FRED P. BUSCH, MANAGER

### THEY ALL HAVE THE FEVER.

From Saturday's Daily.  
This morning we noticed a crowd of boys, young Americans, the citizens of tomorrow, assembled in the park near the Burlington passenger station, where the shade was the thickest, and were playing ball. They did not have a bat, nor enough to fill the bases, no ball, no mask, no catching gloves, nor any accoutrements of the game, but had an improvised ball in a "Bull Durham" smoking tobacco sack, which they had stuffed with some soft material, with which to distend and add weight to it, and the pitchers, tossed the sack which was struck at with the hands and if a strike was made away the little urchin went, and all that was necessary to put him out was to soak him with the bag. They seemed to be having about as much fun as the bigger boys with real balls, bats, mits and lung protectors.

### IN COUNTY COURT TODAY.

From Saturday's Daily.  
The matter of the estate of the late Margaret Applegate of near Union, was given a hearing before County Judge Beeson this morning. Mrs. Grace Applegate, of Union, and Carl C. West, of Wyoming, being interested in the hearing. Attorney C. L. Graves, of Union, was also in attendance at the hearing.

### JUST ONE-HALF DOZEN OF THEM

From Saturday's Daily.  
This morning John T. Porter of southwest of Nehawka, was in the city for a short time, coming up in his car, and being accompanied by his five sons, Howard, Forest, Athol, Floyd and Harry. They making a healthy crowd, and a fine looking

lot of young men. This makes an even half dozen men at that household, and the mother and three daughters making the remainder of the household. This makes a good family, the parents with the eight children and while John and his wife and probably the children all are good democrats, they are working in line with the Roosevelt idea, of preventing race suicide.

While in the city Mr. Porter called at this office and advanced his subscription to the Journal. He had not been in the city for some time, and we were pleased to meet him and the five other young men. Call again gentlemen.

### WILL SPEND SOME TIME IN WEST

From Saturday's Daily.  
Mrs. G. E. Fingerson and little daughter, who have been staying at the home of her parents J. H. Donnelly for some time past, departed this afternoon for Denver, or rather Ft. Logan, which is a suburb of Denver, at which place Lieut. Fingerson is stationed, and where they will make their home. Mrs. J. H. Donnelly departed with her daughter and granddaughter and will visit there for a month.

### SOON BE READY TO HARVEST.

From Saturday's Daily.  
Phillip Hill from south of Cedar Creek was a visitor in the city this morning driving in to look after some business and is just about completing his harvest. Phillip will soon have his threshing machine in the field and ready to care for the threshing of the abundant harvest which have blessed the country this year.

## PAINTED PORTRAITS FOR ST. JOE HOSPITAL

J. D. V. PATCH OF THIS CITY AN ARTIST OF MUCH RENOWN AND ABILITY.

### HE AND WIFE VISITING THERE

Will Spend Ten Days With Friends Whom They Knew Thirty Years.

From Saturday's Daily.  
J. V. D. Patch and wife departed last evening via the Burlington for St. Joseph, Mo., where they will spend some ten days visiting with friends of former years. This goodly couple spent some thirty years of their life in that city and have hosts of friends there, whom they desire to visit. Before coming to this city to make their home, something over a year ago, Mr. J. V. D. Patch, who is a portrait painter, painted the portrait of the Rev. J. J. Bentley of the Methodist church, and who has been a presiding elder of that church for many years, but relinquished the ministry to establish the first protestant hospital at that city the Ainsworth hospital which he was the president of for a number of years. Somewhat of a ceremony was had at the unveiling of the portrait some time since. Since the wife of Rev. Bentley has died, and the Methodist ladies of St. Joseph have had Mr. Patch paint a portrait of her to grace the walls of the building beside that of her husband.

Mr. Patch and wife are taking the portrait with them, for that purpose.

## BOY'S TROUBLE COST MOTHER THOUSANDS

Suffered Since He Was Two Years Old—Gains 16 Pounds On Tanlac—Now Well and Strong.

"My nephew, James Hogan, who is fifteen years of age, has gained sixteen pounds on Tanlac and is now a robust, happy boy after thirteen years of awful suffering," said Miss Maggie Goldsmith, 280 Henry Ave., Memphis, Tenn. Miss Goldsmith has been connected with the Joe L. Ullathorne Seed Co., of that city for twenty-seven years and is a stockholder and director in the company.

"Ever since James was two years old," continued Miss Goldsmith, "he has been afflicted with stomach trouble. Two or three hours after eating, especially the evening meal, he would begin to complain of severe pains in his stomach which would increase until he would go into convulsions. These spells would come on five or six times a month and last about thirty minutes and he would be unconscious for an hour. Some said he had heart trouble and others said it was vertigo. His condition kept him down to almost a skeleton and it was pitiful to see him as he suffered.

"His mother took him to St. Louis, and many other places for treatment, and we spent thousands of dollars trying to find some relief for him but it was all to no avail.

"But all that awful load of anxiety and worry has been lifted. James is now a well and happy boy and is going to school, and a few bottles of Tanlac did it. He always complained of having to take other medicines, but he seemed to like Tanlac and since taking five bottles he is sixteen pounds heavier and doesn't look like the same boy. He wants to eat all the time and can eat anything without it hurting him. It makes us rejoice to see James well and stout and enjoying life like other boys. We are willing to give our unqualified endorsement for Tanlac."

Tanlac is sold in Plattsmouth by F. G. Fricke & Co., in Alvo by Alvo Drug Co., in Avoca by O. E. Copes, in South Bend by E. Sturzenegger, in Greenwood by E. F. Smith, in Weeping Water by Meler Drug Co., in Elmwood by L. A. Tyson, in Murdock by H. V. McDonald, in Louisville by Blake's Pharmacy, in Eagle by F. W. Bloemenkamp, and in Union by E. W. Keedy.

### IS BUILDING A NEW HOME

From Saturday's Daily.  
Miss Nettie Moore is having a new modern bungalow constructed on the north side of the street facing Garfield park, making a most elegant place for a home, despite

the fact that it is elevated a good distance above Main street. There will be an abundance of pure air and sunshine and no danger of food water filling the cellar. Another nice feature of the location in this particular instance is its closeness to the Burlington shops, where Miss Moore is employed, as well as to the business portion of the city.

The new home is being built by Bert Coleman, the contractor.

### ASBURY JACKS OUT AGAIN.

From Thursday's Daily.  
Asbury Jacks who was injured last Monday evening while coming through the subway, is able to be down town this morning for the first time, and is feeling pretty sore yet, being just able to get around. He feels that there is a great deal of reckless driving being done about the city, the laws should be enforced as regards the regulation of the auto traffic.

## WIRE BILL IS SIGNED BY THE PRESIDENT

ACT TO RETURN WIRE LINES TO PRIVATE OWNERSHIP BECOMES EFFECTIVE AUG. 1.

### APPROPRIATIONS APPROVED!

Careful Consideration Being Given to Many Petitions for and Against Repeal of Daylight Saving Law.

Washington, July 11.—President Wilson had another busy day Friday. He spent many hours in his office working on business which accumulated while he was returning from Paris, conferred with two cabinet officers and late in the day signed the army, navy, deficiency and District of Columbia appropriation bills and the resolution repealing the act under which the telephone, telegraph and cable companies were taken over during the war.

The president had before him the agricultural bill with its rider for repeal of the daylight saving law and the huge sundry civil measure with appropriations for the shipping board and the campaign against bomb throwers and other radicals. Many petitions both for and against repeal of the daylight law were before the president and he was reported as giving this matter much thought.

**Appropriations Retroactive.**  
All of the appropriation measures signed by the president became law immediately with the appropriations retroactive to July 1, but the wire resolution does not become effective until the end of the month, when the properties will be returned to their owners. Under the resolution interstate telephone rates established under government control will remain effective for four months unless sooner modified by state rate making bodies.

President Wilson began the day with an early morning round of golf with Mrs. Wilson at a country club course near the capital. Returning to the white house, he spent more than an hour at his desk and then made an unexpected visit to the state, war and navy building to confer with Acting Secretary Polk at the state department and Secretary Daniels. The president remained in Mr. Polk's office for more than an hour.

**Polk to Leave July 21.**  
He had with him a package of official papers and while no announcement was made, it was said that the Mexican situation and peace conference affairs were among those the president had desired to discuss. Mr. Polk will leave for Paris July 21, to replace Secretary Lansing as the head of the American peace delegation. Mr. Lansing will arrive in New York July 19, and will confer with Mr. Polk before the undersecretary starts overseas.

Leaving Mr. Polk's office, the president called on Secretary Daniels and remained half an hour. After returning to the White House, Mr. Wilson was busy until late in the afternoon, when he and Mrs. Wilson went for an automobile ride.

No engagements were made for the president during the day, but he was represented as holding himself in readiness for conferences with members of the senate foreign relations committee and other senators who might desire to discuss the peace treaty.

### URGE ESTABLISHMENT OF MUNICIPAL MARKETS

Denver, July 11.—With a declaration that "the high cost of living, the high cost of justice and the outrageously high cost of everything is the paramount issue in the world today," the convention of the Brotherhood of Locomotive Firemen and Enginemen adopted a resolution urging establishment of municipal markets and cold storage houses to deal in necessities and thereby to eliminate the profits of the "middleman." The resolution attacked the big packers, alleging control of food products.

### STUNT FLYER KILLED

Lawton, Okla., July 11.—Lieut. Charles W. Stell, Brownsville, Tex., was instantly killed at a flying circus Friday when his airplane fell from a low altitude. Stell met his death while doing "stunts."

Mr. Burbee is too well known to need any introduction to the people of Cass county and is known to be a high class automobile mechanic and garage man and will without any doubt have all the business he can attend to from the very start. Mr. Burbee will for the present have his brother and his son assist him in the business. Mr. Burbee has secured a five year lease on the garage which is a splendid new building and has also secured an option for the purchase of the garage building.

Success to Mr. Burbee.

This afternoon a jolly crowd of Plattsmouth people departed for the west and will spend some ten days in the great outdoors of the Rocky Mountains, seeing Denver, Colorado Springs, will endeavor to climb Pikes Peak, and see all the wonders which the mere ten days will permit. The party consisted of A. L.

Brown and wife, G. H. Black and wife with their two daughters, Leslie McKinney and wife and their children, Beatrice, Bernese and Ray Herring. They will expect to visit all the places possible and will have a general good time while away. It is cool in Colorado, and an excellent place to spend a week or so.

### MRS. RICHARDSON IMPROVING.

From Saturday's Daily.  
Mrs. Gladys Richardson former citizen of this place, but now making her home at Omaha, has undergone two severe operations at the University hospital at Omaha, just recently, and was critically ill after the ordeal, but is reported as getting along some better at this time, and has hopes of recovery.

### HAVE SOME MONEY COMING.

From Saturday's Daily.  
The old saying that one has to die to beat the insurance company is being disproven every day. Asher Clark, formerly of this city, but now engaged in the grocery business at Los Angeles, is receiving from the Woodmen of the World some \$200 per year dividends, and has done so for the past five years. B. S. Ramsey, of this city, is receiving one-half as much each year, his policy being written for a smaller sum. In October William Rishel will commence drawing \$200 a year, which is not half bad.
