LAD BURNED BY EXPLOSION IS IMPROVING

CASE DECLARED NOT TO BE AS SERIOUS AS WAS FIRST PRESUMED.

INJURIES WERE VERY PAINFUL

And Will Not Heal for Some Time—
Mistaken Rumor in Regard to Who Fired Engine.

From Friday's Daily.
John Hild, the fifteen-year-old son of Phillip A. Hild, who was burned Wednesday evening by the explosion of the boiler of a threshing engine belonging to Wm. Kaufman, is reported as making good progress, considering the seriousness of his burns, and it is hoped that he will soon be on the road to recovery, although it will be a matter of some time before the burns are entirely healed.

The boiler which exploded was one belonging to Mr. Kaufman and which had been left at the home of Mr. Hild when he had finished shelling corn there. In some manner the report became current that it belonged to Mr. Hild and had been fired by C. N. Cline, but this is incorrect, as Mr. Cline was in Omaha with Mr. Hild, they having gone up after some repairs for the threshing outfit on the day of the accident.

Mr. Kaufman had fired the engine up to take it home, as he desired to use it, and while he was preparing to pull out onto the road, John Hild came along and un hitched his team, allowing them to go to the barn, while he watched the men working around the engine. Just then the explosion came that resulted in his being badly burned and the boiler wrecked.

Fortunately it was for the young man that his injuries were not more

RETURNED FROM WEST.

From Friday's Daily.
August Nolting George Snyder and W. E. Rosenerans returned this morning from the western part of the state, after having viewed the small grain crop there and investigated prospects of the later ones to follow. They report prospects of a return many times commensurate with the work of cultivation.

The gentlemen also visited in the northern part of Kansas while away.

ARRIVED HERE YESTERDAY FROM NORWAY

From Friday's Daily.
Last evening Archie Bakke, wife and little son, arrived from Norway, where they have been visiting for some time at the home of his parents, and are now visiting at the home of his brother, A. D. Bakke, foreman of the work room at the Pollock garage. Archie has lived in Essex, Iowa, for three years, the same place his brother resided before coming to Plattsburgh to live, and he thought the time ripe for a trip to the old country with the war over and opportunity favorable.

RETURNED TO FORT RILEY

From Friday's Daily.
Ambrose Smith, who has been spending his furlough from the army at the home of Grover Will, and incidentally assisting with the harvest, departed this morning for his station at Ft. Riley, where he again takes up his duties as a soldier tomorrow. Mr. Smith is expecting to receive his discharge within the next few weeks.

WILL VISIT AT NIOWARA, NEB.

Ed Brubaker and wife left this morning for Niobrara, where they will visit at the home of Carl Hofacker and family, who moved there from this city last spring and who are engaged in farming with excellent prospects of a bumper crop. Mr. and Mrs. Brubaker plan to visit at the Hofacker home for several days.

ARE SPENDING THE DAY IN OUTING AT MANAWA

From Friday's Daily.
Messrs. and Mesdames Thomas Wiles and Levi W. Scott departed this morning for Lake Manawa, going in the car of Mr. Wiles, which is being driven by Mr. Scott. The recent accident in which Mr. Wiles' arm was broken rendered him unable to drive for awhile, which accounts for Mr. Scott taking the wheel.

WERE MARRIED AT THE PARSONAGE

From Saturday's Daily.
This morning Roy L. Brown and Miss Edith C. White, both of Omaha, came down in their auto, and at the office of the county judge received a marriage license, then returning to the home of Rev. H. G. McCluskey, they were united in marriage by the ring service. In a short time they were whirling away in the purring auto, towards Omaha, where they will expect to surprise their friends.

STATE CAN CONFISCATE.

From Saturday's Daily.
Judge Raper of Falls City in the district court held valid the new law passed at the last session of the legislature regulating the confiscation of automobiles engaged in the transportation of liquor into this state notwithstanding that they may be mortgaged. The question arose when the Robinson Cadillac Motor

We have never offered more serviceable or more attractive

Wash Skirts

You will want one or more of these smart garments; in gabardine, linen, pique and cordial—novelty patterns and plain white.

Each garment is tailored in first class fashion. Some of the styles are Shirred or pleated at the waistline, others have modest pockets, yokes and panels.

\$2.95 to \$10.00

CHAUTAUQUA WILL SOON BE IN SESSION

EVERYTHING IS IN READINESS FOR OPENING OF SUMMER ENTERTAINMENT.

BOB SEEDS, THE FUNMAKER

Is Scheduled to Appear the Opening Evening, Saturday, July 26th
—Buy Season Tickets.

From Friday's Daily.

The committee having in charge the matter of selling tickets for the Plattsburgh chautauqua, which is to open next Saturday, July 26th, is meeting with abundant success and those signing the guarantee for the assembly are encouraged that the attendance will be far in excess of what it has heretofore been.

The season ticket is the popular way of securing attendance, for it entitles the holder to the entire benefits of the chautauqua at a minimum of expense. Exclusive of the war tax, tickets for the day sessions of the course would amount to \$2.10, while the night sessions would cost \$3.00, making a total of \$5.10 for the six days' entertainment. Season tickets can be purchased for a little less than half this amount—\$2.50, exclusive of war tax. Thus is the economy of buying season tickets as well as the insurance of getting the benefit of the entire course at once apparent.

The first night Bob Seeds, the noted funmaker, is scheduled to appear on the program. He has a reputation of being able to make the proverbial cigar store Indian smile and even to produce a grin on the face of the most pronounced, straight-faced "non-laugh." Common, ordinary people will shout with merriment when he gets out his joke box in his address entitled, "The Way It Looks from the Road." Better come out the first night and hear him for you will be missing one of the best entertainments of the entire course if you don't.

Those contemplating an early visit from friends living out of the city are urged to invite them to come during chautauqua week. The programs are so arranged as not to interfere with housework and the entire family and its guests can enjoy a week of pleasure together.

If you haven't already seen them, you may be expecting a visit from the committee at an early date.

From Friday's Daily.

Last evening Archie Bakke, wife and little son, arrived from Norway, where they have been visiting for some time at the home of his parents, and are now visiting at the home of his brother, A. D. Bakke, foreman of the work room at the Pollock garage. Archie has lived in Essex, Iowa, for three years, the same place his brother resided before coming to Plattsburgh to live, and he thought the time ripe for a trip to the old country with the war over and opportunity favorable.

The other day he was threshing at the home of J. W. Tulene, and found it necessary to pass through the city. One of his men were arrested for driving over the pavement of Chicago avenue but released again, and told that he could not drive a threshing machine over the pavements. It is claimed there is an ordinance against it. Now what is he to do with the threshing machine, it is here and he would like to get it out of town. Looks strange that a machine for saving the harvest is forbidden passage of the streets and an auto which endangers people's lives runs from forty to sixty miles with impunity. It does look strange don't it now.

From Saturday's Daily.

This morning Mrs. Robert Shadrader received word of the death of her sister.

Chamberlain's Colic and Diarrhoea Remedy

This medicine always wins the good opinion if not the praise of those who use it. Try it when you have need of such a remedy.

METHODIST S. S. PICNIC A BIG SUCCESS

ANNUAL AFFAIR ATTENDANT WITH MUCH PLEASURE FOR YOUNG AND OLD

WHEN EVERY MOVE HURTS

To Participate in Sports and General Good Time—Supper Served On the Grounds.

From Saturday's Daily.

The annual picnic of the Sunday school of the Methodist church was held yesterday afternoon. The weather was ideal, just hot enough to make ice water and ice cream taste good. Several automobiles and two hay racks were required to haul the picnic party to the headquarters of the rifle range just north of the city.

A barrel of ice water was ready when they arrived. Swings were soon in commission and were patronized by youngsters and some older ones too, until time to take them down. A base ball game was under way when the supper call came and it was a question of stopping one good thing and starting another.

There were about 200 present and at least that many seemed to be having a royal good time. There was something to do every minute even during the ride out and back. No events marred the occasion and even the ball game ended without blows except a few good hits by some of the stars. Those who were there will have a fine afternoon to remember and those who were not will have a lost opportunity to remember.

Special mention should be made of the good work done by the Superintendent of the school, Don C. York, also Mrs. Hayes and Mrs. York, for planning and carrying out the affair so nicely. Thanks are likewise due to Jesse Perry and Frank Elliott, who got the water, ice, ice cream and other necessities to the grounds and to George Kaffenberger and Earl Babbitt, who took hay racks and hauled the party, as well as others who used their cars and helped in various ways. The success of the ball game is due to Mr. Kuykendall. He also kept everyone cool, for he furnished the ice.

Loss Of Appetite.

As a general rule there is nothing serious about a loss of appetite,

and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes.

Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken.

Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite.

When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's

Tablets will do it.

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Tower had. Foster-Millburn Co., Mfrs., Buffalo, N. Y.

WE WILL SELL NEW AND USED FORD CARS ON PART PAYMENT DOWN, BALANCE ON MONTHLY PAYMENTS AND WILL TAKE LIBERTY BONDS AT MARKET VALUE.

The Shepherd of the Hills is a good story that you will find on sale at the Journal office.

The Ford cars now have all the advantages that the large cars have always claimed and in addition the extreme low cost of upkeep and the advantage over all other cars in that in every city and town is located a Ford Authorized Service Garage, where large and complete stocks of Ford repair parts are always kept, and where a Ford owner can always get immediate service—no long waits to send to city or factory for repair parts as is the case with every car in existence except the "Universal Car"—the Ford.

With these additional refinements added the Ford car will be more popular than ever before and it will be impossible to fill all orders promptly, therefore we urge prospective buyers to place orders at once. First come, first supplied. The following prices are for the new Ford cars with complete Self Starter and Lighting equipment delivered to purchaser, full of gas and oil and ready for the road: Runabout, \$634; Touring, \$660; Coupelet, \$817; Sedan, \$947. Ton truck with farm stock and grain body (no starter), \$775.
