

The Plattsmouth Journal.

VOL. XXXVI.

PLATTSMOUTH, NEBRASKA, MONDAY, JUNE 23, 1919.

No. 104.

ARE INCORPORATING TRANSPORTATION CO.

CITIZENS OF ELMWOOD UNITE TO PLACE FARM PRODUCTS ON CITY MARKETS.

WILL OPERATE TRUCK LINES

Between Elmwood and Lincoln and Omaha, Handling and Selling Products En Route

From Friday's Daily.

Just now there is being filed in the office of the county clerk of Cass county and in the state offices at Lincoln, articles of incorporation covering the establishment of a business at Elmwood, having for its object the transporting of freight to and from Elmwood and surrounding territory, to the adjacent markets of this trade territory.

The incorporators of the institution are L. F. Langhorst, J. M. Neely and I. C. Munger, all of Elmwood. These gentlemen have been engaged in the transportation business to a more or less extent for some time past, but as individuals only. Now, with the forming of the corporation, they will be in a position to take good care of any and all business that may come their way. They will make a specialty of delivering farm products, and especially heavy stock shipments, to the city markets, and to further increase the earning capacity of their business will endeavor to carry a load of merchandise for the local merchants on the return trip.

It is proposed to operate trucks between Omaha and Elmwood and Lincoln and Elmwood on a regular time schedule, thereby providing the means of delivery of farm products to the city.

About the only thing needed to make the truck wonderfully successful in transportation is macadamized or paved highways. And these are an improvement that may reasonably be looked forward to within the next decade.

We trust the new corporation will make a success of their venture and be kept busy looking after the transportation needs of Cass county.

SPENT SOME TIME VISITING IN WEST

Mr. and Mrs. M. C. Franks and Little Daughter Arrived from an Extended Visit

From Friday's Daily.

Mr. and Mrs. M. C. Franks and little daughter, Miss Anna, have just returned from an extended visit in the west. While away they visited some time at the home of Mr. Franks' parents, A. M. Franks and wife, whom it will be remembered formerly lived in this city, occupying the home where J. W. Haney now resides. Later they removed to Sturgis, South Dakota, where they lived for a time, later going further west and settling at Okdale, Washington, where they now reside. The Franks family also visited at the home of Mr. and Mrs. George Molen, of Spokane, Washington, and from there they went to Bonanza, Idaho, to visit at the home of a cousin of Mr. Franks'. While en route home they stopped at Roseman, Montana, spending a short time with friends there. They most thoroughly enjoyed the trip, returning home feeling greatly refreshed by the vacation in the west.

CARD OF THANKS.

We desire to extend our sincere thanks to our neighbors who so kindly ministered during the sickness and at the time of the death of our beloved husband and father Mr. Michael Timmas, and for the beautiful floral offerings, and also to the members of the Woodmen of the World, for their kindly ministrations.

MRS. MICHAEL TIMMAS, AND CHILDREN.

VISITING WITH OLD TIME FRIENDS HERE

From Thursday's Daily.

Archie Adams and wife of Havelock, who have been visiting in the east, attending the national shriners meeting at Indianapolis, accompanied by their daughters, Mrs. C. D. Leonard and Miss Daisy Adams, arrived in this city from the east and visited for over night at the home of their friends Mr. and Mrs. Edward Martin and family. Mr. and Mrs. Adams arrived in this city some thirty-seven years ago, living here for some twelve years, and at the time of the establishing of the Burlington shops at Havelock, went there to live and have made that their home ever since. During this quarter of a century Mr. Adams tells us that he has been in Plattsmouth but two times.

FRANK MARLER IS BACK HOME AGAIN

Frank Marler, Son of Mr. and Mrs. F. A. Marler Below Murray, Discharged From Service.

From Thursday's Daily.

After having been in the overseas service for over a year, Frank Marler arrived from overseas at Camp Merritt, May 30th, and a telegram was sent to the parents which brought happiness to that household.

As Frank had been wounded and was not entirely recovered, he was not brought with the others of the 355th regiment of the 89th division, which came to Omaha for the parade and then went to Camp Funston for discharge at the point where he also had received his training, but was sent to Camp Dodge and discharged from the hospital at Des Moines June 13th, and arrived home last Saturday. Frank has seen some pretty severe service and it is with a great deal of pleasure to himself and friends that he was able to return home, though wounded. He is at his parents home just now, southwest of Murray. His many friends here will be greatly pleased that he is able to be home again.

ADOLPH WESCH SELLS HIS REPAIR SHOP

From Thursday's Daily.

Adolph Wesch, for a great many years boot and shoe repairer of this city, has sold out his business to Herman Reichstadt, of Milwaukee, Wis., the latter gentleman having taken charge of the business yesterday. Mr. Wesch has not been in very good health for some time past, and it was deemed best for him to dispose of the business. Mr. Reichstadt comes to Plattsmouth most highly recommended as a citizen and a workman, and his venture here will not doubt prove a success. He will be pleased to meet all the old patrons of Mr. Wesch as well as all new ones who will be pleased to give him their business.

VISITING FRIENDS HERE

From Thursday's Daily.

Arthur M. Carr, a member of the 41st regiment, who was stationed at Ft. Crook shortly after the United States entered the war and was a member of the unit sent here to do guard work at the Burlington bridge, later going to Camp Funston, where he has since been stationed as a military police, arrived here this morning on a furlough and is visiting at the home of his friend, Luther F. Pickett. Mr. Carr's home is at Hamilton Mo., and he hopes soon to receive his discharge from the army and be permitted to return to civil life.

When they were boys together, Mr. Carr and Mr. Pickett were playmates at their old home town of Skidmore, Mo. Mr. Carr will remain here a short time as he knows a good many people here with whom he became acquainted during the time he was stationed here. He expects to find his discharge papers awaiting his return to camp at the termination of his furlough.

WANTED.

Party with car or horse and buggy to work in west end of county. Work congenial with good pay and no trouble to make \$10.00 per day. If interested, address R. T. W. Mynard, Nebr. 16-2wkw

GIRLS HAVING A WONDERFUL TIME AT CRETE

MEMBERS OF WAH-WAH-TAY-SEE AND TOKA CAMPS OF CAMP FIRE GIRLS

LIVE PEACEFULLY IN 1 CABIN

Nearly 700 Girls There from Over Nebraska—Good Time and Lots of Sports.

From Thursday's Daily.

That the fifteen or more Plattsmouth girls—members of the Wah-Wah-Tay-See and Toka camps of the Camp Fire Girls—who are attending the state summer encampment at Crete are having a wonderful time, could be guessed safely enough in the absence of word from them, but now that confirmation in the form of a letter from the young ladies has come, we pass our convictions along to the reader with positive assurance that they are well founded.

The following account of life in camp comes to us from the pen of one of the young ladies themselves:

"Both camps from Plattsmouth arrived at the Metkameesh camp in Crete on Saturday at 11:45 a. m. and were assigned to their cabin. The members of both camps were put in the same cabin and are living peacefully together.

"The second night five of the girls were asked to take part in a pageant, they being Fae Chase, Ruth Moffet, Mary Margaret Walling, Catherine Wadick and Virginia Beeson. The following night Clare Creamer was asked to take part in a red-headed program. Two girls were asked to act on the council. They were Alice Pollock and Clara Mae Morgan. These girls help to make the laws for the whole camp and enforce them. Clara Mae was also chosen as one of the eight sport leaders for the track meet.

"The girls are striving for blue ribbons that are awarded for being able to handle a boat and take other girls out. The first one from the Plattsmouth cabin to receive the blue ribbon was Grace Beeson; the next Catherine Wadick and Mesdames Westover and Gobelman. Others expect to take the test this afternoon.

"Miss Sweeney, sister of Mrs. Staudfeld, former guardian of the Toka camp is situated just two cabins apart from us. They are from Holdrege and are pamesakes of the Tokas.

"Plattsmouth people will please remember that the girls all like to receive mail and are always watching for the boat on which it comes. One Journal was received and was certainly enjoyed by all."

ACCEPTS POSITION IN MURRAY BANK

From Thursday's Daily.

Leonard Walling, son of Thomas Walling the abstractor, and an excellent young man, who has been with the Journal just for a limited time, has accepted an offer for his services by the Murray bank, and departed for that place today, where he will learn the banking business. Leonard is an excellent young man, and we are certain that he will make an excellent man for the position to which he has been called.

OUR COL. M. A. BATES IS SOME BETTER NOW

From Thursday's Daily.

Our Col. M. A. Bates who has been confined to his bed and home for nearly six weeks now is some improved in his condition, though still not able to leave his bed only for short intervals. While he is gaining very slowly, hope is inspired that he will in the future be able to be up and about again.

While he is making some gains, he like any one under this very warm weather would not be expected to make the gain which better favorable conditions would encourage one to look for.

WILL MANAGE DRUG STORE AT MURRAY

From Friday's Daily.

Last evening G. W. McCracken, who for some three years was employed with the Fricke Drug company of this city, some ten years ago, arrived from his home at Creston, Iowa, last evening and departed for Murray, where he goes to manage the drug store which J. J. Meier has recently installed in the room that was occupied by Gansmer, after thoroughly overhauling and refitting the same.

Since leaving here Mr. McCracken was engaged in business at Tekamah for some five years and for the past like period he has been traveling on the road selling drugs for a Chicago wholesale drug house. He is well qualified to assume the duties of the live-wire store at Murray and will without doubt make abundantly good in the new position.

"NO-ACCIDENT WEEK" BEGINS ON SUNDAY, JUNE 22

See That You Do Not Get Hurt Or Cause Anyone Else to Get Hurt.

From Friday's Daily.

The humanitarian value of the plan of Regional Director Holden to institute a "NO ACCIDENT WEEK" among all railroad employees of the central western region commencing June 22nd is strikingly shown by a report just compiled by the regional supervisor of SAFETY showing the extent to which railroad workers are killed or injured each month in the performance of their duties.

During the months of January, February and March, 1919, after the safety organization of the railroad administration had become completely installed on the federal controlled roads in the central western region, his report shows ninety five killed and eleven hundred and fifteen less injured than during the corresponding period of 1918. These figures include only employees and do not take into account the very material reduction to trespassers and others killed or injured.

It is the purpose of Mr. Holden, through the safety organizations in this region, to demonstrate by "NO ACCIDENT WEEK" that this great economic loss of life and service of trained industrial workers can be materially reduced, and to this end three hundred and five thousand (305,000) railroad employes in the central western region have taken the pledge to do their best to work these seven days without getting hurt themselves, or being the cause of another's injury.

This plan was tried out by two of the regions during January and February with such signal success that regional director Holden decided to extend "NO ACCIDENT WEEK" to all railroads under federal control in the central western region. The psychological effect on the railroad workers it is believed will give great impetus to the movement and thereby benefit the railroad service and the public.

THE CHAUTAUQUA THIS YEAR.

From Friday's Daily.

It's by the same company which appeared here last year. And as those who were interested enough to attend last year have an idea of what there is to expect for the coming year. While the date of its appearance last year was before the fourth of July and ending with that day, while the one this year will not be until July 26th to July 31st inclusive said days, beginning on Saturday and ending the following Thursday. To make this a success which it merits there should be the proper committees in the field by this time, with the advertising, and other matters which should be looked after before the time for the chautauqua, or we will not have the success which it is possible to obtain from it. Better get after the matter and do it in time, for now there is about five weeks to hustle in.

C. F. Morton of Union was a visitor in this city for a short time today, coming up to look after some business matters at the office of the county judge.

MARRIED AT DETROIT TUESDAY, JUNE 17

CHARLES GRADOVILLE, OF THIS CITY AND MISS ISABEL WAREING WEDDED.

HOME ALREADY FURNISHED

At Havelock, where They will Reside—Groom is Machinist in the Burlington Shops.

From Friday's Daily.

Last Saturday evening, Charles Gradoville, Jr., accompanied by his brother, Edward Gradoville, and his parents, Mr. and Mrs. Charles Gradoville, Sr., departed for Detroit, Michigan, where, on Tuesday of this week, Charles Gradoville, Jr. was united in marriage at the Catholic church to Miss Isabel Wareing, who has often visited here and who has been making her home at Malvern, Iowa, for some time past, but whose home is at Detroit, where her parents reside.

The wedding party arrived here this morning, and the time today, tomorrow and Sunday will be spent in appropriately celebrating the nuptials of this young couple at the home of the groom's parents. Sunday evening the newlyweds will depart for Havelock, where the groom has a cottage furnished ready for the reception of his bride. Mr. Gradoville is employed in the Burlington shops at Havelock as a machinist, and is making good.

The bride is a winsome young woman, with many lovable qualities and exhibits intelligence and a most charming social disposition. She has visited here many times during the course of her stay in Malvern and is well acquainted with numerous Plattsmouth young people among whom she stands high.

The groom is a son of Mr. and Mrs. Charles Gradoville, Sr., and is a young man of sterling worth. Born in Plattsmouth, he attended the local school and received his education here. A short time after war was declared he enlisted in the navy, reserves and served for more than a year and a half, being discharged just fall on account of the condition of his health following a long siege of pneumonia while in a camp in the east.

The Journal unites with the many friends of this popular young couple in wishing them a most happy and prosperous journey through life.

LAI TO REST HERE THIS AFTERNOON

Funeral of the Late Michael Timmas Held from Home—Burial in Oak Hill Cemetery.

From Thursday's Daily.

At the home of the late Michael Timmas, this afternoon was held the funeral over the mortal remains of this man who had resided in our midst for upwards of 25 years. Mr. Timmas had been sick at his home many days before the end came.

The funeral services were conducted by Rev. J. H. Steger and the remains were laid to rest in Oak Hill cemetery west of the city.

Mr. Timmas and wife with their children, who were then small, came to Plattsmouth to live over a quarter of a century ago and have lived quietly among us, making numerous warm friends, among whom the familiar face of Mr. Timmas will be missed, although the perfume of his good life will linger as long as the memory of man runneth not to the contrary.

UNCLE FRED GUENTHER SICK

From Thursday's Daily.

It is reported that Uncle Fred Guenther who has passed his 87th milestone is not feeling at his best, and is confined to his bed at his home in the northwest portion of the city. It is hoped that he may be better in a short time.

WILL REMOVE GREERVILLE.

From Friday's Daily.

There is being removed from this place one of the boarding cars that was fitted out here some time ago to take care of the men who worked in the shops here and who couldn't find suitable boarding places. The car is being taken to Terry, a small town near Sioux City, Iowa, where it will be used for boarding the members of a construction gang.

The close of the war and the subsequently decreasing number of men to be accommodated by the boarding camp here made it unnecessary to longer keep it in operation and the remainder of the cars will be distributed to points where they may be needed for such purpose at an early date.

NEBRASKA CITY TO CELEBRATE THE 4TH

With Big Welcome Home for Soldiers and Sailors—Aeroplane Flights and Everything

From Friday's Daily.

Nebraska City is laying plans for a gigantic celebration July 4th that will partake somewhat of the nature of a welcome home event for the soldiers and sailors of Otoe county who have been returned to civil life.

It is the aim of the committee in charge to stage one of the biggest, if not the biggest, celebration Nebraska City ever pulled off, and to this end neither pains or expense are being spared to make it a success.

Among other attractions will be an aeroplane, numerous street exhibitions, a ball game, a speech by Earl M. Chace, lately returned from the war zone, where he all but died as a result of Hun wounds, a big display of fireworks, a free street dance, and a dozen and one others. Nebraska City never does things by halves and we predict that those from Plattsmouth who attend the celebration given by our sister city to the south will not be disappointed in the entertainment afforded.

UNDERWENT ORDEAL NICELY.

From Friday's Daily.

This morning M. E. Manspeaker who was a visitor in Kansas City for the past few days accompanying his wife and daughter-in-law, Mrs. Harry Manspeaker to the hospital, returned home after having stayed until after the operation, which was a very delicate one.

Mr. Manspeaker reports his daughter-in-law getting along as well as could be expected under the circumstances.

WILL VISIT IN THE EAST.

From Thursday's Daily.

Last evening Mrs. D. F. Brendel and son J. F. Brendel and wife, all of Murray, were in this city, coming to take a train for Indiana, where they will visit for some three weeks. This is the former home of the Brendels and they will spend a very delightful visit there. Mrs. Brendel's mother is still living there and is past 87 years of age and enjoying good health. She makes her home at Sheridan, Indiana, and her name is Mrs. A. Parr.

This proposition should be a successful one as there are many farmers in need of stock food, especially at this season of the year.

NEW LONG DISTANCE RATES IN EFFECT TONITE

BURLESON SCHEDULE OF TARIFF ON CALLS IN STATE GOES IN OPERATION AT MIDNIGHT

SUPREME COURT UPHOLDS IT

Against Attempted Injunction—Return to "Station-to-Station" and "Party-to-Party" Service

From Friday's Daily.

The Burleson schedule of long distance telephone rates that became effective the first of January and after a short time was put out of commission on calls within the state by an injunction brought by Nebraska, along with numerous other states of the union, will become effective again tonight at midnight.

The Burleson schedule has applied to all interstate calls since the time it was first put in effect.

Among other things the schedule provides for numerous classifications of service some of which are more costly and others much less so than under tolls heretofore existing. Two principal classes of service, the "Station-to-Station" and the "Party-to-Party" are made the basis of calculation on toll charges. Then, too, there is the day, the evening and the night rate, with their varying schedules of tariff that would require a Philadelphia lawyer to figure them out.

It is doubtful if the new schedule of rates will be productive of much if any more revenue to the company than those now in effect, but it will help to stabilize the load of verbal conversations going back and forth over the long distance wires of the country, and cut down the "peak" load of certain rush hours of the day.

Although the new rates were in effect only a few weeks when the Nebraska authorities secured the injunction, they are more or less familiar to many of our readers, especially if they used the wire very much during that time. And, of course, the central girls stand ready to give you any desired information.

WILL SELL STOCK FOOD

From Friday's Daily.

Edward Shelton has accepted a position as the representative in this county of a stock food concern and has entered upon his work. He is a hustler and should make the company an excellent representative. W. E. Gravett, district manager, who has been looking after sales in this vicinity in the absence of an authorized representative, is now free to turn his attention elsewhere in the district.

This proposition should be a successful one as there are many farmers in need of stock food, especially at this season of the year.

Support Your Home Stores!

Wouldn't it be exasperating if we had to buy a draft, write a letter and wait two weeks every time we needed a pound of nails or some trivial thing?

Local stores save us all this delay and inconvenience. Through them we can get what we need as we need it.

Support them! Buy at home—give them your big orders as well as the little ones.

First National Bank,

Plattsmouth, Nebraska

"The Bank where You Feel at Home"
