LITTLE GIRL NOW A PICTURE OF HEALTH

Suffered Day and Night For Years - After Taking Tanlac Looks Like Different Child.

"My little daughter Jean has gained ten pounds on Tanlac and now she's the very picture of health," said Jim Snell, well known poultry and truck farmer of Raleigh, Tenn.

"When Jean was only seven years old," continued Mr. Snell, "she was taken with something like nervous stomach trouble, and there wasn't a day or night she didn't suffer, until we got Tanlac for her, and she's now fifteen years old. Her stomach was in such a bad condition she had to live on toast and eggs and milk, and she couldn't eat any kind of meats or vegetables. She complained of pains in her stomach all the time and would spit up half digested food. She was nervous and would toss and roll all night, for she couldn't sleep well at all. She was bilious and her complexion was bad, and she looked pale and sickly all the time. We gave her most every kind of medicine we could think of, but nothing helped her.

"After hearing of some of the good work Tanlac was doing, we got some for Jean, and it has done wonders for her. She actually looks and acts like a different child, and she's taken only two bottles of the medicine. She commenced picking up as soon as she started taking Tanlac, and she has gained ten pounds. She never has indigestion now, and eats just anything she wants—even such things as beans and other vegetables and meats of all kinds. Why, she ate corn for dinner yesterday, and it was the first time in eight years she dared taste corn, and she eats boiled bacon that's cooked with vegetables. She's not nervous nor bilious now, and sleeps like a baby, and we never hear anything out of her from the time she goes to bed until she gets up in the mornings. Her skin has cleared up and her cheeks look fresh and rosy. You can just look at her and tell she's enjoying good health."

Tanlac is sold in Plattsmouth by F. G. Fricke & Co., in Alvo by Alvo Drug Co., in Avoca by O. E. Copes, in South Bend by E. Sturzenegger, in Greenwood by E. P. OF SCORES THERE WERE A SCORE

BUT THEY ALL WENT TO ONE SIDE WHILE THE OTHER SIDE GOT NONE.

TEN MADE IN TWO INNINGS

Rip Track Boys Won in Lop-Eared Game—Everybody Got Their Money's Worth—Free.

From Thursday's Daily. Last evening marked the playing of the second of a series of semi-weekly ball games between the different teams comprising the newly organized Burlington shops league. The game was between the freight department, or "Rip track" boys, and the coach shops aggregation.

Called a trifle late, it was played with as much speed as was consistent with the large number of scores made, although there was considerable time lost between half innings by practice-throwing among the players of the "out" team. This delayed the game and made the crowd impatient. All in all, however, there is not much complaint on this score. C. A. (Mose) Robeson umpired the game and his decisions were generally satisfactory to all.

The freight department was first to bat and rip, rip, rip went the ball as the heavy hitters from the "rip track" came up to bat. They improved the fact that they were given the inning by making five scores, and leaving a man out third. These five initial runs were made by Maserer, Ruckner, Mann, Rhoades and Payne, while Marshall was caught on first base. Ault went out on a fly and Neitzel was fanned. Hule was left on third. This gave all the men an opportunity to get a swing at the sphere.

With the coach shops in the last half of the first inning, Wooster was caught at first, Price struck out and Kallina went out on a foul. In the second inning for the coach shops, Craig was caught at first, McKinnon struck out and a fly caught Glace. In the third inning Marshall was struck out, Howe failed on first and Long succumbed to a fly. This, or similar experience was three repeated during the nine innings of the game and at no time did a coach shop player see past second base.

With the "rip track" huskies, the tale was different. They scored at least one score during all but two of the nine innings, and as related above made five runs in the first, while they repeated the performance in the sixth. In the fourth and ninth they made three and in the seventh two. Their total number of tallies at the end of the game was found to be exactly a score of scores.

Long pitched the game for the coach shop team, while Neitzel did the pitching for the victorious "rip track" nine.

Next Monday night the freight department had the blacksmiths related to cross bats. This will be the blacksmith's first game since the league was organized, but it will be recalled they defeated the machinists in a pre-season game that ran 13 innings one night last week! A much better game than that of last night is looked for.

At the close of the game last night opportunity was given those who desired to do so, of donating something to a fund to be used for the purchase of balls, bats and other necessary paraphernalia and a right smart sum was realized.

The returns by innings are: Freight Dept. 5 0 1 3 1 5 2 0 3—20. Coach Shops 0 0 0 0 0 0 0 0 0—9.
