extension Poultryman of the State University will be with us in June. The following demonstrations will be held: June 17th about 2:30 in the afternoon at Mr. J. W. Stones at Mynard. The evening of the 17th a poultry meeting at school district No. 9, June 18th about 2:30 in the afternoon, Mrs. Frank Cox, Nehawka, June 19th at 2:30 Mrs. John Gonzales at Elmwood. Everyone interested in poultry is urged to attend these meetings. Potato Bugs Appear Early. Potato bugs are putting in an early appearance this year and there is indication that they may be a serious pest, according to the University Extension Service. Early action against them is recommended, because it is much easier and cheaper to kill the young bugs than the older ones. Lead or calcium arsenate or zinc arsenate applied at the rate of one-half pound (8

CASS CO. FARM BUREAU NOTES

ounces) of powder to 12 gallons (2 pounds to 50 gallons) of water will kill the young bugs. If lead or calcium arsenate in paste form is used the weight recommended here for powder should be doubled. These act more slowly than Paris Green but are more desirable because they stick to the leaves longer and do not burn foliage. Paris Green used at the same strength is effective on young bugs. Old bugs will require 3 or 4 pounds of either poison. Equal amounts of lime used with Paris Green will prevent most of the burning. These poisons can also be applied in dust form on plants wet with dew. House Pests May Be Controlled. The best known methods of controlling house ants, clothes moths, cockroaches, insects in flour, meal and breakfast foods, lice on house plants, boxelder bugs, flies, mosquitoes, carpet beetles, crickets in the house, rats and mice and other pests are set forth in the University Extension Service House Management circular 6. The circular may be obtained from county agricultural agents, or by writing the Extension Service, University Farm, Lincoln. L. R. SNIPES, County Agr. Agent. Subscribe for the Daily Journal

WHEN EVERYTHING KEEPS GOING UP

When everything keeps going up, when the extravagantly high prices of all necessities render the life very difficult, and the bulk of our population needs every cent they can save, it is surely a blessing that in case of stomach troubles which, if neglected, would sap your energy and make your situation still worse, you can go to your druggist and get a reliable remedy which for a small amount gives you quickly the desired relief. This remedy, Triner's American Elixir of Bitter Wine, cleans the intestines without griping and other unpleasant consequences caused by cheap and worthless imitations. Therefore refuse such trash and ask only for Triner's American Elixir of Bitter Wine, which every good drug store has always on hand. And did you ever try Triner's Antiputrin? It is the best gargle and mouth wash, and the most efficient antiseptic for cleansing of wounds and ulcers. Every druggist will get it for you.—Joseph Triner Company, 1333-1343 S.
