RETURNS FROM HOSPITAL IN OMAHA THIS EVENING

From Tuesday's Daily. John Rohrdanz, of west of Myrard, was a visitor in Plattsmouth this morning, taking the afternoon Burlington train for Omaha, where he goes to meet and accompany his daughter, Miss Vera, home. She has been in a hospital in Omaha for some time, where she underwent an

REO No Imitation Can Be As Good as the Original WE DON'T LIKE TO KEEP harping on the fact that Reo was a pioneer in this industry—so many of the pioneers have failed to keep pace with the progress. BUT IT JUST IS a fact, and, as the science of automotive engineering and manufacturing progresses, somehow you always see Reo in the van. ULTRA CONSERVATIVE in some regards we are considered, by the more adventurous in the industry. For example, we still adhere to the policy of doing all our experimenting at our own expense—not our customer's! AND WE NEVER adopt as a part of our standard product or offer to a buyer, any feature of which we are not absolutely sure. THERE'S A DIFFERENCE between courage and daring. DARING is taking chances and depending on bull luck to get through. COURAGE is the propensity to assail obstacles when sure of the ground—after the most careful survey of conditions and with a full knowledge of its difficulties. REO IS COURAGEOUS in that sense. If our engineers have convinced themselves that a certain principle is right, our sales department is perfectly willing to meet any opposition to convince you of its superiority. SO YOU SEE Reo is conservative—but progressively conservative. J. E. Mason—Plattsmouth Garage Plattsmouth, Nebraska

JOSEPHINE UHLRICH GOES HIGHER WITH GAGE BROTHERS

From Monday's Daily. Miss Josephine Uhlrich, who we made mention of last spring as going down to New York with one of the large millinery houses to prepare herself for a position at the very top of the millinery line, has now returned to Chicago. She is still in the employ of Gage Brothers and now located in one of their large stores on Michigan Ave. Her position is that of a designer, and in charge of a large circle of co-workers for this large millinery establishment. Her many Plattsmouth friends will be pleased to learn of her success in her chosen line of work.

JOSEPH J. STANEK ARRIVES FROM FRANCE

From Monday's Daily. Joseph J. Stanek, who has been in France for about nine months, but

who was in the service for about two years returned home last week, having just been discharged from the service at Camp Dodge. He returned to the states on June 27th, but did not get his discharge until the 2nd of July, although that is speedy as compared to the length of time after arrival in the U. S. it takes some of the boys to get out. Joe says he is sure glad to get back to the United States and that he would not trade Plattsmouth for the entire country. People live there, he says, but it is not like the United States nor are the customs of the people. All they desire is to get a loaf of rye bread and a little to drink. He declares that France is certainly behind this country in everything.
