the day at the home of her parents M. Hill and wife.

County Commissioner H. J. Miller from Alvo was looking after some business in the city this morning, coming to meet with the other members of the board.

John F. Wolf, of Cedar Creek, was a visitor in Plattsmouth this afternoon, looking after some business matters for a short time preparatory to moving to this city.

C. F. Harris county commissioner from Union was a visitor in this city today, and was accompanied by his son who is visiting at this, his home from Seattle, Wash.

George W. Snyder of west of Myrard was a passenger to Omaha this morning going to look after some business matters at the live stock market at South Side Omaha.

Ashley Ault, James Hessefow and Henry Heebner, all of Cedar Creek, were looking after some business matters in the city this afternoon, having driven down from their home in a car.

W. A. Scott, of Murray, was a visitor in the city for a short time this afternoon, coming to do some trading with the merchants, driving up with his car and bringing his children along for a visit.

James O. Kimball who has been relieving A. F. Moore at Orepolis while the latter was visiting at his old home in Bucklin, Mo., returned to his home at South Omaha, where he has been working since leaving here some time since.

Frank Hull of near old Rock Bluffs was a visitor in Plattsmouth for a short time this afternoon while on his way to Omaha, where he has some business matters to look after for the afternoon.

A. J. Hoover road overseer from Louisville precinct was a visitor in the city today, having some matters to take up with the board of county commissioners who were in the city for a short time this morning.

Peter Meisinger was in the city from his home near Cedar Creek, looking after some trading, having driven in with his team, and after having concluded his business here returned to his home in the evening.

Wm. Riggs of Independence, Mo., was in the city this afternoon stopping between trains for a short time on his way to Louisville, where he goes to visit with his son who is an operator at the Burlington road at that place.

August Pautsch and wife and son Ernest and wife and their daughter Lydia, were in the city this morning, having driven over in their Buick, and were looking after some business for a few hours here. They made this office a pleasant call while here, and extended the subscription of the paper going to both families while here. Thanks gentlemen, call again.

Fred Garder of Weeping Water, was a visitor in Plattsmouth for over night, coming down last evening and visiting with relatives until this morning, and transacting some business matters, during the morning returning to his home later in the day.

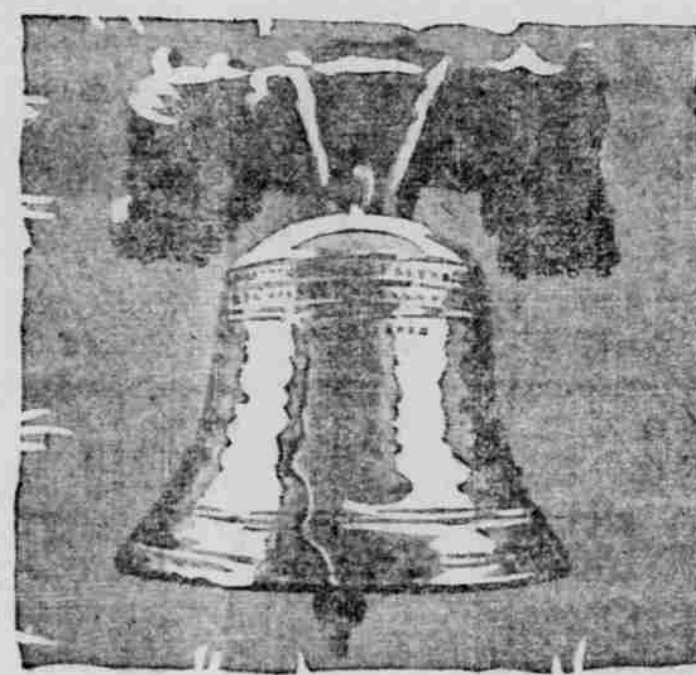

J. A. McNatt was in this morning from his farm home near Rock Bluffs looking after some urgent shopping for the morning, and said that while he had gotten over his corn but two times he would have to cut his wheat and later go after the proposition of laying the corn by.

Misses Doris Palmeter and Geraldine Liston, who was in the city last Friday and Saturday, taking the teachers examination from Elmwood, returned home last Saturday evening having to go via Lincoln, as there were no connections via Weeping Water. It looks like a long ways around to get to their home in this county.

With special car number 93, T. Roup superintendent of motive power for the lines west of the Missouri river, and T. A. Torrey general superintendent of the motive power of the Burlington of all its lines from Chicago, were in the city today having some business matters to look after for the Burlington, and each this evening departed for their homes.

Miss Edna Morrison who returned from her school at Neligh, a few days since where she has just completed a successful school year, was a passenger to Omaha this morning, where she is visiting with friends. Miss Edna Morrison has a very good record of her school work, and during the first portion of the school year was kept from teaching on account of the prevalence of the 'flu' which was very bad in Neligh at that time.

Mr. and Mrs. Frank Johnson from near Weeping Water, drove up yesterday in their car, and spent the day at the home of Mrs. Joseph Adams, in this city. They were accompanied by Mrs. Jay Johnson, who has been visiting at their home

for the past few days, and will remain here until she returns to her home in St. Joseph, Mo. Mrs. Joe Johnson accompanied her son to their home where she will remain for a few days visit, making the return trip yesterday afternoon.

AN UNAVOIDABLE ACCIDENT.
From Wednesday's Daily.
There are times when even the best exercised care cannot avoid an accident it seems. Last evening there occurred an accident at the corner of the orchard of A. L. Hutter, just opposite the Jean school.

W. H. Gillispie and wife were coming from the south, having some that way in their trip to town to avoid the bad roads the other way, and were just at the corner, when Mrs. W. S. Jean and Miss Mattie Gopen, who were coming from the south, just around the corner, neither knowing the other was coming, and neither traveling over fifteen miles per hour, when they both evidently discovered each other at the same time. Mr. Gillispie hugged the opposite side of the road, while Mrs. Jean endeavored to turn as short as possible, notwithstanding the efforts, the bumper of Mrs. Jean's car struck the hub of Mr. Gillispie's car tearing same away, but not hurting any of the occupants. They both had exercised all the care they could but still the collision occurred.

SECOND TIME IN FORTY YEARS.
From Monday's Daily.
James Gamble and wife with their son and daughter were visiting in Plattsmouth this morning having some business in the district court, and also seeing about some matters in the city, driving over with their car from Elmwood. Forty years ago, and a little more Mr. James Gamble and wife lived in this city, and at that time removed to Elmwood. They have been here but once since that time until the visit this morning. Mr. Gamble and wife remarked at the change in the appearance of this city. Many places which were at that time covered with hazel brush are now occupied by modern buildings. They report that the roads between here and Elmwood are rather rough, they having had more rain out that way than here. The harvesting they say will be in full swing by the middle of the week.

Plastering, Stucco, Mason, and all kinds of concrete work. Strictly first class.

SELF POISONING VERY PREVALENT

Auto-Intoxication, Or Slow Self Poisoning, Cause Of Most Ill Health and Disease.

Advanced medical authorities assert that auto-intoxication is the foundation of most of the ills and disease to which the human flesh is heir. This condition is nothing more nor less than the slow self-poisoning of the vital organs produced by the excessive mental and physical strain which we are forced to endure, which renders the organs lame and inactive, and permits toxins—actual poisons—to be generated within one's own body.

Usually the trouble starts in the intestines; sometimes it starts in the stomach, liver or kidneys, but in any case the blame lies with the faulty method of living, and may be traced to over-eating, excessive nervous strain, lack of exercise, or other causes. At any rate it is the more important organs that suffer the final damages and when they falter or fail in their duties the body fills up with acids and poisons, and the victim often yields to their baneful influence. Bright's disease, heart trouble, high blood pressure, catarrhal affections, and other troubles are frequently the result of self poisoning or auto-intoxication.

A tired drabby feeling of the body, a sluggish mind, and dull memory, intense nervousness, headache, stomach and bowel troubles, poor circulation, imperfect digestion, constipation and despondency are common symptoms of auto-intoxication; and nine out of every ten of the American people are likely to be so affected.

Tanlac, the powerful reconstructive and systemic tonic was designed especially to overcome these very troubles. There is not a single portion of the body that is not benefited by the helpful work of this celebrated preparation, which begins its action by stimulating the digestive and assimilative organs, thereby enriching the blood and energizing the entire system. Composed of the most beneficial roots and herbs known to science, it enables the stomach to thoroughly digest the food, thereby permitting the assimilable products to be converted into blood, bone and muscle. It overcomes that great exciting cause of disease, weakness. It renders the body vigorous and elastic, it keeps the mind clear and energetic, and throws off the symptoms of nervousness and indigestion. It builds up the constitution weakened by disease or mental and physical over-work, quickens consciousness of the invalid, and is a sure and untailing source of comfort to those who are suffering from the effects of nervousness and over-work.

That Tanlac does these very things is proven by the fact that it now has the largest sale of any tonic on the American market. Millions have used it with the most astonishing and gratifying results. Tanlac is sold in Plattsmouth by

F. G. Fricke & Co., in Alvo by Alvo Drug Co., in Avoca by O. E. Copes, in South Bend by E. Sturzenegger, in Greenwood by E. F. Smith, in Weeping Water by Meier Drug Co., in Elmwood by L. A. Tyson, in Murdock by H. V. McDonald, in Louisville by Blake's Pharmacy, in Eagle by F. W. Bloemenkamp, and in Union by E. W. Keedy.

FOUND NOTHING WRONG.

From Wednesday's Daily.

Yesterday E. S. Mason and sister Mrs. Martin Sheldon, were in Omaha, with the little daughter of Mr. Mason, Helen, for examination by the specialists who treated her during last winter for an injury in her back. After having given her a thorough examination, they found her condition to be excellent. But fearing something might develop, they are requiring Mr. Mason to return with the little one in two months for another examination.
