AGENT FOR MO. PACIFIC IS TO LEAVE

FOR LONG TIME AGENT AT MISSOURI PACIFIC RAILWAY WILL DEPART SOON.

A WELL EARNED PROMOTION

Will Be the Missouri Pacific Agent at Falls City, Going Thursday.

From Wednesday's Daily.
Harry Thomas the genial and obliging freight and passenger agent for the Mo. Pac., has been asked by the officials of the company to accept the position as agent for the company at Falls City. Mr. Thomas has been the agent at this place for some time, and has made good in every respect, been obliging and has made a host of friends while he has resided in this city. Mrs. Thomas also has a large circle of friends in this city who will be pained to have this family depart. The family who have resided here for some time, have found this a pleasant place to live, and have also been pleased to live here and would prefer to remain, but as the position which has been offered is one more to be desired than the one here and they feel that they should accept, notwithstanding they have a very beautiful home here. Mr. R. Burford, the traveling auditor of the Missouri Pacific, was in the city this morning checking out the retiring agent and placed the office temporarily in the hands of Mr. C. F. Staska, who has been in the office for some time, and will care for the place until the auction way of disposing of the office shall have determined who shall have it. Mr. Thomas departs tomorrow for Falls City, where he will take charge of the business for the company at that place. We are sorry to see Mr. Thomas depart, but must abide and what is our loss will be some other city's gain.

Carl Stimson and wife who have made their home here for some time, and while here have made many strong and close friends, are this afternoon departing for South Omaha, where they will make their home for a short time, and will later remove to Upton, Wyoming, where they will take a homestead. This popular couple have many warm friends who dislike to see them depart. Mr. Stimson has been a pitcher for the Red Sox and which place will have to be supplied with their departure.

RALPH RENNARD HOME FROM ARMY

Was a Visitor For Short Time in Omaha, Returned Here Today.

From Wednesday's Daily.
Ralph Rennard formerly from near Rock Bluffs, but who has been overseas for over a year and was at Camp Cody for about 11 months before that, returned home a few days since, having been mustered out of the service at Camp Dodge. He arrived at Brooklyn from overseas on June 3rd, and says he is mighty glad to be back home again. He was a member of the old fourth, and enlisted during the early portion of the war. Was with Harry Winscott at Camp Cody, but became separated from him when the troops were sent over. He will make his home here for the present. He was while in the service in the western front identified with the Chateau Thierry, the Soissons, the St. Mihiel drive and also the Argonne Forest, seeing some of the fiercest of the fighting of the entire war.

TWO GAMES LISTED FOR PLATTSMOUTH

From Wednesday's Daily.
The game for next Sunday will be between the Nebraska Power Company and the Red Sox, and will be a pretty hotly contested game as will be remembered they played the first game of the season with the team here. This is one which will be interesting from the first to the last. The game for the fourth of July will be with the Holmes White Sox, and with an exceptionally strong team. All will get their money's worth in these games.

DOUGLAS CO. VOTES TO PAVE ITS BAD ROADS

115 MILES OF HIGHWAY TO BE MADE PASSABLE IN ALL KINDS OF WEATHER

WILL ISSUE 3 MILLION BONDS

Poll Nearly 3 to 1 Vote in Favor of Paving—Women Voted 5 to 1—Light Vote Cast

From Wednesday's Daily.
Douglas county yesterday voted overwhelmingly in favor of issuing \$3,000,000 worth of bonds to pave 115 miles of county roads. Though the vote was extremely light, the vote in favor of the road improvement was nearly three to one, and of the women voting, their ballots tallied better than five to one in favor of the bonds. An enthusiastic crowd of good road boosters crowded Election Commissioner Moorhead's office last night and rejoiced over the returns as they came in. Mr. Moorhead will at once canvass the vote and then all the machinery will be set in motion to begin actual work on paving before the summer is gone. There is no proposition a county can so ill afford to neglect as that of good roads. The Journal would like to see Cass and Sarpy county take similar action to that in Douglas county. The time is fast coming—probably in the next decade—when all the main thoroughfares of the country will be either paved or macadamized, and when the work shall have been done, not a single tax payer will feel that the cost has proven burdensome, when compared with the net results. We congratulate Douglas county on the successful outcome of its road bond election.

NICE DISPLAY OF WAR PICTURES IN WINDOW

You remember the time when the battles of St. Quentin and Cambria were being fought, and the tenseness of feeling was ever present, as to the result of the conflict, where everybody said this time last year that the fighting would continue for two or maybe four years yet, or most people said so. Well the town of St. Quentin is well pictured in the display which William R. Holly (Roy) has in the window next to the door which enters the store of his father. He has on display a variety of scenes, where he has actually been, and should you drop around while he is there he will be pleased to tell you about them. Later he will have pictures of Verdun, and other places in other portions of the window, all well worth seeing.

FIFTY DEAD IN SUNDAY'S TORNADO

118 Residences Were Demolished—110 Others Badly Damaged at Fergus Falls, Minn.

Fergus Falls, Minn., June 24.—With the recovery of six additional bodies the number of known dead as a result of the tornado that struck Fergus Falls Sunday was raised to fifty. Five or six bodies are still unaccounted for. The body of George Woodhouse, proprietor of the Grand hotel, was found in the boiler room of the structure, where it is believed he had sought safety. The city today ran short of potatoes and a shipment had been ordered by express. Other supplies are sufficient for the present. Military control over the storm-swept town will be exercised for at least four days more. A survey of the damage done by the tornado shows 118 residences were demolished and 110 others were damaged beyond repair. All idlers will be kept out of town it was announced.

Mrs. F. M. Hesse of Ottumwa, Iowa, arrived in the city this morning from Omaha, and is both visiting with friends here and looking after some business as well for a short time. The day of harsh physics is gone. People want mild, easy laxatives. Doan's Regulents have satisfied thousands. 30c at all drug stores.

FEDERAL COURT WILL HEAR JAMES THOMAS

From Wednesday's Daily.
Yesterday Grant Yates, deputy United States Marshal was in the city and last evening returned to Omaha with James Thomas, alias James Cosgrove in custody, charged with having violated the federal laws, by bringing intoxicants into dry territory. Mr. Thomas who has been given a pretty stiff sentence for bootlegging in the court here will be given a hearing before the federal court at Omaha. Another charge will likely lodge against him in the state courts, if what is claimed can be proven against him, that of going under an assumed name. Recent enactments of the state legislature have made this a crime, and it will be prosecuted by the authorities to the limit it is claimed.

RETURN FROM STAY IN SOUTH

From Wednesday's Daily.
Eight weeks since John Cory and wife departed for the south where they spent some seven weeks at Hot Springs in Arkansas, taking the hot baths for their health and returned this morning greatly improved by the time spent there. Both Mr. and Mrs. Cory are greatly improved in their condition, and thought of staying for a longer period, but wishing to avoid 'toe fever,' which is similar to the hay fever, being an affection from the pollen of flowers. On their return they came via Mulhall, Oklahoma, where they stopped for three days visiting at the home of Mr. Joseph Cory who is a brother of Mr. John Cory and family, where they visited for some time. Mr. Cory tells of the harvesting being completed in Oklahoma, and much of it in southern Kansas with the whole state pretty busy with the wheat, and that the wheat is very good in yield and quality.

While the weather is warm and not the best time for one to be sick he is still making very good progress.

Mr. Cole thinks the west a great place, saying that where he lives, the weather seldom ever gets below freezing, in the colder portions of the year, and admits of some very warm weather in the summers, but says the mountains on one side are only from two to three hours away and the seashore on the other about the same amount of travel.

Bennett who was run over by a train yesterday evening and killed. He was driving a truck and was crossing the railroad when the accident occurred.
